

SB: Ambitious

Hi <Name>

I've recently come up with an ambitious idea that is going to help online business owners see a significant increase in their conversions and revenue....

YouTube's algorithm introduced me to your work, and after watching a couple of your videos, I was immediately drawn to the content you provide....

< Personalized Compliment>

I thought it would be pretty beneficial for you and your audience to apply this <Free Value> that I put together... And I believe, will skyrocket your sales for your < Product > ,

Are you interested in what I have in mind?

Best Regards, Agüero
