

ACMM Manuscript Submission Checklist

1. **Prior publication.** Has the manuscript been previously published (in this form or in another form with significant similarity or overlap)? Check all that apply.

☐ • No

☐ • Yes, previous publication: provide link, citation, and/ or other specifics

☐ • Yes, under consideration elsewhere: provide specifics

2. **Funding/Sponsorship.**

- a. Did your research and/or authors have funding or sponsorship?

☐ • No

☐ • Yes: provide funding details

- b. The Funding section of the manuscript includes the information you provided above

☐ • Yes

☐ • No. Explain why not below:

3. **Authorship.** All of the named authors meet the [journal's criteria for authorship](#), and all individuals who meet the criteria for authorship are named as authors.

☐ • Yes

☐ • No. Explain below:

4. **Use of artificial intelligence/large language models.** Was an artificial intelligence (AI)-based system used for any portion of the work?
(See [WAME](#) and [ICMJE](#) recommendations.)

☐ • No

☐ • Yes: Complete the following information:

a. Which AI-based systems were used? _____

b. Which portions of the work included AI input? Indicate each and for what specifically AI was used, including use of AI for research; editorial work (writing, editing, translation), referencing, design (making tables, figures, graphs and photos); and search, classifying, analyzing, or doing bibliographic studies.

c. Did authors review and revise the AI-generated outputs and text?

☐ • No

☐ • Yes: what changes were made to the outputs?

d. Were all the statements and references compiled by the AI-based system independently verified for accuracy?

☐ • Yes

☐ • No

e. The following information is included in the manuscript:

☐ • The abstract (if applicable) summarizes what portions included AI input

☐ • For a research manuscript: the Methods describe the ways in which AI was used in the study, including:

- queries that were used and the specific date(s) on which the queries were asked
- the AI-system used to answer the questions
- the parts of the research and/or manuscript affected, including research components, text, Tables, Figures, appendix/supplement, etc.
- If AI was used in studies involving humans, how AI use was disclosed to participants and how privacy/anonymity was preserved

☐ • For a non-research manuscript: the manuscript includes:

- queries that were used and the specific date(s) on which the queries were asked
- the AI-system used to answer the questions
- the parts of the manuscript affected, including text, Tables, Figures, appendix/supplement, etc.

Research Manuscripts

5. **Trial registration.** Has the study been registered in a clinical trial database listed in <https://www.who.int/clinical-trials-registry-platform>? (See ICMJE for [requirements and rationale](#).)

☐ • Yes: provide database and trial registration number _____

☐ • No. Explain below:

6. **Research Ethics.** (See also the [Declaration of Helsinki](#) and the [ARRIVE \[Animal Research: Reporting of In Vivo Experiments\] guidelines](#).)

a. Has the research been approved by an independent local, regional or national review body and/or animal ethics committee?

☐ • Yes. Provide the name of the committee and the institution:

☐ •No. Explain why not:

b. Did human participants provide written or oral consent?

☐ •Yes, written consent

☐ •Yes, oral consent. Explain why consent was oral rather than written: _____

☐ •No consent was obtained. Explain why not:

☐ •Animal research only

7. I, the corresponding author, attest that the information provided above is correct and complete. Corresponding author signature:
