Fall 2019: 579	

Implementation of Professional Development and Curriculum:

Building PD Focus for 2019-20 School year:

- Grade Level PD will focus on implementation of new Bridges Math resources. This will be new Universal Instruction throughout the building in order to better match the district grade level outcomes.
- Grade levels will also be working on continued implementation during their PLC time as well as continued work around assessments and interventions to discuss student needs and best practices to meet the needs of ALL students.
- Building level professional development will continue to focus on PBIS implementation with students and building wide. This is a full building system for creating a focus on positive behavior and interventions.

Implementation Expectations:

- Northeast building and classrooms will be a welcoming and safe place for students, teachers will use strategies learned through PD to support positive behavior and following schoolwide expectations.
- Teachers will be implementing new math resources with fidelity, they will also be meeting and working with grade level teams to discuss research based interventions strategies to help all students succeed.

Current Happenings:

- During the month of January we focused on being Safe. In order to help remind students of our hallway and recess expectations after coming back from Winter break..
- The building is working on refining our Way to Go incentive system and working on their individual classroom system of rewards.

Northeast Happenings:

January has been a busy month filled with getting back into the groove of learning, and winter benchmark screening. Students and teachers are also preparing for the 100th day of school and 1st grade celebrated the 90th day (Halfway point) of the year.

Level 2/3 transition trips have begun. Mrs. Finn's 2nd graders went over to West for a tour on January 24th. We will be visiting each month until the end of the year. Parents are informed and invited to attend.
