- Hello my good friends
- 
- I really wanted to call in to last weeks show "How I got my user name" but I was on a ferry in the middle of nowhere with no good reception.
- 
- Spatula6 has been my online persona for all of the internet time. Yes, 6 is my lucky number, so that's the easy part. The spatula part comes from the fact that my husband and I collect spatulas. We have about 200 of them hanging in our kitchen. Why? We got this obsession while watching Weird Al Yankovic's UHF

movie from the 80's. There is a satirical commercial for a HUGE warehouse where all they sell are spatulas- called Spatula City. They explain that a spatula is the perfect gift for any occasion and then show a couple at a romantic dinner with the voice over "what better way to say I love you, then with the gift of a spatula" and that was it. We give each other spatulas for almost every occasion. So I am Spatula6
