

Hello,

I have been a land surveyor with PWGSC in Montreal since 2001 and a PIPSC Steward since 2003.

As a Steward, I have contributed to a number of key changes in my workplace and strive to address various employee issues on a daily basis to find the best solutions for everyone.

I have been a member of the Real Property Labour Management Consultation Committee (LMCC-RP) and the Regional Labour Management Committee (RLMC) since 2004.

In addition, I have been a PIPSC regional representative at PWGSC since 2005 and Chief Steward of the NR Executive Group from 2009 to 2014 and 2019 until the present.

Regardless of the issue, I have always sought to resolve conflicts by finding solutions that ensure a more enjoyable workplace in the future.

Luc Thibodeau

PIPSC Steward since 2003
