RE: Letter of Recommendation for Steve Rader

To Whom It May Concern:

I enthusiastically recommend Steve Rader to you. It is a pleasure to work with someone that supports and encourages people to be their best selves and have fun in that process. As a gifted teacher and mentor, Steve Rader is such a person. I have known and worked with Steve for eighteen years. He has a true talent to lead, guide, and inspire both adults and youth.

Steve has volunteered countless hours in our community. He has a well-rounded list of experiences that would be an asset to any organization or team. As a volunteer facilitator at our district's STEAM (Science, Technology, Education, Arts, and Mathematics) student symposiums, Steve is a favorite presenter. His insights, practical tips, and great story telling abilities make the complex world of finance understandable and interesting to gifted middle school students. That is no small feat! Steve has a wonderful rapport with people which is evident in all his interactions. He has the rare ability to make each individual feel important and valued. Steve motivates his students to grow their leadership skills and potential.

Steve is dependable, conscientious, and a great communicator. He is respectful to all he encounters regardless of station, creed, or status. He is service-minded, results-focused, and an amazing addition to any team. He has improved our community through his service and leadership. I highly recommend him to you.

Please feel free to contact me with any questions at (360) 501-1949.

Sincerely,

J'aime Graff
