Abstract

[Written in English, Times New Roman font 12, italics, justify, 1 space, consisting of 150-200 words, containing the background of the problem, the urgency of writing, research methods (for research articles) and research results or conclusions].

Keywords*: [Written in English, Times New Roman 12, italic, consisting of 3-5 words or phrases. It should comprise the essential concepts of the manuscript, ending with a full stop (.)]*

A. INTRODUCTION

(Background)

Times New Roman 12, justify, 2 spaces, the first paragraph protrudes 6 taps writing sentences between paragraphs with no spaces (no before and after space). the background of the problem written either explicitly or implicitly must contain legal issues that are preceded by describing the actual problem that is the basis of the research accompanied by adequate references (citations). At the end of the background of the problem, the author must clearly state the formulation of the problem to be studied. The author is not allowed to provide subtitles in the introduction.

(State of the art of previous research)

Times New Roman 12, justify, 2 spaces, the first paragraph protrudes 6 taps, writing sentences between paragraphs with no spaces (no before and after space). The background must express the originality of this research compared to previous studies. Contains the state of art of previous research at least 3 articles. (Problem and Gap Analysis)

Times new Roman, 12, justify, 2 spaces, the first paragraph protrudes 1 cm, writing sentences between paragraphs with no spaces (no before and after space). Contains a description of the importance and or uniqueness of the article written compared to previous research. In addition, there must also be a research objective.

B. RESEARCH METHOD

For conceptual ideas without research methods. Times New Roman 12, justify, 2 spaces, contains 1 paragraph and begins with 6-tap indented writing. The research method must clearly contain the research method used, the legal materials used (if normative juridical research)/the data used (if empirical/socio legal juridical research), the approach used (if normative), the research location, informants, and respondents (if empirical), legal/data collection techniques, and data analysis techniques. Writing research methods does not need to use subtitles.

C. RESULT AND DISCUSSION

Times New Roman 12, justify, 2 spaces, each paragraph begins with writing indented 1 cm, writing sentences between paragraphs with no spaces (no before and after space). This chapter is the most important part of the article that contains a description of the problem or legal issue discussed. The discussion is organized in the form of subchapters. If there are two

problem formulations, then there are two discussion subchapters. The author needs to include adequate references (citations) to support the written discussion. Research results (scientific findings) and the discussion is explained scientifically, analytically, and critically. The description of the discussion is adjusted to the sequence of problems consisting of subchapters. Writing sub-chapter titles Times New Roman, font 12, bold, using Arabic numerals. The description of the discussion consists of sub-chapters.

D. CONCLUSION

Times New Roman 12, justify, 2 spaces, each paragraph and begins with writing indented 6 taps. Contains the conclusion of the answer to the problem formulation so that the writing is adjusted to the order of the research problem. The conclusion should follow the formulation of the problem raised, if 2 (two) problem formulations, then the conclusion should be enough 2 (two). After the conclusion, the author is obliged to provide suggestions (recommendations) for the results of the research.

REFERENCES

Writing a bibliography using the American Psychological Association 7th Edition style.

General Conditions of Writing:

1. Manuscripts can be in the form of research results or conceptual articles in the field of law.
2. Manuscripts can be written in Indonesian and English.
3. The font used in the writing guidelines for Jurnal Suara Hukum is times new roman, 2 spaces, 12 pt font.

4. Especially for writing article titles using Cambria font, 16 pt, bold, center, capitalize each word, and no more than 15 words.
5. Writing citations using Mendeley Reference Manager, Endnote or similar Reference Manager American Psychological Association 6th Edition style.
6. When referring to an article, the initial letter of the word "Article" is capitalized.
7. When referring to a verse, the initial letter of the word "verse" is written in lowercase letters and the verse number in parentheses. Example: paragraph (2).
8. Research articles and conceptual ideas are 5000-8000. Authors should avoid enumerative methods.
9. References must include the latest references (last 5 years) and must use primary sources/journals (at least 80% of all references are journals).
10. The abbreviation of the name of the legislation is left to the style of each author, as long as it is used consistently. The suggested form, for example, is "Law No. 30 Year 2014".
11. If in the direct quotation of a phrase, paragraph, or article formulation there is an omitted part, please indicate the omitted part with an ellipsis inserted in square brackets "[...]".
12. Authors are advised to avoid the enumerative method.
13. Academic degrees are not written in the bibliography.

If the author uses tables in his/her writing, then the tables are written with sequential numbers. The table writing format is as follows:

Table 1

Name of Table

No	Columns	Columns A	Columns B
1.	Abc	1	A
2.	Def	2	B
3.	Ghi	3	C

Sources: Central Bureau of Statistics (BPS), 2021

If images are used in the paper, they should be high-resolution and not broken when printed.

Supporting instruments such as tables and figures must also be accompanied by an analysis or explanation of the instrument and its relevance to the author's writing.

REFERENCES

In writing references, the author is required to use a Reference Manager (Jimly Asshidiqie, 2015). **The application can use Mendeley Reference Manager, Endnote or similar Reference Managers** (Ni'matul Huda, 2008). **References at the end of the article must be written in American Psychological Association (APA) 6th Edition**. (Duran, Vanroelen, Deboosere, & Benavides, 2016) All publications cited in the text must be included in the Bibliography, organized according to the Reference Manager used. (CEPP UI Team, 2015) References that can be referred to are all publications in the last 10 (ten) years, except for certain references that are considered quite important in the academic community/composition of the Bibliography must be 50% from national and international journals, theses, and proceedings; 50% of the Bibliography comes from books except Wikipedia and

personal blogs. (Shah et al., 2015). The use of this citation is only an example as a guide for authors (Ajis Halid, 2019).
