Senate Bill 7050 was passed on 4-28-23. You can see it here

1. Our voices are being silenced:

Only “official” information from governmental sources (which excludes volunteers) will be considered. (Revised line numbers as of 4-28-23: 1105)

2. Complete Data and Reporting Transparency

The citizens of Florida insist that complete transparency on all election data except for any personally identifiable information.

3. Non-US Citizens can continue to vote in Florida

- Current statutes do not require verification of citizenship when registering to vote
- In 2022, a statute was introduced requiring DHSMV to share reports on new driver licenses issued using non-citizen documentation to election officials
- Statute 97.053 needs to be updated to require verification that new applicants have not obtained their driver license using non-citizen documentation
- Statute 97.053 also needs to be updated to require enhanced DHSMV information sharing to identify non-citizens currently on the voter roll
- Current statutes insure anyone identified as ineligible is only removed with due process

Safeguards Needed to Insure Only Citizens are Allowed to Register and Vote

- **Driver's Licenses, State ID, and Social Security Numbers are Not Proof of Citizenship**
  - Florida driver's licenses and state ID are issued to non-citizens who can provide many forms of ID – foreign passport, green card, and even a notice of hearing from an immigration court
  - Type 2 and 3 social security numbers are issued to non-citizens

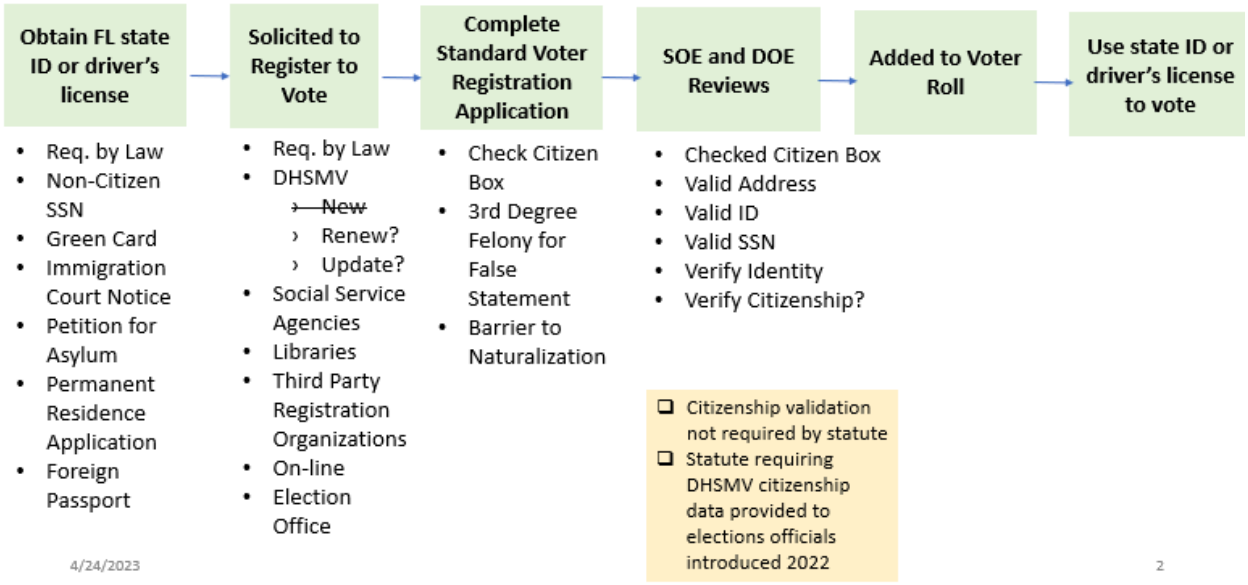

- **The Standard Florida Voter Registration Application Verifies Identity Using Driver Licenses, State ID, and Social Security Numbers And Does Not Require Proof of Citizenship**
  - Relies on applicant's affirmation of citizenship
  - SOE has no access to citizenship status information and cannot verify
  - Unclear if verified at state level (not required by statute)

- **All Florida Residents Including Non-Citizens are Offered Many Opportunities To Register to Vote Using the Standard Voter Registration Application**
  - Online, election offices, third party voter registration, social service agencies

How Non-Citizens May Register to Vote and Cast a Ballot in Florida

How Non-Citizens Can Register to Vote and Cast a Ballot in Florida

4. Why is the Voter's Address of "Legal Residence" stipulation being removed for election mail?

(Revised line numbers as of 4-28-23: 612)

713 mail sent to all registered voters in the county or identify
714 change-of-address information from returned nonforwardable
715 return-if-undeliverable address confirmation final notices

3 link to 1 page summary https://docs.google.com/document/d/1gbQrpjj0kk66dIWwqTX8-NF5tFeS8TdZbSBG_t4f4rM/edit

mailed to all registered voters who have not voted in the two preceding general elections or in any intervening election and who have not requested that their registration records be updated or confirmed, including their current address, or through voter activities, such as requesting a vote-by-mail ballot or signing a candidate or state or local petition during that time.

(3) ~~Address confirmation requests sent pursuant to paragraph (2)(a) and mail sent pursuant to paragraph (b) must be addressed to the voter's address of legal residence, not including voters temporarily residing outside the county and registered in the precinct designated by the supervisor pursuant to s. 101.045(1). If a request is returned as undeliverable, any other notification sent to the voter pursuant to subsection (5) or s. 98.0655 must be addressed to the voter's mailing address on file, if any.~~

Concern: The State of Florida is saying election material no longer needs to be sent to a verified legal residence. If you don't have or need a legal address, where is the ballot and other election material being sent? Do we want ballot material being sent to nonverified and illegal addresses?

Solution 1: add "legal residence address" to lines 715 and 719.

715 return-if-undeliverable legal residence address confirmation final notices
719 updated or confirmed, including their current legal residence address, or

Solution 2: Clarify that Commercial Mailboxes, Mail Forwarding Services or other business enterprises with a postal mailbox number without a valid legal residential address do not meet Florida standards of residency. Consider using Florida's In-State Tuition and Florida Homestead Exemption evaluations to determine legal residency.

Current Statute:
2219 military identification; student identification; retirement
2220 center identification; neighborhood association identification;
2221 public assistance identification; veteran health identification
2222 card issued by the United States Department of Veterans Affairs;

2224 employee identification card issued by any branch, department,
2225 agency, or entity of the Federal Government, the state, a
2226 county, or a municipality; or

Solution: Remove the following:
- Line 2219: "student identification, retirement"
- Line 2220: "center identification, neighborhood association identification"

6. Removing legislative oversight on Election Technology

Current law requires legislative review over election-related technology referenced in line 667 of SB7050. This review has been removed which reduces transparency.

675 conduct registration list maintenance activities. This paragraph
676 is subject to the Open Government Sunset Review Act in
677 accordance with s. 119.15 and shall stand repealed on October 2,
678 2023, unless reviewed and saved from repeal through reenactment
679 by the Legislature.

7. Hand counting should be permitted

The last sentence of Florida Statute 101.5604 requires counties to use tabulators: “A county must use an electronic or electromechanical precinct-count tabulation voting system.” This also places the financial burden of the tabulators on the counties.

Remove the mandate on counties to use tabulators by passing Amendment 6 to PCB SAC 23-01 (HB 7067). This amendment changes the last sentence to read, “A county may use an electronic or electromechanical precinct-count tabulation voting system or may count ballots by hand at the precinct level.”
