

Life-long Learning Begins Here

GPB Education

Georgia Public Broadcasting provides unique digital resources and training for all Georgia educators and students at no cost.

Georgia Home Classroom

GPB, in partnership with the Georgia Department of Education (GaDOE), is offering broadcast programming and accompanying digital resources that adhere to Georgia's state standards.

GPB Education YouTube

Many of the videos from our resources are available as playlists.

Online Learning Resources for Grades 6 - 8

GPB EDUCATION

GEORGIA STUDIES COLLECTION (Social Studies)

A full collection for 8th grade with a teacher edition, student edition, virtual field trips, legacy video series, and review game.

VIRTUAL LEARNING JOURNEYS (Social Studies)

Journeys through Georgia's physiographic regions and Georgia history.

GPB EDUCATION GOOGLE ARTS & CULTURE EXHIBITS

Interactive versions of our virtual learning journey videos and images displayed as simplified scrolling exhibits.

LIVE EXPLORATIONS (STEM)

Take your students on rich and immersive learning experiences without ever leaving the walls of your classroom. From the Okefenokee Swamp to backstage at the Atlanta Symphony.

CHEMISTRY MATTERS/ PHYSICS IN MOTION (Science)

Full high school courses in chemistry and physics with alignment documents for middle grades.

LIGHTS, CAMERA, BUDGET (Personal Finance)

This game focuses on learning budgeting and personal finance skills aligned for 8th grade, based on creating Georgia's movie industry.

FAST FORWARD CAREER SHORTS (CTAE)

A series of exciting and deliciously cheesy STEM-based shorts showing students the many careers available across the state of Georgia.

GPB EDUCATION PROFESSIONAL LEARNING PLAYLIST (PD)

Nearly 30 of our digital sessions conducted by our education outreach team on almost any topic imaginable!

[PBS LearningMedia](#)

Hosting content across the Public Broadcasting System spectrum, PBS LearningMedia offers a searchable repository of digital collections (150K+) based on PBS shows. All resources can be streamed, shared, saved, and curated for an efficient and engaging instructional experience.

[Teaching Strategies](#)

Access hundreds of micro strategies from multiple organizations to deliver engaging instruction in the classroom, be it physical or virtual.
