1.ext.alley. day

We see a gang of elves lounging in an alley we see them arguing over a wanted poster that they tear off of the wall. Jingle is sat stoically looking away from the group down the alley. In the background we hear the argument

Spoon

(Teasing tone)

**Hey you're right Rudolf's poster is mostly his nose so that's why your called Rudolf**

Rudolf

(In an aggressive tone to spoon)

**You what!? Wanna say that to my face?**

**Spoon**

(Gestures to elf 1)

**Hey! hey heyyyy I'm just saying his joke just louder**

Rudolf turns to the elf who was laughing approaching him as if he's going to hurt him. The elf raises his hands and shakes his head rapidly to say no. We see Spoon smile as he stands next to jingle he rubs his neck seeing the drama he has caused.

2.ext.alley. day

Spoon looks at jingle his smile fading slightly. Jingle turns to look at spoon to greet him with a nod before looking off again the act of turning his head triggers his bells making a loud jingle.

Spoon

**So still glumb about our last score boss?**

**Jingle**

**\*audible grunt\***

**Spoon**

**Riiight well hey could have been worse I could have been sober or that hobo could have had a dog with rabbies orrr there**

**could have been two cops who walked in on us during the score

annoyed jingle grabs spoon by the mouth to cut him off and raises his sword to spoons face. Staring into his eyes for a few moments before his eyes glance to someone walking into an alley. Jingle then points them out to spoon. They both look back at each other and grin. Spoon slowly lifts a bottle to up between them. Jingle rolls his eyes and pushes the bottle down.
