

Rules of Submission

Please, read carefully the below “Rules of Submission” and send a signed version as an “image or “pdf” file.

الرجاء قراءة قواعد التقديم أدناه بعناية وإرسال نسخة موقعة بصيغة - pdf أو jpg

1. The submitted manuscript has results of original work carried out by the listed authors.
2. The manuscript has not already been published at any publisher, conference or journals.
3. The manuscript is not under review by another journal during the duration of the MICAP-2021 submission.
4. The submitted manuscript's contents, text, figures and tables have been taken from a thesis, dissertation and articles without obtaining the permission of the owner.
5. The manuscript must not exceed **5000** words in total, including references.

“Acta Physica Polonica A” prefers that the account of words be up to 3000.

6. Abstract must not exceed **250** words.
7. The text must be a single-column format using “Word or Latex” software.
8. All images and sketches must be high resolution with a format of JPEG, TIFF, or EPS for the Latex processor.
9. Title should be concise and informative, avoiding abbreviations such as CBD, which confuses the reader.
10. Use OriginLab program version 8.5 or newer for plotting the figures. The figure plotted by **Excel** is not accepted.
11. Use 12 pt font size and double space margins between lines.
12. Use equation wizard to write equations, and do not attach its image.
13. The supporting partners have to be acknowledged.
14. Please refer to MICAP-2021 above the title:

“Special Issue Submitted to the Mustansiriyah International Conference on Applied Physics (MICAP-2021)”

- When you submit your manuscript, you have thus agreed to all the conditions of the MICAP-2021 “Rules of Submission”.
