Everything I know To: AllFrom: Bill Cooper (#169)Date:
12/12/88 23:05:11 I have decided to come out of the closet and
let the UFO co
mmunity know everything that I know and have seen and that@my
sources have communicated to me over the last 1w years regarding
the UFO questio
n. I have uploaded the truth to several who have gained my trust
over the last few months. Those people are Tom Mickus, Don Ecker,
Stan Frie
dman, Bryon Smith, John Lear, and one other who`has chosen not to
be identified at this time. I am releasing this information at
this time to
the public and I am releasing those named people from their bond
of silence regarding the subject. Once you read the information
you will b
e clear on my past actions and on what I know. I know that this
will stir up much controversy and some bad (more) feelings on
some people's pa
rt. I do not wish this to happen. I hope that you all can come
to some kind of pact on sharing information as what I am releasing
is for t
he most part documented and in your hands but not shared. Some of
the information you have never had before and will provide serious
UFOlogis
ts with much fertile ground for research. I hope you all can
benefit and most of all I hope this helps to expose the whole
issue as quick as
possible. Merry
Christmas, Bill=====
=====When I released PUBLIC02.DOC my
purpose was to expose the documents and information released by
William Moore et al as being fraudulent and misleading. Indeed it
was. MAJES
TIC TWELVE is an advisory team of scientists who's only purpose is
to evaluate information and make recommendations. This team does
exist as a
scattered bunch of men who do not meet regularly as a group. The
information gathered by the control group MAJI is released to
MAJESTIC TWELV

```

E when study is needed. MAJESTIC TWELVE has never been given the whole truth. MAJI is the MAJESTIC AGENCY FOR JOINT INTELLIGENCE and has total control of information and interface with the aliens in dealings with the United States Government. Some of the documents released by Moore were changed from the original with the deliberate intent to mislead UFO researchers. I do not know who is responsible but I believe that the Government is behind the whole thing. The rest of the documents are deliberate frauds. I am releasing the truth which I have obtained from excellent sources within the intelligence community in order to set the record straight. MAJI is the sole agency in control and responsible for every past and present consequence of contact with the alien presence. MAJIC is the security classification of all projects and information connected with the aliens, their craft, their bases, and dealings with the United States Government. MAJIC means MAJI CONTROLLED. MAJIC is the highest security classification in the nation. The name of the overall project is GRUDGE and always has been. GRUDGE is the pro word for AQUARIUS and a few other projects as you will see when you read the rest of this file. The AQUARIUS document released by Moore which he claims was given to him by Mr. Graham was changed and I am including the reconstructed document as it was presented to me by one of my sources. I am also including all the information (in short form) that I presently have regarding the U.S. Government and the Aliens. This information has been reviewed by three different people who know the information but do not know each other and they have made some corrections to the document. If the information deviates somewhat from information that I have previously released it is due to those corrections. My previous information was from memory of documents seen over 16 years ago and I am pleased that my memory has withstood the rigors of time quite well. In case you doubt that I had the information previous to this release you may check with Stan Friedman, Tom Mickus, Don Ecker, John Lear, and Bryon Smith as I had given the information to them some time ago. Any document you see where I stated that MAJESTIC TWELVE was the control group was a test of Moore et al and was never to be posted or released publicly. The public posting of those documents was done by Jim Spieser against my wishes. He was told that the information was mixed as a test but he posted them anyway. They contain true and false information and should be ignored. The information contained in this file is true and correct to the best of my knowledge and to the knowledge of my sources. THIS IS THE ONLY F

FILE REGARDING THE GOVERNMENT AND THE ALIENS THAT I CAN HONESTLY SAY IS THE TRUE INFORMATION IN WHOLE AS I KNOW IT. It is backed by the John Lear Hypothesis, Paul Bennewicz's information, William Stienman's information, the Fenwick interview, and other bits of information which is in the hands of UFOLOGISTS. The test of time will prove this information to be true and correct. Nothing in this file contradicts my PUBLIC02.DOC.

This file should clear the air regarding my statements and actions thus far. In this file you will find information which you have never had before and it should open up numerous paths for SERIOUS UFO researches to explore. I have many documents and letters to back up this information much of which I have already released and much of which is the product of your own research. John Lear has in his possession many letters and documents which will also back up this file. William Stienman is another. I would also direct you to Don Ecker's SPOOK.DOC, and to bits of Moore's information (fraudulent though it may be it does contain some truth). The Fenwick interview is another source of information, along with the FEDEX files on Paranet Alpha. The letter from the man who participated in Project PLUTO is right on the money although he mistook the term PLUTO/POUNCE as being project PLUTO that he worked on. He was a part of POUNCE which comes under Project PLUTO thus PLUTO/POUNCE. The first word is always the P word and parent project while the second word is the project itself. Another FEDEX file contains the account of a man who worked at AREA 51 in Nevada and stumbled upon Project REDLIGHT. The correct name is GRUDGE/REDLIGHT. If you would stop calling people names and put ALL your information together from ALL your different files you will see that this information is all there for you to see and verify from different sources who neither know each other or even know about each other in most instances. Most of the UFOLOGISTS that I have seen and talked to in person, on the phone, or by computer seem to like to talk much more than do honest research. It is all there and all you need to do is put it together. I must admit that I had a much easier time of it having seen the information and having excellent sources. I knew what to look for, but at least I looked. William Moore must know much more than he lets on. He has to know something other than the phony information that he has released or he would not go to such pains to alter the information (by his own admission). I cannot believe that he has been so completely duped after having read "The Roswell Incident".

PROJECT

AQUARIUS(TS/ORCON) (PROWO

RD): GRUDGE Contains 16 volumes of documented information collected from the beginning of the United States' investigation of Unidentified Fl

ying Objects (UFOs) and Identified Alien Crafts (IAC). The Project was originally established in 1953, by order of President Eisenhower, under

control of CIA and MAJI. In 1960, the Project's name was changed from Project SIGN to Project Aquarius. The Project was funded by CIA through

non-confidential funds (non-appropriated). The Project assumed full responsibility for investigation and intelligence of UFOs/IACs Dec 1969 after

Project Grudge/Blue Book was closed. The purpose of Project Aquarius was to collect all scientific, technological, medical and intelligence information from

UFO/IAC sightings and contacts with alien life forms. This orderly file of collected information has been used to advance the

United States' Space Program. (TS/ORCON) The preceding briefing is an historical account of the United States Government's investigation of

Aerial Phenomena, Recovered Alien Aircraft, and contacts with extra-terrestrial Life Forms.

THE

PROJECTS UNDER PROJECT AQUARIUS 1. (TS/ORCON) PROJECT PLATO:
(PROWORD: AQUARIUS)

Originally established as part of Project SIGN in 1954. Its mission was to establish diplomatic relations with Aliens. This Project

was successful when mutually acceptable terms were agreed upon. These terms involved the exchange of technology for secrecy of Alien presence

and non interference in Alien affairs. Aliens agreed to provide MAJI with a list of human contacts on a periodic basis. This Project is continuing

at a site in New Mexico. 2. (TS/ORCON) PROJECT SIGMA:
(PROWORD: AQUARIUS) Originally established as part of Project SIGN in 1954.

Became a separate project in 1976. Its mission was to establish communication with Aliens. This Project met with positive success (sic) when

en in 1959, the United States established primitive communications with the Aliens. On April 25, 1964, a USAF intelligence officer met with A

liens at Holloman AFB, New Mexico. The contact lasted for approximately three hours. After several attempted methods of communicating the intelligence officer managed to exchange basic information with the Aliens (Atch 7). This Project is continuing at a site in New Mexico.3. (TS/

ORCON) PROJECT REDLIGHT: (PROWORD GRUDGE)

Originally established in 1954. Its mission was to test fly a recovered Alien aircraft. First

attempts resulted in destruction of the craft and death of the pilot. This Project was resumed in 1972. This Project is continuing in Nevada

a.4. (TS/ORCON) PROJECT SNOWBIRD: (PROWORD REDLIGHT)

Originally established in 1954. Its mission was to develop, using conventional tech

nology, and fly a flying saucer type craft for the public.

This Project was successful when a craft was built and flown in front of the press

. This Project was used to explain UFO sightings and to divert public attention from Project REDLIGHT.

THIS PROJECT IS ONGOING AT WX DIVISION, LANL, LOS
ALAMOS, NEW MEXICO, AND IS STILL IN
DEVELOPMENT.-----

-----ALIEN CRAFT-----THESE ARE FLYING
CRAFT WHICH USE GRAVITY AND ELECTRO MAGNETIC FIELDS
TO FLY.
I REALLY DID NOT UNDERSTAND THE PRINCIPLE BUT
SOMEHOW GRAVITY CAN BECOME ELECTRO- MAGNETIC ENERGY
AND THAT IS TH
E ONLY WAY THAT I KNOW TO EXPLAIN IT. THE CRAFT
HAS AN ATOMIC REACTOR ON BOARD ABOUT THE SIZE OF A
FOOTBALL. T
HE CRAFT CAN "CLOAK". THE WAY I UNDERSTOOD IT IS
THAT IT BENDS LIGHT RAYS (AND CAN DO THE SAME WITH
RADAR) SO TH

AT YOU LOOK AT THE CRAFT AND SEE ONLY WHAT IS
 BEHIND IT. THEY CAN DO THIS WHEN THEY DO NOT WANT
 TO BE SEEN. A
 LOT OF THE TECHNOLOGY OF OUR STEALTH BOMBER CAME
 OUT OF THIS. A LOT OF THE INFORMATION REGARDING
 THE ALIEN CRAFT
 THAT I SAW HAD A LOT TO DO WITH EINSTEIN'S THEORY
 OF RELATIVITY. THERE WAS A LOT OF INFORMATION
 REGARDING SPACE
 /TIME "FOLDS". MY EDUCATION WAS NOT EVEN IN THIS
 BALLPARK SO I REALLY CAN'T TELL YOU MUCH BUT I
 LEARNED THAT TH
 EIR CRAFT ARE NOT ALL THAT STABLE IN AIR (THAT'S WHY
 SO MANY CRASH) BUT ARE STILL ABLE TO DO THINGS THAT
 WE HAVE
 ONLY DREAMED OF. THEY CAN TRAVEL THROUGH SPACE
 ACROSS/THROUGH A "FOLD" IN A VERY SHORT TIME.-----

 -----ALF-----
 ----- ALF IS THE ABBREVIATION FOR "ALIEN LIFE FORM". THIS IS
 THE ONLY TERM THAT I HAVE SEEN USED TO DESCRIBE THE
 ALIENS. THE ALIEN LIFE FORMS ARE "MALEVOLENT"
 (DANGEROUS). THEY REQUIRE BLOOD AND OTHER BIOLOGICAL
 FLUIDS
 TO SURVIVE. YES THEY DO LIKE ICE CREAM (NO JOKE)
 BUT THEY CANNOT LIVE ON IT. THEY ABDUCT HUMANS AND
 ANIMALS TO
 PROCURE THESE FLUIDS. THE ALIEN LIFE FORMS ABDUCT
 HUMANS AND IMPLANT A VERY SMALL DEVICE/DEVICES IN
 OR NEAR TH
 E HUMAN BRAIN WHICH GIVES THEM TOTAL CONTROL OVER
 THAT HUMAN. THE IMPLANTS ARE VERY DIFFICULT TO
 DETECT BUT CAN
 BE DETECTED. THE DOCUMENTS STATED THAT ALL
 ATTEMPTS TO REMOVE THE IMPLANTS HAVE RESULTED IN THE
 DEATH OF THE P
 ATIENT (1972). THEY PERFORM SURGICAL OPERATIONS ON
 HUMANS. THEY COLLECT SPERM/OVA AND OTHER
 BIOLOGICAL SAMPLES
 FROM HUMANS. THE PURPOSE OF THIS HAS YET TO BE
 DETERMINED. THESE ABDUCTIONS ARE ONGOING. A LIST
 OF ABDUCTEES
 IS PROVIDED BY THE ALIENS TO MAJI ON A PERIODIC
 BASIS. THE ALIEN ALSO CLAIM TO HAVE PLAYED A VERY
 SIGNIFICANT
 PART IN THE WORLD'S RELIGIOUS HISTORY AND HAVE
 PROVIDED MAJI WITH SUPPORTING EVIDENCE. (See
 description at the e
 nd of this
 document.)-----

 -----UFO/IAC-----UFO IS
 UNIDENTIFIED FLYING OBJECT AND CAN BE ANYTHING
 UNIDENTIFIED BUT US
 UALLY REFERS TO SUSPECTED ALIEN CRAFT. IAC IS
 IDENTIFIED ALIEN
 CRAFT.-----

-----BLUE BOOK-----THIS WAS AN
AIR FORCE
UFO/ALIEN INTELLIGENCE COLLECTION AND
DISINFORMATION PROJECT. THIS PROJECT WAS
TERMINATED AND ITS COLLECTED
INFORMATION AND DUTIES WERE ABSORBED BY
PROJECT AQUARIUS. CLASSIFIED REPORT NAMED
"GRUDGE/BLUE BOOK
REPORT NO. 13" IS THE ONLY SIGNIFICANT INFORMATION
DERIVED FROM THE PROJECT AND IS UNAVAILABLE TO THE
PUBLIC.
(FROM WHAT I READ FROM BILL ENGLISH IT SEEMS
THAT HE REALLY SAW THIS REPORT AS HE DESCRIBES THE
SAM
E INFORMATION THAT I SAW IN "GRUDGE/BLUE BOOK
REPORT NO.
13.)-----

-----MALEVOLENT ALIEN LIFE FORM
(ALF) DESCRIPTION
The typical MALEVOLENT (ALF) as represented thus far can be described as follows:
1. Between 3 to 5 ft. in height.
2. Erect standing biped. Long thin legs. 3. Small build (thin).
4. Head larger than normal (to human proportions).
5. Absence of auditory lobes (external earlobes). 6. Absence of body hair.
7. Large, tear shaped eyes, opaque black with veretrical slit pupils (cat's eye).
8. Eyes slanted approx 35 degrees 9. Small straight mouth, thin lips.
10. Arms resemble praying mantis (normal attitude).
Arms reach to knees (extended). 11. Long hands (small palm)
12. Claw like fingers, two short, two long. (webbed)
13. Tough, gray skin, reptile like in texture.
14. Small feet, 4 small claw like toes.
15. Some Organs are similar to humans but developed in a different evolutionary process.
16. The most significant finding is that they have a Nonfunctioning digestive system and two separate brains. Digestive system in those examined were atrophied. Conforms to absence of provisions in recovered craft. (Preliminary finding)
17. Movement is deliberate, slow, precise. 18. (Secondary finding after study) Alien subsistence requires that they must have human blood and other human biological substances to survive. In extreme circumstances they can subsist on other animal fluids. Food is converted to energy by chlorophyll through photosynthesis and waste

products are excreted through skin. (Did they
evolve from plant life? Not known at this time.)
These creatur
es possess two separate brains separated by mid
cranial lateral bone partition (anterior brain -
posterior brain)
with no apparent connection between the
two.-----
-----GUEST-----
----ALIEN LIFE FORM HELD PRISONER IN AN AREA KNOWN AS THE ICE
CAVE AT LOS ALAMOS, NEW MEXICO. THERE WERE ORIGINALLY 16
CAPTIVE ALIENS HELD AT THIS LOCATION. 15 HAVE DIED. THE
ALIEN "GUESTS" FURNISHED EXTENSIVE INFORMATION ON THE
ALIENS AND THEIR HISTORY WHICH IS KNOWN AS THE "YELLOW
BOOK". THESE "GUESTS" WERE INDEED FED ICE CREAM AND LIKED
STRAWBERRY ABOVE ALL OTHER FLAVORS. THESE ALIENS WERE
HELD IN EXCHANGE FOR 16 HUMANS WHO BECAME "GUESTS"
OF THE "
ALIENS". NO INFORMATION REGARDING THE HUMAN
"GUESTS" IS AVAILABLE FROM ANY SOURCE. THE
"GUESTS" ENJOY MUSIC OF
A FAR EASTERN NATURE AND ESPECIALLY ENJOY MUSIC
WHICH ORIGINATES FROM TIBET. THEY POSSESS AN
EXTREMELY HIGH I
Q WHICH IS IN THE 200 RANGE. THEY HAVE A TENDENCY
TO LIE.--

-----RELIGION-----THE ALIENS CLAIM THAT MAN IS A
HYBRID CREATE
D BY THEM. THEY CLAIM THAT ALL RELIGION WAS
CREATED BY THEM TO HASTEN THE FORMATION OF A
CIVILIZED CULTURE AND
TO CONTROL THE HUMAN RACE. THEY CLAIM THAT JESUS
WAS A PRODUCT OF THEIR EFFORTS. THE ALIENS HAVE
FURNISHED PR
OOF OF THESE CLAIMS AND HAVE A DEVICE THAT ALLOWS
THEM TO SHOW AUDIBLY AND VISUALLY ANY PART OF
HISTORY THAT T
HEY OR WE WISH TO SEE. THEY CLAIM THAT O- BLOOD IS
THE PROOF OF HYBRIDIZATION AND OUR OWN SCIENCE
TENDS TO BEA
R OUT THEIR
CLAIM.-----

ROBERT'S STORY

Robeert _____, a young man in his early 20's came to
work at my shop as a temporary help during the 2nd week of
October 1986. The first day at work, he approached me asking
about my interest in the UFO phenomenon. Then he smiled,
paused, and waited for my reaction. I told him that I was
interested, particularly in the crash/recovery of saucers and

bodies of occupants. That I was secondly interested in the rumors pertaining to an "alien" and intelligence group alliance set up years ago.

He then told me he would reveal something to me pertaining to my second interest as mentioned above. He told me the following (condensed by me):

1. He was in the military headquartered with the 4th Engineering Group at Fort Carson, Colorado. Just got out 2 months prior to the date of telling me this.
2. He showed me a military I.D. card from Fort Carson and another with a strange checker board design on it.
3. He said he had a Super Top Secret clearance and worked as a laboratory assistant in southwestern Colorado associated with the Delta Group out of Fort Carson.
4. He witnessed cryogenic experimentation going on with human beings. This experimentation was conducted by both "aliens" and some Super Secret intelligence group.
5. "Some high ranking military and scientific personnel were taken down to cryogenic temperatures through a process of draining their blood and pumping a chemical mixtur into the circulatory system to prevent cell destruction during the freezing and thawing periods." "The "aliens" were the only ones who knew the mixture formula and the gradual thawing process. They at first refused to give the formula and process to the scientific team, and threatened to leave the above mentioned personnel in that cryogenic state forever unless the scientists cooperated on some certain issues."
6. He also told me about some "alien" technics concerning time travel, Dimensional travel, related to unified field physics.

After revealing these seemingly fantastic things to me over a 3 week period of time he quit the temporary job here. I finally found out that his father Robert _____ Sr. (Robert used to be Robert _____ Jr. before his father and mother divorced and he took the name of his mothers second husband, _____.) worked with me in the metal finishing department. The following was told to me by Robert _____ Sr. on Dec 16, 1986:

"On the evening of Wednesday, Dec. 3, 1986, my son Robert _____ called me via the telephone (he hadn't been home for over a week) he sounded as if he were scared to death. He said I have to go back to Colorado immediatly. I asked why. He said, The bounty hunters found me and told me that I had to go back with them to the base in Colorado because I know to much. I asked if there were any way he could beat them and get out of it? Robert stated, They said there is no way out. In fact the chief bounty hunter confronted me face to face.

Evidently Robert Jr. tried to beat the bounty hunters. His alleged body was found in room #5 of the Walls Motel in Long Beach, California, with a gun in his hand and a bullet hole through his head. Drugs were found in the room, but not in his body. (he was not the drug type).

The Long Beach Police Dept. investigated the case which ended very abruptly with no explanation. When I asked them why the case was closed so quickly, they snapped back, Its none of your business. The final autopsy report stated that the death was a drug related suicide.

I was not allowed to see the body for one solid week. I would call the police, they would say the body was at the funeral parlor. The funeral parlor would say we don't have the body. This went on back and forth for that one solid week. (Dec. 5th - Dec. 12th, 1986) When I was finally allowed to view the body, I immediatly could tell it was not him!! This body, alleged to be Robert _____, was about 20 Lbs heavier and about 3 to 4 inches shorter than my son. That was not Robert even tho the basic facial feature's were his.

One very significant thing that Robert stated to me before his alleged death was, Dad, they are comming to take me away. I will give you a code name _____ (only Robert and his father know that code name). If you receive a letter, telephone call, or by messenger, sometime in the future, this code name, you will know that I am alive. They need me for my special DNA, that is why I have to go back.

Robert has special Occult Powers and has an interest in witch craft. he says all of this UFO stuff is directly related to witch craft and the occult.

In February - April 1987 both Robert _____ Sr. and myself were under surveillance by what we considered an agent from the cover-up group. He went by the name of John Chunn. We finally confronted him face to face concerning all of this. Needless to say he quit work that day and never came back. Robert Sr. has been harassed several times by an individual who wanted Robert Sr. to go to the 4 corners area with him. On April 16, 1987, he said he would reunite him with his son. _____ backed out the last minute.

Later Robert Sr. was picked up by the police for no reason at all and held for one week. When he got back home he found out that his place had been ransacked.

On Nov. 9, 1987, a person riding a motorcycle and dressed like a biker approached _____ identifying himself as Lt. Reed or Reade and claimed that he had a Top Secret clearance and had access to the files pertaining to the projects that his son was still involved in. He said that he would place _____ in touch with Robert _____ and said he was working in an underground base. He said you cannot find this base on any maps or in any military directories.

Robert _____ was in the following unit.

HHC 4th STU BU
ABN
FBG 31905
Fort Carson, Colorado

His Commanding Officer was Capt. Dana __. _____

Well _____ there it is for what it is worth. You can get in touch with Robert Sr. at _____

(NOTE! All names addresses and phone numbers are in the original document and all of this information checks out with the Long Beach Police Dept. and with Robert Sr. whom I have talked to. The information was sent to a friend of mine in exactly this form and he forwarded it to me in exactly the form that I have typed it to disc. Bill Cooper)

Dr. Robert I. Sarbacher
President and Chairman of Board

November 29, 1983

Mr. _____

Dear Mr. _____:

I am sorry I have taken so long in answering your letters. However, I have moved my office and have had to make a number of extended trips.

To answer your last question in your letter of October 14, 1983, there is no particular reason I feel I shouldn't or couldn't answer any or all of your questions. I am delighted to answer all of them to the best of my ability.

You listed some of your questions in your letter of September 12th. I will attempt to answer them as you had listed them.

1. Relating to my own experience regarding recovered flying saucers, I had no association with any of the people involved in the recovery and have no knowledge regarding the dates of the recoveries. If I had I would send it to you.

2. Regarding verification that persons you list were involved, I can only say this:

John Von Neuman was definitely involved. Dr. Vannever Bush was definitely involved, and I think Dr. Robert Oppenheimer also.

My association with the Research and Development Board under Doctor Compton during the Eisenhower administration was rather limited so that although I had been invited to participate in several discussions associated with the reported recoveries, I could not personally attend the meetings. I am sure that they would have asked Dr. Von Braun, and the others that you listed were probably asked and may or may not have attended. This is all I know for sure.

3. I did receive some official reports when I was in my office at the Pentagon but all of these were left there as at the time we were never supposed to take them out of the office.

4. I do not recall receiving any photographs such as you request so I am not in a position to answer.

5. I have to make the same reply as on No. 4.

I recall the interview with Dr. Brenner of the Canadian Embassy. I think the answers I gave him were the ones you listed. Naturally, I was more familiar with the subject matter under discussion, at that time. actually, I would have been able to give more specific answers had I attended the meetings concerning the subject. You must understand that I took this assignment as a private contribution. We were called "dollar-a-year men". My first responsibility was the maintenance of my own business activity so that my participation was limited.

About the only thing I remember at this time is that certain materials reported to have come from flying saucer crashes were extremely light and very tough. I am sure our laboratories analyzed them very carefully.

There were reports that instruments or people operating these machines were also of very light weight, sufficient to withstand the tremendous deceleration and acceleration associated with their machinery. I remember in talking with some of the people at the office that I got the impression these "aliens" were constructed like certain insects we have observed on earth, wherein because of the low mass the inertial forces involved in operation of these instruments would be quite low.

I still do not know why the high order of classification has been given and why the denial of the existence of these devices.

I am sorry it has taken me so long to reply but I suggest you get in touch with the others who may be directly involved in this program.

Sincerely yours,

(SIGNATURE)

Dr. Robert I. Sarbacher

P. S. It occurs to me that Dr. Bush's name is incorrect as you have it. Please check the spelling.

JUNE 13, 1987

Dear Sirs,

Although I missed your very recent radio and tv shows, a friend suggested that I write this letter and share my information with you. I am fifty year af age engineer that has worked in the private sector, as well as with the government.

From 1975 to 1980, i was involved with several investigations having to do with E.T. material. Even though the project was very well covered, I am still very much surprised that Project Pluto and results have not surfaced yet.

In as much as the project was handled by others, there was no question that the government was in full control. For security purposes, Project Pluto had five levels. Those who investigated one level had nothing to do with the next, and would only turn in the results of data of these findings to the next level, then go on to another area.

No one that I knew ever had the results of two levels at the same time. There was only one very rare exception to the rule which took place in 1975, and was in fact my very first assignment with the project. I was employed by a non-government firm that of course was directly involved with the government, and probably fronted for them on the projects.

I would assume that eventually government records could be made available to the general public, but not from the private sector. I'm not really sure. In any event, several others and myself were rushed to a rather remote place in upstate Pennsylvannia.

We were informed that every thing was top secret, and had to

remain that way. We were even housed in a hotel close by, and security people were assigned to us. Some type of aircraft had crashed in this area, and the government felt that it would be easier and faster to do all of their investigation right there rather than to move the remains of the wreck, and whatever evidence the soil may contain.

The wreck site was rather difficult to get to, however, we turned it into a construction site, clearing the area, and building two small and one very large metal pre-fab buildings over and around the wreck. Heavy equipment, materials, and workers were flown in and out on a daily basis.

We were moved from the hotel to some mobile homes that were brought in for us, and many more top level people who joined us. I might add that the local people who still lived some distance from the site, were led to believe that a large private corporation was preparing to build an electrical power supply for the area. But it was off limits to everyone in the area.

We were some of the first ones on the scene other than lots of security people. The wreck had already been covered by very large canvas blankets, and large nets were tented over head to protect the site from any possible air traffic. I did manage to get a very good look at the wreck on several occasions. My first thoughts were that it may have been an experimental aircraft of our government, or perhaps the government of another.

It was later suggested to us that it was a new type of aircraft of a foreign government, and it was a super hush hush project. That aircraft was nothing like I have ever seen or probably ever will again.

The crash site was also something quite different. The disturbed soil was about a hundred feet in diameter, although the craft was much larger in length. I only saw what appeared to be about two-thirds of the rear end, and even that was about ten feet below the surface. When it crashed on about a 30 degree angle, it pushed all the earth back away from the craft itself. Almost as if the hole were made first, and then something half the size was put in place.

My best thought of this rather strange hole is that some kind of magnetic field had pushed all the earth away from the craft at impact. It was reasonable to assume that I was looking down at the rear end of the aircraft, yet there was nothing to indicate that it had any kind of engine as we know it. Not even one little opening.

I don't really like to use the term cigar, but since I could not see the front part, it certainly appeared to have once been shaped like a large cigar. That's my best description.

If it was a craft from a foreign government, then we are in big trouble. I actually held one small portion of the wreck in my hand. Incidentally, there was only a very small reading

of radio waves in the area. The area was quite safe. There was on the other hand, a great deal of free magnetic energy in that area. It was very difficult using our instruments. It was very difficult just to establish the correct time. Every wrist watch was a different time.

The piece of physical evidence that I held in my hand, was a material that I really can't identify. It may have been torn from the front of the craft when it crashed. A few of us compared thoughts as to what it might be, but no one was really certain. None of us had ever seen anything like it before. It was about one square foot and about an inch thick. It weighed almost nothing, and one had the feeling that it may blow away if you let go of it and the wind increased.

It was the same color and texture of the large portion, so it was safe to assume that it was part of the shell of the craft. It weighed nowhere near enough to be any metal that we had ever seen. It even weighed less than any plastic that I had seen of a similar size.

I tried to scratch it with a pocket knife, and even cut away a small piece of the edge, but the knife did nothing to it. The surface was clear as glass, and stronger than anything we had ever seen. It was like trying to scratch the surface of glass with a feather. Of course, we had to turn it into the security people.

After the site was secure, the first groups that included myself were taken away. There was a very thorough strip search prior to us being given jumpsuits, and put into a truck for the transportation to a waiting plane. We were taken to another area and debriefed before we were allowed to return to our normal way of life.

About three months later, a few of us returned to the site to remove the buildings, fill up the hole, and generally put the area back into the same shape as it may have been prior to the crash. We went through the same type of security search and debriefing as we had done the first time. Whatever was left of the craft had been removed and sent to - unknown-.

Almost one year to the day, I was sent to another crash site. Everything was a repeat of the first time, except that there were six of us. Four of us were part of the first crash site, and the other two were new. This time the air craft was buried so deep into the lower side of a hill that we could not get a good look at it.

The security arrangements were just about the same, and we constructed similar buildings around it. It was very close to a rerun of the first crash site. Only this time we were told, "as a matter of fact it was a top secret experimental air craft that had crashed". I could however, manage to see the rear end of the craft. It appeared to be the same type as the first. The code name of the project was Pluto, as it

was the first also. Incidentally, that was in upstate New York, in 1976. I do not know if there were any "people" or life forms aboard.

Several years later, I had an occasion to be in the area of site #one. The bartender only recognized me because he brought in our first room service the first night we stayed there. There was no room service there, but he made his one and only exception to the rule for us. He asked me lots of questions which of course had no answers for, nor would I give any. He told me that he heard that there were lots of medical people on the site. He thought that rather odd for an electric power station. He assumed that there must have been some kind of an accident, or lots of waste material in the area. We let it go at that.

It appears that security was very good, and no one had any idea that an air craft had crashed there. I suspect that the air craft was fifty feet in diameter and as long as two hundred feet. I could be wrong in the length. As I recall the under portion of air craft #one had more of a flat surface. It was difficult to see, but I do recall the difference in the portion of the under surface that I could see.

There were also a few interesting grooves on the top and side areas about twenty feet long. We had speculated that either a steering fin had been attached, or a place where it could slide through from the inside, similar to the type of system used to lower wheels on any air craft. First speculation!

In 1978, I was again sent to a crash site. We arrived the day after the security people. This time the air craft landed in a lake in upstate Pennsylvania. We went through the same motions, and built several buildings on the edge of the lake to house the craft, once it was removed from the water. Lots of Navy equipment was flown in, and there were divers everywhere. The same magnetic field was present as in the first two incidents. There was no air craft.

I spent three weeks there in the event that the buildings had to be adjusted. It seems that the divers had located the exact spot that the air craft had rested on the bottom, but it was gone. There was lots of evidence on the beach that something very large had crashed into the lake causing the water of the lake to splash ashore, over thirty feet, and what was normally a rather clean lake, was suddenly a very large mudhole. After three weeks, I left and was subjected to the same type of security as the first two times.

I didn't have to return to dismantle the pre-fab buildings. I would think that it was done by others very soon there after. There was some thoughts at first that the craft may have been buried under the bottom of the lake, but by this time, we knew enough about the craft to know if that were the case. It was not - it just vanished. Perhaps it was not damaged and managed to fly away. That may sound silly, but I

believe that it is a reasonable conclusion. There was some damage to the immediate area. Six large electrical transformers, and some other equipment were burnt out and had to be replaced by the electric company. The government took the electrical equipment and had it flown somewhere else.

In 1979, I was sent to the shores of southern Texas. The same type of situation, all the evidence led us to believe that whatever it was, it landed in the water and flew away.

I understand that over twenty men actually saw it go into the water, but the days that followed bore no fruit. The Navy divers had a good deal of evidence that some thing has made a very large recent gash on the bottom in about seventy feet of water.

The very same magnetic field was present, and every thing electrical in the immediate area was burnt out. By the end of 1979, I was sent back to the very same lake in Northern Pennsylvannia. It was a duplicate incident as the first time we were there. It had landed in the lake and was gone. The same electrical items were again destroyed, and the same magnetic field was evident. I really have no physical evidence to prove one way or another the identification of the air craft. I can only examine what I have experienced and wonder! My opinion is another story.

I don't really believe that the air craft belongs to our Government or any other government on this earth. From 1975 to present, we would certainly have seen some kind of revolutionary change in our air craft. To date, I still have not seen any material to even slightly match the very first piece of physical evidence that I had examined. That alone, would have made a fantastic change in the material we use today. No corporation or government could keep that kind of material quality under cover for over twelve years. If they had invented it.

After twelve years we probably don't even know what it is, or how to make it. I am positive that at the very least, they have two of the air craft hidden somewhere, and probably have learned very little from them, other than they exist. However, the company that I was associated with has made some gigantic leaps forward in electromagnetic forces. Perhaps they did learn something from it after all. If we wish to assume that these air craft are not from this earth, and are from way out there in space, then my goodness, the planet must be full of visitors. The air traffic alone, must be fantastic. It seems to me that who ever they are they have found it easier to land in the water rather than on our dry earth. Perhaps it was designed to land on water or a very flat surface.

I have never really had any feelings one way or another about E.T.'s. I have elected to deal with hard evidence only, that was prior to 1975. For those few years afterwards, I could not help but interject some opinions into my brain.

As I would rather deal with hard evidence only, I am forced to put all of this on a scale, and take a good hard look at the tilting of the scales. There is far too much here to ignore. I must confess that I had some what leaned towards the experimental air craft story. But as the years passed, it became evident that was only a cover story. Too much time has past, and our air craft are pretty much the same. There is no doubt in my mind that we as well as others, are constantly experimenting with new air craft, however at this late date, I am reasonably certain that those crash sites were not made by anything that we are familiar with, and then again, I still kind of reserve that possibility. As you can see, I have many mixed feelings about it.

Im addition, I have no way of knowing if I had been on every crash site that occurred. There may have been many more during that period and many more since then.

I really don't know if any one had ever been removed from the two wrecks, that I had personally seen. Perhaps they were only mechanical flights. Perhaps the medical people were only there - just in case. And/or to test the wreck for any form of unknown bacteria prior to removing it. Their being present is not really evidence that a life form was found. It could go either way.

I just cannot imagine our government or any other keeping it such a secret, if in fact, they were not from this earth. It really serves no purpose that I can understand. Also appears to me that if they were from somewhere else that they mean us no harm. I would suspect that after all these years, if they meant us harm, we would most certainly know about it by now.

Even if they were only mechanical flights, the fact that they could get here at all...so many times, is certainly a feat in itself, and worthy of publication.

If the fact that they managed to get here at all, and the physical evidence, the material that I examined is any indication of how intelligent they are, then I would feel safe in assuming that they have left us in the stone age. On a personal level, I have no fear of meeting or contacting such a being. In fact, the very first time I saw the craft, the thought had entered my mind. I didn't expect a being like Frankenstein to come walking out. And for a short time I had wondered what I would do if suddenly a door opened and some form of life came out. What the heck! If it didn't look too bad I may have walked up and said hello just as I would to anyone else who may visit me.

I would think that I would be more afraid of picking up some unknown form of bacteria than I would be of the life form itself. Well, today we can pick up AIDS...so, as I put the germ fear aside. Yes. I would certainly try to be friendly once the first wave of fear passed me by. What I fear more than any visitor is that some farmer is going to get them with a shot gun and do more damage than we can or want to

handle. Also, some cowboy policeman trying to shoot his first space man. Because of that I should think that our government would try to educate us as to the proper way to handle any such situation. That little bit of awareness and education may save our planet from destruction. If there is clear evidence that we are being visited by intelligent life forms, then the heads of our government are by far crazier than I had imagined by trying to keep it a secret. The damage of hostile action on our part may not be repairable.

I'm sorry but I am not familiar with your group, but my friend was very impressed by your speaker on tv as well as the radio. Because of that I am trying to share whatever information and evidence that I have which is in fact all first hand data. I have illustrated the evidence and information as it happened, and made note of where I speculated.

There are many items that I have not included in this letter, only because this could turn into forty or fifty pages. At some time in the future, if you wish, I will take my time and write every detail that I can remember. I'll also put it on tape for clarification.

I was told that you plan to open another branch in the future in the Philadelphia area? If that's the case I would certainly be interested in some form of association with your group. I belong to no other and never had any desire to, however, I understand that you are serious people, and worthy of respect. I regard the opinion of my friend very highly. He is a professor of physics, and himself a very serious person. I would appreciate your sending me some literature about your group, and your plans if any to enter the Philadelphia area. I think that you have selected a very good location. There are many very serious people there and a good solid investigation group would be quite welcome. I'm certain that once you entered the area the support group would be fantastic. If you selected Philadelphia, then the assured that you picked the right city for another branch.

Incidentally, my experience in the E.T. world ended in 1980, when I changed positions. Have you had any reports of material that I examined belonging to an air craft from others? And the ever present magnetic field, do you have any reports from others similar to that? I have heard of others saying that they have seen a cigar shaped air craft, and I feel rather silly. Perhaps that's not the word. But, to the best of my knowledge and sight, it appeared to be just that. A cigar shaped craft. Please note that in both cases, I had never seen the front of the craft. I can only assume that the design was constant. I'll close for now and hope to hear from you.

I remain,

Dear _____,

I read your letter of the 13th with considerable interest. It seems difficult to believe that I have finally found someone that is as interested in finding out the true story of Project Red Light.

First of all I would like to address the specific points requested in your letter, and then I will expand on them and other items as well.

1. I did not know about the UFO movie prior to reading your article.

2. I found out the name of Project Redlight almost by accident. I was _____ in a warehouse at Area 51 and saw a large number of wooden shipping crates (the type made with tongue and groove lumber and used for shipping heavy items securely) with the code name "Project Redlight" written with grease pen or felt tip pen. Also on the crates was a stencilled "Edwards AFB" in standard military type of letters.

3. The article in Readers Digest that I referred to was about a UFO that flew over the US from the East Coast to where it "blew up" somewhere over eastern Nevada. The article did not state that the pilot was human. I'm sorry for the confusion on this. The reason that I felt that this Digest article is important is that I remember a period shortly after the date given in the article (I don't reemember what it was, sorry) everything came to a screeching halt at Area 51. As you can see, I am just putting two and two together, but I am satisfied that the UFO of the Digest article and the UFO of Project Redlight are/were one and the same.

Now for some additional information that has come to mind since I talked to you.

Your report about the motorcycle riders is interesting. I can remember hearing similar rumors while I worked on the test site and I would not doubt the authenticity of your report. The security force at Area 51 while I serviced the Area were heavily armed and I considered them dangerous. There were several times that I was in the wrong place at the right time and had it not been provable that i was not snooping or trying to snoop I really don't think I would be writing you this letter. Incidentally, the security wore

standard air police uniforms but looked nothing like any of the AP's I have ever dealt with. They were all in their 30's to 40's, and looked like dock workers. Also as I remember it the only markings they wore just said Air Police. They did not have Nellis AFB on anything but a few of their vehicles, and I believe that they were assigned to Edwards rather than Nellis. The reason I remember this is that it seemed strange to me during my first trip to Area 51 I noticed a slight difference in their uniforms from Nellis AP's, and I overheard a couple of remarks that indicated they were from Edwards.

Another interesting point. I was accustomed to going out onto the Bombing and Gunnery Range and had a number at Indian springs (Nellis AFB maintains a forward area base there) to call to get clearance onto the range. This was SOP. However, in the case of Area 51 I called the security office at Area 51. This indicated to me that Nellis AFB had nothing to do with the operation of Area 51. Also the designation of Area 51 was classified TOP SECRET.

Incidentally, although I carried a "Q" clearance from the Atomic Energy Commission as well as an inter agency TOP SECRET clearance I was investigated for a special Air Force TOP SECRET clearance in order to operate in Area 51.

At this point I am going to give you just a series of disconnected observations that I made in the hope that they may tie in with something you or Len Stringfield may know.

1. I saw some crates being unloaded from a cargo plane. The aircraft was a super constellation with standard markings and had nothing to indicate it had any military connections. There was no airline name on it.

2. I only saw the UFO one time. It was on the ground and partly hidden behind a building and at first I thought it was a small private aircraft until I noticed it had no wings or tail. I was probably 1/2 mile or farther from it but I would guess it 20 to 30 feet in diameter and sort of a pewter color rather than bright polished aluminium.

3. The reason I know it flew silently is I was present on a number of occasions when it was landing or taking off (I was always taken inside and out of view of the runway at these times) and at no time did I hear anything that sounded like a conventional or any other kind of engine.

4. I was working on their _____ several times when they just_____. However since I was there to work on them I really didn't think anything about it. Oh yes, they would _____ again just as suddenly. Also there were a number of times that I was called out to work on _____ and could not find anything wrong with it.

5. On of the men that I knew were "Pilots" was just slightly larger than me.

6. Most of the test flights occurred in the daytime rather

than at night.

7. The radio frequency they used at that time was in the regular commercial VHF band and was a simplex frequency. At one time I had the Freq. written down but I have no idea now what it was. Anyway, i really think that someone with a scanner could pick them up if they were to park on the road to the east of the test site and use some kind of directional antenna.

8. Before I send this letter I will try to get a USC&GS map of the area and will mark the location of Area 51 on it.

9. There was a Radar Station at the north end of the test site near the town of Tonopah, Nevada. A fellow from my home town of _____, _____ was an operator there. His name is _____. We were talking about the test site one day when he mentioned that he was always picking up UFO's over the test site but was told to ignore them. I remember him telling about one that he picked up on the edge of his RBI on the first revolution was directly overhead on the second pass and was just going off the scope on the third revolution of the antenna.

10. For some reason I seem to remember that the Redlight is spelled Redlight i.e. all one word.

11. I always had the impression that the flight test area was from Area 51 north because there is a natural valley that runs in that direction for 200 miles or so. Also the area to the south was more populated. Also I entered Area 51 from the north and there were a couple of times that i was questioned about whether I had 'noticed' anything on the way in.

12. I was reminded constantly that no matter what I saw I could be in serious trouble if I ever talked about any of it. I can't stress how much how tight the security was, it was almost paranoid.

13. I don't think this has anything to do with Redlight, but I remember when I was a kid back in the 40's, on two occasions I saw a story about UFO's included in the weekly Pathe' News. There was one story about a UFO that had crashed somewhere and another story about a UFO that was found in some farmers barn. Both of those stories were given the usual news treatment. The reason that I am mentioning this is that I recently read an article about the entire library of Pathe' movie film being given to an institution of some kind which would make it available to researchers. i am certain that if these film clips could be located they would be useful. Realizing that these stories appeared prior to Blue Book and at a time of Buck Rogers and Flash Gordon, there is probably a better than even chance that they can be located by someone willing to spend the time viewing a few hundred hours of old news film.

14. More on item #7, the air-to-ground frequencies were in

the 200mc range. I believe there is a standard set of air-to-ground or government frequencies either just above or just below the 220mc ham band and their communications were on those frequencies.

Well there you have it _____. I hope that I have shed some light on some dark areas. Should any other thoughts come to mind that I feel may be important I will try to catch you on the _____. Hopefully if I can get things settled down to a dull roar I will be able to start checking in on a more permanent basis. Of course, should you have any questions or want further clarification please contact me.

Recently we received a letter from Bill English which states in part:

It's come to my attention that I've been the subject of much speculation on the Paranet out of Phoenix, and that several people have called my father at his office in Phoenix. All trying to find out if I am indeed his son and/or if I'm alive...[please] put out a message on the net telling everyone that I'm alive and well and that I request that they not bother my father anymore. I think he's about to blow a gasket.

QUESTIONS ON AQUARIUS

by Christian P. Lambright

It has been said that there are three kinds of people, those who make things happen, those who watch things happen, and those who won-

der...what happened...? It seems that nothing more true could be said of the types of people involved in the arena of UFO interest. The recent controversy concerning the alleged project entitled "AQUARIUS" and the control group labeled "MJ-12" seems a prime example of the confusion that results from lack of communication between interested parties. Is there a project AQUARIUS which deals with UFOs? Who first discovered that such a project existed? If the documentation supporting the existence of an "MJ-12" group is valid, as some contend, then why does it appear full of discrepancies? These are questions that need to be addressed before any attempt can be made to judge the validity of the issues.

As any good detective can tell, motivation is a helpful key in solving any crime or mystery. Who would stand to gain by the situation at hand? Perhaps a little of this line of reasoning would help in solving the current mystery of AQUARIUS/MJ-12. The revelation of a UFO-related project by the name of AQUARIUS first appeared on the scene in what has commonly been referred to as the "NASA-telex" [AQUARIUS.DOC]. This is the allegedly genuine document which describes several pieces of photographic film relating to incidents at Kirtland AFB and the case of Paul Bennewitz. As most knowledgeable people are aware, this document relates quite a bit of interesting information pertaining to official interest in UFOs as well as mentioning the existence of project AQUARIUS and something called "MJ-12". However, several key areas in this document were deleted by either the original source or by the recipient. It is interesting to note that there is a retyped version of this document which has circulated with the deletions filled-in, but with no explanation as to who retyped it or how the previously deleted areas were uncovered.

Reportedly Peter Gersten was shown this document in 1983 and so it would seem that it has been around for several years. But if Gersten was

the original recipient he has not revealed where he obtained it or from whom. This document would appear to be closely tied to the events at Kirtland AFB in 1980 inasmuch as it mentions Bennewitz and the Air Force interest in UFO sightings over military bases. Could the release of this document be related to the release of the initial document(s) concerning the events at Kirtland? [KIRTLND1.DOC, KIRTLND2.DOC]

William Moore has stated that he was first given the initial Kirtland documents in Washington DC in early 1982 by an unnamed source. And there have been several rumors circulated concerning heated arguments between Moore and Gersten over the means by which Gersten obtained these documents. Rumors aside, if Moore received his documents over one year after the incidents occurred then whoever gave him these copies must have had access to them either from AFOSI files in Washington or from the original sender at Kirtland. There are indications that William Moore received his copies from Richard Doty, the AFOSI Special Agent at Kirtland AFB. Other sources have also reported that Doty was involved in an effort to get information of this nature out to certain individuals for purposes unknown. And so it seems possible that Doty was responsible for the Kirtland documents and perhaps the "NASA-telex" being released as he would have been in a position to have access to such information. Regardless, it would fall to serious UFO researchers to attempt to verify if the documents conveyed valid information, or disinformation.

As interest began to focus on AQUARIUS and "MJ-12" several different FOIA requests were filed with various government agencies to try to garnish information on these subjects, but as recently as 1986 most of the leading figures in Ufology were convinced that the document was a forgery and that Project AQUARIUS was nonexistent. In 1985 I had filed several different requests with government agencies requesting information on three projects: Sigma, Snowbird and Aquarius; as well as any information pertaining to MJ-12 or Majestic-12. I specifically did not mention any

connection or interest dealing with UFOs in these requests. With the exception of the National Security Agency every response I received was a denial of any knowledge of any of these subjects or titles. While they stated that Sigma and Snowbird were "not projects of this agency" and that they had no knowledge of MJ-12, they estimated that search fees for all information on Project AQUARIUS would be \$15,000! It would appear that this is a rather expansive project. After several subsequent requests for clarification and to simply send the initial document which initiated the project the NSA stated that the project did not deal with "UFOs" and that as I would not be paying the fees they were concluding action on my re-quests. Subsequent appeals only clarified that Project AQUARIUS was classified Top Secret and that release of any portion of it could pose "grave danger to the national security." [AQUANSA.DOC]

Several individuals have considered the statement by the NSA that AQUARIUS does not deal with UFOs to be patently honest, and perhaps this is the truth. However I believe that to have expected the NSA to "roll-over" and openly reveal otherwise would be naive to say the least. It seems paradoxical that some "researchers" both expect these agencies to be deceptive but will readily accept some statements as totally accurate. I believe that there are sufficient reasons to suspect that the NSA project may actually be the project which is indicated in the "NASA-telex" which originally mentioned it and MJ-12.

In the process of trying to verify the above document I had addressed a series of letters to what was designated the 7602 Air Intelligence Group (7602 AINTELG), as of 1983 known as the Air Force Special Activities Center. A Branch of the Air Force Intelligence Service, the 7602 AINTELG deals with human resource intelligence, much the same as the 4602 AINTELG which is known to have aided Edward Ruppelt in his investigations several years ago. This may or may not be coincidence

and could be an interesting avenue for further research.
Nevertheless,
in the process
of trying to get information on this group I had been receiving
somewhat
evasive response letters from AFIS. In a conversation with an Air
Force
source in which I had referred to my problems in obtaining
information
on this group I was informed that perhaps this is due to the fact
that
"they are a branch of the NSA!" This was at the time my first
indication
that there may be some NSA involvement, and was prior to my
letters to
NSA it-self. Within a few months I was to learn another
interesting fact
pointing to the NSA.

With the aid of well-known research Thomas Adams I was
notified of
a person who reportedly had heard a very interesting statement
concerning
the initial AQUARIUS/MJ-12 document. After speaking with this
gentleman
personally I was firmly convinced that the information he was
relating
was accurate as it had been told to him. He related that he had
been
told per-sonally that this document had been changed in two ways,
and
that he had been told this by the individual who had changed it.
Although both changes were not revealed, he had been told that
the
reference in the document to "NASA" had originally been "NSA"!
And who
was the person doing the telling ...none other than William
Moore. In a
brief conversation with Moore after this in which I asked him if
he had
any knowledge of this he simply stated "No comment."

The recent issue of JUST CAUSE also contains the statement
by
Larry Fawcett and Barry Greenwood that they have been told that
this
document is actually a retyped version. This fact was reportedly
revealed in 1983 to Peter Gersten by an Air Force officer and was
either
forgotten or over-looked until just recently. However, the Air
Force
source who is cited is said to be none other than Richard Doty
himself.

In light of the fact that it has recently become common
knowledge
that Mr. Moore does (for his own reasons) delete documents which
he ob-

tains, and that he is rather aggressive in his research, I believe that Mr. Moore did in fact retype or have this document retyped. But does this negate the value of the document, or indicate that it is a hoax? Perhaps this explains why no one can verify if the document is genuine, because technically it is a forgery. It would appear that it is up to Mr. Moore to reveal a clean, accurate version and to finally reveal the facts behind its acquisition.

According to film producer and director Linda Moulton Howe, she has had independent confirmation of MJ-12 and reportedly was shown a set of documents containing much of the same, if not identical, information. However, the actual name of the group in question was not "Majestic" but another similar sounding word containing the letters M and J. Could it be that the term "Majestic" was a substitution in a clever attempt to withhold a key bit of information which only someone with true inside information would be able to identify?

If there is reason to question the accuracy of the information pre-sented in the original AQUARIUS/MJ-12 document as well as the information in the recent documents pertaining to MJ-12, does this logically imply that the 1980 Kirtland/Bennewitz events should be considered questionable? Any single-witness UFO sighting has always been somewhat questionable, this is exactly why we look for multiple witnesses and any other supporting evidence. If Richard Doty, or Paul Bennewitz were alone in reporting these incidents then the Kirtland events would never have become as major an issue as they have. However there were numerous individuals involved not only in the events precipitating the documents but in the preparation of the documents themselves. A brief summary of the incidents is as follows:

Early 1980, Paul Bennewitz becomes involved in observing and filming objects which he has sighted on the ground and in the air near Kirtland AFB and the Manzano range. Reportedly his wife was

also present to witness some of the first landings he witnessed and filmed in the Coyote Canyon area. Subsequently he contacts Earnest Edwards of the Kirtland Security Police who, over the period of the next few months, becomes concerned and requests the guards on the Manzano Weapons Storage Area report to him any sightings of unusual aerial lights. At the beginning of August 1980 three guards report sighting an aerial light which descends on the Sandia Military Reservation. This is the first sighting described in the complaint form signed by Richard Doty. Edwards reports the sighting to Doty unaware that Doty has already heard from Russ Curtis (Sandia Security Chief) that a Sandia Security guard sighted a disc-shaped object near a structure just minutes after the sighting by the three Manzano guards. Doty includes these reports and several others in his Complaint Form and forwards the report to AFOSI Headquarters in Washington.

From this point on many other persons became involved. Bennewitz was called down to a meeting at Kirtland AFB at which several major Air Force officers and Sandia personnel were present, including a Brigadier General. Earnest Edwards has confirmed that the three guards under his command re-reported what was described, and that the meeting took place. Bennewitz has confirmed that Doty and Jerry Miller came to his home to view his materials and there is a document signed by Thomas A. Cseh, Commander of the Base Investigative Detachment, to confirm this. Finally there is the complete set of documents which were released by AFOSI Headquarters under cover of the Department of the Air Force relating to the described events.

There seem to be only two possibilities to consider. One: that this is one of the most profound deceptions that has been undertaken with the sanction of the USAF, involving a civilian, for purposes which can only be imagined. The other: that the events happened as described

and that the intervening years, subsequent developments, and misguided researchers, have only clouded the facts. Perhaps there was also some effort made on an official level to defuse the sensitive nature of the events.

Would Richard Doty have perpetrated a hoax, involved other officers in his deception, sent the hoax on to AFOSI Headquarters, and then spread certain information to civilian UFO researchers? For what purpose? And would he still be in the Air Force if he was discovered, knowing the public relations catastrophe that could result from AFOSI in Washington releasing the subsequent documents? It seems inconceivable that the Base Investigative Detachment, and the Department of the Air Force, would not have quickly and easily discovered the hoax and subsequently labeled the entire matter as such, knowing their previous predilection to do just that.

A few simple telephone calls have served to clarify much of the truth of the initial incidents. We must avoid the temptation at times to "shoot first and ask questions later" which can result in spreading misinformation ourselves. It is advisable to use tact in approaching witnesses as we have no God-given right to call up strangers and demand that they answer questions, particularly when sensitive matters may be involved. Is it any surprise that some of these people may not want to be bothered by every person who plies them with questions?

A very bizarre but intriguing letter was sent to APRO in either late 1980 or early 1981 and is commonly referred to by the name of the initial subject of the letter, a Mr. Craig Weitzel. This letter refers to a sequence of events which occurred in the mid-1980's at both Kirtland AFB and in an area near Pecos, NM and also makes several statements to the effect that there is a UFO-investigation detachment stationed at or near Kirtland. The writer also goes on to mention among other things that there is at least one "object" stored in the Manzano

storage area. That the letter was at least legitimately received at APRO can be ascertained by the vehe-ment letter which Jim Lorenzen mailed out rebuking the gentleman who re-leased this letter without official permission from APRO. However, can we determine if this letter is a total hoax or is there even a grain of truth to be found in the information it conveys? In a conversation I had with Craig Weitzel he claimed to know nothing of the details related in the letter, and denied that he took any photographs. Strangely enough, how-ever, he _did_ state that he and the other did see an unusual silvery object hovering high in the sky which left the area, to use his words, "exponentially"! He had been training in mountain rescue operations and he and the others had spelled out S-O-S on the mountain side using parachutes and were waiting for the rescue helicopters to spot them. While looking for these helicopters they notices the silvery "UFO". If this is all that occurred what could be the reason to fabricate such a letter and yet give the name and address of a witness who was sure to refute the claims? Was it just a bizarre practical joke? The author of the anonymous letter claims that after Weitzel spoke with AFOSI agent Dody (sic) he did not want to have anything more to do with the matter and subsequently the Dody character denied that there had been any photographs. Was this a circum-stance that could have been expected based on previous experience with Air Force handling of such matters? Many government and military witnesses often refuse to talk about their experiences to strangers either because of official pressure or simply for the sake of their own privacy. Motiva-tion again must be considered in efforts to find the complete truth.

In early October 1987 I had a strange conversation with an indivi-dual who is unknown to me except by first name and who initially knew absolutely nothing about my interest in UFOs. During a telephone conversa-tion which took place totally by chance, the subject of nuclear weapons came up as this person indicated some knowledge of this

weaponry, being at the time a member of the Air Force. I jokingly asked to know everything there was to know about Kirtland AFB, but not due to my interest in nuclear weapons per se but because of something else I thought may be stored at Manzano that "isn't nuclear weapons." After a momentary chuckle this individual said, "yes...UFOs!" As astounded as I was I asked for a little clarification, and after relating my interest, I was told that there are two "objects" stored in the Manzano area from what this person had heard during conversations by Air Force personnel in Germany. There had been some discussion about something which was related to a UFO incident widely reported in German newspapers in 1981 being similar to something which "they" had "over here." Because of the circumstances under which this conversation occurred and the fact that I had in no way even alluded to the subject I believe that this may offer some support to some of the statements made in the anonymous "Weitzel" letter.

A final note of interest has come up in the newly released book on the "flying boomerang" objects reported in recent years in and around New York state [NIGHT SIEGE, Ballantine 1987]. In the process of investigating these incidents Hynek and Imbrogno were contacted by an individual who claimed to work for the NSA. They apparently verified this to their own satisfaction, and while this person professed that his interest was only personal, they were struck by the inordinate amount of interest this person showed in their investigations and any evidence they uncovered. There are even indications that their telephones may have been tapped. While it is unknown if this man's interest went further than personal curiosity, it is clear that the investigators felt there was something unusual about it. Nevertheless, here is yet another instance in which the National Security Agency seems to have crept into the picture.

Do the facts as outlined here cast reasonable suspicion on the NSA

and its part in official interest in unidentified flying objects?
I be-
lieve that they do and that there is justifiable cause to suspect
that
the project AQUARIUS which relates (at least in some way) to UFOs
is
probably an NSA, or NSA related project. It also still seems that
in
spite of the arguments and confusion concerning documents, the
designation "MJ-12" must be considered if not a certainty, than
at least
potentially valid. Those who have taken the time to contact
witnesses
and obtain their statements and help, have the best chance to
make up
their minds for themselves, re-gardless of the confusion
concerning
altered documents which seems to be precipitating furiously. We
do not
want to throw the proverbial baby out with the bath water simply
because
the facts seem confusing. Perhaps even the confusion is being
directed
by someone somewhere. We should keep our sights fixed firmly on
the
major issues and the facts we can prove in
our efforts to uncover the truth.

MID. Colonel Forney indicated that it was his attitude that
inasmuch as

it has been established that the flying disks are not the result of any Army or Navy experiments, the matter is of interest to the FBI. He stated that he was of the opinion that the Bureau, if at all possible, should accede to General Schulgen's request.

SWR:AJB

ADDENDUM

I would recommend that we advise the Army that the Bureau does not believe it should go into these investigations, it being noted that a great bulk of those alleged discs reported found have been pranks. It is not believed that the Bureau would accomplish anything by going into these investigations.

DML

(Clyde Tolson)-I think we should do this. (Dated 7/15)

(J. Edgar Hoover)-I would do it but before agreeing to it we must insist upon full access to discs recovered. For instance in the SW case the Army grabbed it and would not let us have it for cursory examination.

(B) FLYING DISCS-The Bureau, at the request of the Army Air Force intelligence, has agreed to cooperate in the investigation of flying

discs. The Air Forces have confidentially advised that it is possible to release three or more discs in odd numbers, attached together by a wire, from an airplane in high altitudes and that these discs would obtain tremendous speed in their descent and would descend to the earth in an arc. The Army Air Forces Intelligence has also indicated some concern that the reported sightings might have been made by subversive individuals for the purpose of creating a mass hysteria.

You should investigate each instance which is brought to your attention of a sighting of a flying disc in order to ascertain whether or not it is a bonifide sighting, an imaginary one or a prank. You should also bear in mind th at individuals might report seeing flying discs for various reasons. It is conceivable that an individual might be desirous of seeking personal publicity, causing hysteria, or playing a prank.

The Bureau should be notified immediately by teletype o f all reported sightings and the results of your inquiries. In instances where the report appears to have merit, the teletype s hould be followed by a letter to the Bureau containing in detail the results of your inquiries. The Army Air Forces have asured t he Bureau complete cooperating in these matters and in any instances where they fail to make information available to you or make the recovered discs available for your examination, it should promptly be brought to the attention of the Bureau.

Any information you develop in connection with these discs should be promptly brought to the attention of the Army through your usual liason channels.

SUBJECT : "FLYING SAUCERS" OBSERVED OVER
OAK RIDGE AREA
INTERNAL SECURITY-X

DATE: January

There are being submitted herewith two photographs of reputedly "flying saucers" which were seen at Oak Ridge, Tennessee, sometime during July of 1947. All of the information contained in this letter was received from George Rateman, Resident Engineer, Air Material Command, United States Army, who is the principal army technician at the Nuclear Energy for the Propulsion of Aircraft Research Center at Oak Ridge, Tennessee.

Mr. Rateman advised that the attached photographs were taken by _____ in July of 1947. He stated that interview with _____ revealed that he had been snapping photographs of his family in front of his

residence at 218 Illinois Avenue, Oak Ridge, Tennessee, late in the afternoon, when he looked into the sky and observed the vapor trail as exhibited by the photograph numbered "1." _____ stated that he took a snap of this trail, was winding the film to the next number, when he looked into the sky and observed the ball of fire as shown in photograph 2. _____ made these photographs available to reporters of the Knoxville News-Sentinel and a story concerning them was run in that paper; however, as shown by the photostatic copy of the newspaper clipping, which is also being submitted herewith to the Bureau, the print was very indistinct; the news story did not contain any factual information; and it was regarded generally by the public at the time as a possible trick.

Later, it was learned by Rateman And _____ that _____ had made several copies of this photograph and had distributed them among his acquaintances at Oak Ridge, Tennessee. Upon _____ finding that the photographs had received some distribution, he requested Rateman as Head of the Compliance and Investigations Division, to recover as many as possible of the photographs, advise the persons in whose possession they were found to say nothing to anyone concerning them, and to return the said photographs to him for transmission to the United States Air Force Intelligence Service. Rateman advises that he succeeded in rounding up twenty four copies of these photographs, and that, according to the statements of _____, no more copies were made or distributed. Rateman further stated that _____ had appeared extremely concerned over the matter and seemed quite emphatic that the matter should be given no more publicity than was absolutely necessary. Rateman also advised that he studied the negatives from which the reproductions were made, and they appeared to be authentic in that trick photography should have been apparent, but from the _____.

INFORMATION CONCERNING

The following information was furnished to SA [blanked] by

An investigator for the Air Forces stated that three so-called flying saucers had been recovered in New Mexico. They were described as being circular in shape with raised centers, approxi-mately 50 feet in diameter. Each one was occupied by three bodies of human shape but only three feet tall, dressed in metallic cloth of a very fine texture. Each body was bandaged in a manner similar to the blackout suits used by speed flyers and test pilots.

According to Mr. [blanked] informant, the saucers were found in New Mexico due to the fact that the Government has a very high-powered radar set-up in that area and it is believed the radar interferes

with the controlling mechanism of the saucers.

No further evaluation was attempted by SA [blank] concerning the above.

SUBJECT: AMC Opinion Concerning "Flying Discs"

TO: Commanding General
Army Air Forces
Washington 25, D.C.

ATTENTION: Brig. General George Schulgen
AC/AS-2

1. As requested by AC/AS-2 there is presented below the considered opinion of this command concerning the so-called "Flying Discs." This opinion is based on interrogation report data furnished by AC/AS-2 and preliminary studies by personnel of T-2 and Aircraft Laboratory, Engineering Division T-3. This opinion was arrived at in a conference between personnel from the Air Institute of Technology, Intelligence T-2, Office, Chief of Engineering Division, and the Aircraft, Power Plant and Propeller Laboratories of Engineering Division T-3.
2. It is the opinion that:
 - a. The phenomenon reported is something real and not visionary or fictitious.
 - b. There are objects probably approximately the shape of a disc, of such appreciable size as to appear to be as large as man-made aircraft.
 - c. There is the possibility that some of the incidents may be caused by natural phenomena, such as meteors.

d. The reported operating characteristics such as extreme rates of climb, maneuverability (particularly in roll), and action which must be considered evasive when sighted or contacted by friendly aircraft and radar, lend belief to the possibility that some of the objects are controlled either manually, automatically or remotely.

e. The apparent common description of the objects is as follows:

(1) Metallic or light reflecting surface.

(2) Absence of trail, except in a few instances when the object apparently was operating under high performance conditions.

(3) Circular or elliptical in shape, flat on bottom and domed on top.

(4) Several reports of well kept formation flights varying from three to nine objects.

(5) Normally no associated sound, except in three instances a substantial rumbling roar was noted.

[6] Level flight speeds normally about 300 knots are estimated.

LETTER FROM GENERAL N.F. TWINING TO COMMANDING GENERAL,
ARMY AIR FORCES 23 SEPTEMBER 1947

f. It is possible within the present U.S. knowledge -
provided
extensive detailed development is undertaken--to construct
a
piloted aircraft which has the general description of the
object in
subparagraph (e) above which would be capable of an
approximate
range of 700 miles at subsonic speeds.

g. Any developments in this country along the lines indicated
would be
extremely expensive, time consuming and at the
considerable expense
of current projects and therefore, if directed, should be
set up
independently of existing projects.

h. Due consideration must be given the following:

(1) The possibility that these objects are of domestic
origin
-the product of some high security project not
known to
AC/AS-2 or this command.

(2) The lack of physical evidence in the shape of
crash
recovered exhibits which would undeniably prove
the
existence of these objects.

(3) The possibility that some foreign nation has a
form of
propulsion possibly nuclear, which is outside of
our
domestic knowledge.

3. It is recommended that:

a. Headquarters, Army Air Forces issue a directive assigning
a
priority, security classification and code name for a
detailed
study of this matter to include the preparation of
complete sets of
all available and pertinent data which will then be made
available
to the Army , Navy, Atomic Energy Commission, JRDB, the
Air Force
Scientific Advisory Group, NACA, and the RAND and NEPA
projects
for comments and recommendations, with a preliminary
report to be
forwarded within 15 days of receipt of the data and a
detailed
report thereafter every 30 days as the investigation
develops. A

complete interchange of data should be effected.

4. Awaiting a specific directive AMC will continue the investigation within its current resources in order to more closely define the nature of the phenomenon. Detailed Essential Elements of Information will be formulated immediately for transmittal thru channels.

60,000 sightings can't be wrong, Seattleite insists, "The bottom line is: Don't believe me, but do read what is available." Dale Goudie

By Peter Lewis Times Staff Reporter

-----In their most commonly reported from, the aliens have large heads and stand 3 to 4 feet tall. Their enormous eyes rest under a transparent helmet. Clad in jumpsuits adorned with insignias, the humanoids walk in sure, positive movements. Far out? Maybe so, but that's where they probably come from. And Seattle resident Dale Goudie has talked to people who say they've seen them. Goudie has spent the past 14 years researching UFOs and using the Freedom of Information Act to collect federal documents that he contends prove UFOs exist. The official position of the U.S. Air Force, for example, is that it got out of the UFO business when Project Bluebook ended in 1969. But Goudie says the Bluebook was succeeded by Project Aquarius. Since 1942, there have been an estimated 60,000 UFO sightings in the United States alone and only 5 percent of sightings are actually reported, Goudie says. Feeding characteristics of the 60,000 sightings into a computer, 250 different shapes emerged, suggesting to

Goudie that there may be more than one species involved in UFOs. "The bottom line is: Don't believe me, but do read what is available," says Goudie, who has dedicated a room in his home to countless files and papers on UFOs. "The real problem is, no one wants to take the responsibility of telling the American public this (UFOs) is real." Consider a series of once classified material on Project Aquarius: An Air Force document dated Nov. 17, 1980, from the Office of Special Investigations at Rolling Air Force Base in Washington, D.C., to OSI at Kirtland Air Force Base in New Mexico refers to a "request for photo imagery interpretation." Other papers indicate that the request stemmed from a series of "alleged sightings of unidentified aerial lights" over the Manzano Weapons Storage Area at Kirtland between Aug. 8 and Sept. 3, 1980. An analysis of at least two pictures of the sightings concluded that the film was unaltered and that they were "legitimate negative(s) of (an) unidentified aerial object," according to the Nov. 17, 1980, document. Of the two confirmed sightings, one "contained a trilateral insignia on the lower portion of objects..." The document also states: "The official U .S. government policy and results of Project Aquarius is still classified top secret with no dissemination outside official intelligence channels. ...Because of a chance of public disclosure, no knowledgeable personnel with SPA (it's not clear if SPA stands for Special Project Aquarius, or something else) will be provided..." But another Air Force document dated Jan. 25, 1983, says "possible unauthorized release of classified material" cast doubt on the authenticity of the Nov. 17, 1980, document. The later document says the earlier one included nonexistent officers, and it sought to discredit the validity of the purported imagery interpretation. When a Freedom of Information request letter dated Feb. 20, 1986, sought information on Project Aquarius, the National Security Agency responded, in part, with a letter dated March 3, 1986: "Please be advised that Project Aquarius does

not deal with unidentified aerial objects. We, therefore, have no information to provide you on the subject." But when Sen. John Glenn wrote the National Security Agency on Jan. 7 of this year on behalf of a constituent who was having trouble getting responses to Freedom of Information requests about Project Aquarius, the reply letter, dated Jan. 27, said in part: "Apparently there is or was an Air Force project by that name which dealt with UFOs. Coincidentally, there is also an NSA project by that name. The NSA project does not deal with UFOs... ." It is Goudie's contention that the responses about Project Aquarius demonstrate the government is saying one thing and doing another. He theorizes that the government is reluctant to admit the existence of even one UFO because as soon as it does, it fears opening the door to mass hysteria. Spokesmen for the Pentagon, the Air Force and the National Security Agency either declined comment or denied that any government agency is actively investigating UFOs. The Air Force quit studying UFOs in 1969 after a \$500,000 study conducted by the University of Colorado concluded that "UFO phenomena do not offer a fruitful field in which to look for major scientific discoveries," according to Capt. Jay DeFrank. DeFrank noted that in 1977, President Carter asked the National Aeronautic and Space Administration to look into the possibility of resuming active investigation of UFOs. This is the same man who in 1973, when he was governor of Georgia, said, "I don't laugh at people anymore when they say they have seen UFOs because I've seen one myself." NASA spokesman Dave Garrett recalls that agency's response to the president: "We said, 'Thank you, but no thank you.' We have never been in the business." Dennis Chadwick, chief spokesman for the National Security Agency at Fort George Meade in Maryland, an arm of the pentagon, would not say whether NSA or any other government agency is actively investigating UFOs. Goudie, a 45-year-old freelance ad man and former TV talk-show producer, is not deterred by the government's stance. Two years ago, he established a

computerized UFO bulletin board - CUFON (for Computer UFO Network) - that has more than 1,400 members. It spits out information, free of charge, to anyone with a computer and a modem. He also runs UFO Information Service International, a global network of UFO sightings, and Puget Sound Aerial Phenomena Research Inc. None of these enterprises, he says, is a money-making operation. Goudie says he and others like him have been helped in their many Freedom of Information requests by military personnel who want the public to know about UFOs, but who can't afford to be named. Many of the documents he's obtained indicate that "suspicious unknown air activity" has occurred at top-security military installations where nuclear weapons are stored. The documents relating to UFOs dropping in on Air Force bases have been published elsewhere - and professional skeptics such as Phillip Klass, an editor with "Aviation Week & Space Technology," have written books debunking the authenticity of those and others sightings. But Goudie notes the government itself has never volunteered any information, much less any explanations, about UFOs at military bases. "You can explain anything away," says Goudie, referring to Klass and the other debunkers. "But these aren't solid answers." Goudie also says he has consulted with "optical physicists" who have performed "video-negative photoanalysis" of videotapes of UFOs to substantiate that the object are not of this earth. Goudie also says he has interviewed about 40 people over the years who claim to have been abducted by UFOs. All occurred in rural areas, including some episodes outside Redmond, in Maple Valley and north of Seattle. He thinks about three-fourths of them are telling the truth. In many cases, the victims have suffered physical scars that they didn't have before their encounter, Goudie says. "I've tried to get these people to come forward. They don't want anything to do with newspapers. They're scared to death of losing their jobs..." Considering the threat to national security and the risk to civilians, Goudie believes the government has an obligation to be more forthcoming. You don't have to

look to far away places for physical evidence of UFOs, according to Goudie. He has a videotape of an object flying over Tacoma in 1982, enhanced by a process known as "video photo analysis" which allows the viewer to see vertical and horizontal lines within what Goudie calls "the plasma" that covers the true shape within. He expects the video to air on Sunday's "Town Meeting" on KOMO. Television, specifically a Dick Cavett show that aired in 1973, started Goudie's preoccupation with UFOs. He's since appeared on CNN's Larry King Show and CBS-TV network news shows, among others. He spent countless hours and dollars pursuing UFOs. His goal, he says, is to see the subject become an area of serious scientific inquiry. "I'm doing it because I think people deserve the facts, and no one's taking the time to do it."

SUBJECT: Response for request of Information in Relation to UFO Contact and Other Related Information

TO: Len Stringfield

1. In January of 1978, I was station at McGuire AFB, NJ.. One evening , during the time frame of 0300hrs. and 0500hrs., there were a number of UFO sightings in the area over the air field and Ft. DIX Army camp. I am a security policeman and was on routine patrol at the time. N.J. State Police, and Ft. Dix MP's were runnig code in the direction of Brownsville N.J.. A state trooper then entered Gate #5 at the rear of the base requesting assistance and permission to enter. I was dispatched and the trooper wanted access to the runway area which led to the very back of the

air field and connected with a heavily wooded area which is part of the Dix training area. He informed me that a Ft. Dix MP was pursuing a low flying object which then hovered over his car. He described it as oval shaped, with no details, and glowing with a blueish green color. His radio transmission was cut off. At that time in front of his police car, appeared a thing, about 4ft. tall, greyish brown, fat head, long arms, and slender body. The MP panicked and fired five rounds from his .45 Cal into the thing, and one round into the object above. The object then fled straight up and joined with eleven others high in the sky. This we all saw but didn't know the details at the time. Anyway, the thing ran into the woods towards our fenceline and they wanted to look for it. By this time several patrols were involved.

2. We found the body of the thing near the runway. It had apparently climbed the fence and died while running. It was all of a sudden hush-hush and no one was allowed near the area. We roped off the area and AF OSI came out and took over. That was the last I saw of it. There was a bad stench coming from it too. Like ammonia smelling but it wasn't constant in the air. That day, a team from Wright-Patterson AFB came in a C141 and went into the area. They crated it in a wooden box, sprayed something over it, and then put it into a bigger metal container. They loaded it in the plane and took off. That was it, nothing more said, no report made and we were all told not to have anything to say about it or we would be court martialed.

3. I will be getting out of the air force in about two months. Do Not disclose my name as I could get into trouble. I am interested in pursuing this and other matters if you need help. Forgive me for not signing this but I can't take any chances. Please reply to the above address and my parents will forward it to me or I will be home already. Don't send it

here because they monitor all mail closely and I again don't want to take any chances.

This file contains the; (1) My reason for releasing this information to the public, (2) My credentials, (3) The validity of the information (% from sources, % from my own knowledge, % from research), (4) The existence of one other person to whom I gave the information in 1972 in anticipation of one day needing to validate the information.

(1) I have 2 reasons for releasing this information at this time. (A) When I first saw the information I was sure that the government would handle the situation and not allow the people to be abducted, injured, or just disappear. My belief in the government has proven false. Not only has it not been handled but the situation has deteriorated and the incidents have increased worldwide. What has happened is against the Constitution of the United States of America which I have sworn to uphold and protect. What is happening is against every law in every state. What is happening violates the human rights of every citizen of the world. It could happen to any member or members of my family or your family at any time. I am a loyal american and have never divulged any of my countrys secrets and except for this one I never will. I do not believe that revealing this secret is against the law as the secret itself violates every law that has ever been written. Senator Barry Goldwater was the Chairman of the Senate Committee which aproved funds for the CIA and has stated publicly that he has no knowledge of any of this. That means and it is a fact that the Congress is ignorant of what is going on. In fact I believe that it is my duty to expose it as thoroughly and as quickly as possible. I only regret that I have waited so long. I waited because I believed so much in our system of government. THE UNITED STATES GOVERNMENT HAS BETRAYED ALL OF US. (B) In my efforts to get the information out it became obvious that soon the government would discover what I am doing and my life would be in danger. I believe that my life is now in danger and the only way to protect myself is to go public with the information. I realize that the information is hard to swallow and that many people will not believe it. I also realize that I have exposed myself to ridicule. So be it. If I am prosecuted or harmed in any way you all will know that the information is correct. If I suddenly disappear you will all know that the information is correct.

(2) I am the son of an Air Force officer and was reared on Air Force bases all over the world. My father was a pilot. As a child I repeatedly overheard pilots and airmen discuss strange stories involving UFO's, Foo Fighters, strange crashes of craft "not from here", and other subjects that were exciting to me at the time. I graduated from High School in Japan and shortly there-after joined the Air Force. I finished basic at Lackland Air Force Base and was assigned to the Strategic Air Command. I was an Aircraft and Missile Pneudraulic Technician. During my training instructors would

regale us with tales of lonely nights spent on flight lines, alert pads, and missile silos. They told of strange alien craft that would come down and paralyse the men on station and then remove the warhead from the missile and disappear at fantastic speed. I met a sargeant who told me that he was part of a team that transported such a large crashed disk that it could only be moved at night on back roads and fences and poles had to be torn down and replaced as the convoy passed. I listened to all these stories and wondered what was going on but didn't really believe them. I was discharged from the Air Force in 1965. I was very adventurous at the time and joined the navy in December of 1965. I volunteered for submarines and was assigned to the USS Tiru (SS-416) at Pear Harbor, Hawaii. On a cruise to the Portland Seattle area, while on lookout a UFO the size of an Aircraft carrier rose up out of the water and disappeared into the clouds while we were on the surface and I was the Port lookout. It descended back down into the water and rose back up into the clouds again several times. It was witnessed by myself, The Starboard lookout, The Officer of the deck, The Captain, and the Chief Quartermaster who took pictures. We were told not to discuss it with anyone ever. Upon docking at Pearl upon our return a man in plain clothes came aboard and talked to each of us with only the Captain present. He identified himself as an Intelligence Officer (ONI) and asked me what I saw. I began to tell him and he yelled at me to stop and then he again asked me what I saw. I told him that I had not seen anything and he smiled at me and told me I was a very good sailor. He told me that was the right answer and dismissed me. I soon grew tired of the cramped quarters of a Submarine and de-volunteered. The rest of my history is as follows.

My primary military occupation is Quartermaster (Navigation)
My secondary NEC is 9545 (Internal Security)

Uss Tombigbee (AOG-11) Pacific and Vietnam sea duty.

USS Oriskany CVA-35 Pacific sea duty.

Honorable Discharge December 1975 Rank E-6

Since leaving the navy I have worked at several companies

engaged in work for the government or the intelligence community. Some of this work involved training foreign military personnel. I have also obtained a college degree in photography. This is a field I have long been interested in.

I am not now connected with the government or the intelligence community except for friends that I have made over the years. Most recently I have been involved in management of civilian training facilities.

(3) Approximatly 50% of this information comes from documents that I saw with my own eyes and I personnaly know it to be true and absolutely accurate. I saw and read GRUDG/BLUE BOOK REPORT NO. 13. I saw and read the MAJESTY document which contained the Aquarius information. I was present at a briefing where much more information was discussed and some of it has become cloudy over the years but has come back to me when I saw information on that subject. About 50% of the information comes from my sources who will remain un-named. About 60% of the information is backed up by research and information available to you all however the information is not generally shared. It is out there in various places and on various boards. Due to the potential monetary value of the information I believe that it probably never will be shared.

(4) In 1972 I related this information to one other person for self protection and so that the information could be verified at some latter date should the government not handle the situation. I gave him the information on the eve of my

wedding. The last person to person contact I had with him was in 1974. The last contact of ANY kind was in 1976 or 1977 by phone. I have not seen him, written to him, phoned him, or had any contact with him at all since that time. I maintained this distance to prevent any accusation of collusion or hoax should it ever be necessary to release the information. I also did it for his protection so that he would not be involved if the government should decide to harm me before the information could be released. I have him a copy of the information in the form of a copy of an original document. I retained the other copy but mine was destroyed in a storage fire. He can and will verify the information to the right person with the right code (which we agreed upon) to release it. 3 of you have his name, the last place he lived in 1976, and the code. I will not contact him until the information is verified. He can validate my intelligence background and the information. He can state all of this truthfully and because of our separation over the years will be able to pass any lie detector test to prove this is not a hoax. I would also be able to pass the same test or any other test, sodium pentathol etc.

I have also received a call from a man named Christopher who called from an area code in Maryland. By his conversation with me on the phone I know that he has also seen the MAJESTY information and the AQUARIUS document. I also know that he is a member of Compuserve. That is all I know about him. I left out a graphic on the reconstructed document that I posted in my MAJIC file and he questioned the omission. It is a minor detail that I did not think important but he spotted it. The only way he could have known that the graphic was missing would be that he has seen it himself. The graphic was 2 lightning bolts which strike at the bottom of the finned rocket which is enclosed in the circle. Since I could not put graphics in the document I only included a short description.

I tested my father once by relating that I had seen information while in the navy that the Government had recovered UFO's which had crashed. I did this to gauge his reaction because I knew that at one time when I was very little he was the radar Officer at White Sands Proving Ground. He gave me a very knowing look and advised me not to talk about it. I have never discussed the matter with him since.

COME FORWARD NOW IF YOU HAVE ANY INFORMATION AT ALL WHICH WILL SUBSTANTIATE THIS INFORMATION. THIS MAY BE THE ONLY CHANCE TO EXPOSE THIS TERRIBLE SITUATION. IF I FAIL YOU ALL FAIL.

Milton William Cooper (Bill)

The is only one of many files which I intend to upload that substantiate the information contained in my MAJIC.TXT.

A series of PROJECT GRUDGE/BLUE BOOK reports have been released over the years in connection with the USAF's investigation into UFO's which was supposedly terminated with the release of the Condon report in the late 1960's. Reports 1 through twelve of GRUDGE/BLUE BOOK were generally innocuous and contained no classified or truly sensitive material. There was a final report, #14 which was widely circulated and about which an entire book was written: FLYING SAUCERS: AN ANALYSIS OF THE AIR FORCE PROJECT BLUE BOOK SPECIAL REPORT NO. 14 by Leon Davidson: the fifth edition was published in 1976 by Blue-Book Publishers; 64 Prospect St., White Plains, New York 10606. Missing from public view, however, was report #13.

Several years ago, Bill English, son of an Arizona state legislator and former captain in the Green Berets had been assigned to an RAF 'listening post' north of London as an information analyst. English was, in the course of his duties, asked to prepare an analysis of the elusive GRUDGE 13 report. On his discharge from his work at the 'listening post' he returned to the United States and began to do a little UFO research on his own. English had been no stranger to the UFO phenomenon. In Viet Nam he was a member of a Special Forces investigative team that went in to retrieve a B-52 that was forced down by a UFO and all the occupants killed. Communications had been received from the B-52 before it went down to the effect that it was "...under attack by a UFO..", A "...large light...". The plane was found intact, sitting in the jungle. There was no swath indicative of a crash landing. Only the bottom of the fuselage showed any damage, there was no damage to the underside of the engine pods. Although the plane was completely intact the entire crew had been mutilated.

English, through contacts he still maintains has determined that the US Government 'most definitely' supports a 'project dealing specifically with UFO's and captured aliens'. According to what he has learned, the US government captured a trio of aliens, and that as of mid 1981, one of the beings was still alive in captivity. English also claims that "at one point in the early 1950's until the mid 1960's the Air Force maintained relocation and debriefing colonies for people who had experienced close encounters of the 3rd and 4th kind. They were isolated for all intents and purposes for the rest of their lives. He doubts that these colonies are still in existence.

English dictated 2 audio cassettes outlining what he remembered from the Grudge 13 report. These audio cassettes were transcribed into hand written notes by another person. The information contained therein indicated what had been suspected all along: that the US government was involved in the greatest deception in the history of mankind and that not only did flying saucers exist but that the government had several in secret storage and had captured at least 3 live aliens.

The following is a summary of what Bill English remembers

from what he read during that day in June, 1977 of PROJECT GRUDGE/BLUE BOOK REPORT NO 13.

In Box, diplomatic pouch under lock and key system. Lock had been opened, pouch was easily accessed. Standard diplomatic couriers pouch marked American Embassy Couriers, contained pouch serial number JL327Delta (JL327D?). Inside a publication with red tape which indicated code red security precautions and an Air Force disposition form. Disposition form was standard white page copy, title was 'Analysis Report'. Further down was "Analyse enclosed report under code red measures. give abstract breakdown and report on validity. Observe all code red measures. Analysis required immediately'. Underneath were a series of dashes then the letters NDF then another series of dashes. Below that, lower left hand corner were the initials WGB.

Publication was withdrawn from pouch. It measured approximately 8" by 11" with gray cover. Heavily bound, paper back style similar to technical manuals. Across the center front it read, "Grudge/Blue Book Report No. 13". It was dated 1953-(1963). In the lower right hand corner was AFSN 2246-3. In upper left hand corner was the word 'annotated'. Across the front upper right hand corner to lower left hand corner was red tape indicating code red security measures. Across the front was stamped in red ink 'Top Secret Need To Know Only Crypto Clearance 14 Required' Inside front cover upper left hand corner were hand written notations in ink which were blacked out by black felt pen.

Inside cover sheet was basically the same information as the cover. Second page was title page. Next page after that was an appendix with numerous notations made in it. Notations dealt with inserts of what appeared to be photos and additional notes. At bottom of third page it read G/BV Page 1 of 624 pages. Title page was subject letter. Complete list of appendix not remembered. Title. Some notes on the practical applications of the Worst Nemo equations.

Table of Contents, Part 1. "On the design of generators to accomplish strain free molecular translation". Part 2, "The generation of space time discontinuums, closed, open and folded". Part 3, "On the generation of temporary psuedo acceleration locas". Part 1, Chapter 1, "design criteria for a simple generator and control system referring to equation 17 appendix A". Part 2 Chapter 1, "Continuation of Einsteins Theory of Relativity to final conclusion". Part 3, Chapter 1, "Possible applications of Einsteinian theory of relativity at conclusion".

Part 1, chapter 2, reports of UFO encounters, classification "Close Encounters of the 1st kind", subtitle sightings and witnesses. Part 2, Chapter 2, "Close Encounters of the 2nd kind", subtitle UFO sightings witnessed within close proximity. Part 3, Chapter 2 "Close Encounters of the 3rd kind", subtitle UFO encounters and extraterrestrial life

forms witnessed and personal encounters. Subtitle, "Colonies relocation thereof". Case histories. Chapter 3 Part 1, titled "Military kEncounters with UFO's". Part 2 Chapter 3, "Military Reports Concerning sightings on Radar and Electronic Surveillance of UFO's". Subsection 2, Analysis Report, J. Allen Hynek, LtCol. Friend. Appendix continued on for about 5 pages. Opening subject page consisted of a report of the findings as written by LtCol. Friend and his analysis.

Must stress at this point that the version seen was annotated. There were inserts that were added to this copy after it had been initially printed. Sections remembered very vividly are the photographs and the reports concerning captive sights of various UFO's to include Mexico, Sweden, United States and Canada. There were also what was then classified Close Encounters of the 3rd kind. It was made very clear that these people whom it was determined had genuine CE 3's were move in the middle of the night by Air Force personnel and relocated to various sites in the mikwest and northwest parts of the United kStates. In many cases these people experienced physical ailments from exposure to various types of radiation.

One case especially noted and remembered very vividly was entitled 'Darlington Farm Case' out of Ohio. Case apparently took place in October 1953. Man, wife and 13 year old son were sitting down at dinner table. As they sat there the lights in the farm house began to dim. Dogs and animals raised rucus on outside. 13 year old boy got up from dinner table to see what was going on. Called his mother and father to come look at the funny lights in the sky. Father and mother got up and as they got up the son went outside into the yard. Father and mother went out onto the porch. When they got out on the porch one of the dogs broke loose from leash beside house and came running around front. Boy began chasing it out into the open field. As mother and father watched the light came down from the sky. They described it as a round ball of fire and it began to hover over field where boy and dog had run to. As they stood and watched, the mother and father heard the boy start screaming for help whereupon the father grabbed his shotgun which was right next to the door and began to run out into the field with the mother following. When the father got to the field he saw his son being carried away by what looked like little men, into this huge fiery looking object. As it took off the father fired several rounds at the object, to no avail. They found dog, its head was crushed but no sign of boy or any other footprints of the little men who apparently carried him off. Father immediately called Darlington police and they immediately came out to envestigate. The official report read that the boy had run off and was lost in the forest which bordered the farm. Within 48 hours the Air Force made the determination that the family was to be relocated and the mother and father were picked up by Air Force Intelligence and all personal belongings and possessions were loaded into U.S. Air Force trucks and moved to a nothwestern relocation site.

The mother was in shock and had to go through a great deal of psychotherapy and deprogramming as did father. One interesting aspect about this case was classification under the Air Force report which read it was a genuine CE 3 and that for the good of the national security the mother and father had been relocated to relocation zone Z21-14. Not sure whether this indicated map grid coordinates or latitude longitude. According to the report there were at least 4 relocation sites across the United States. Depending upon which type of encounter these people had, the report indicated that there were extensive medical facilities available at these relocation sites to deal with all medical emergencies up to and including radiation poisoning. The report mentioned a site located in the Utah-Nevada area, but no indication of its purpose or what it was for.

Report gave a clear indication of reports of human mutilations, most notably was a case witnessed by Air Force personnel in which an Air Force Sgt. E-6 by the name of Jonathon P. Lovette was observed being taken captive aboard what appeared to be a UFO at the White Sands Missile Test Range in New Mexico. This abduction took place in March of 1956 at about 0300 local and was witnessed by Major William Cunningham of the United States Air Force Missile Test Command near Holloman Air Force Base.

Major Cunningham and Sgt. Lovette were out in a field downrange from the launch sites looking for debris from a missile test when Sgt. Lovette went over the ridge of a small sand dune and was out of sight for a time. Major Cunningham heard Sgt. Lovette scream in what was described as terror or agony. The Major, thinking the Sgt. had been bitten by a snake or something ran over the crest of the dune and saw Sgt. Lovette being dragged into what appeared to him and was described as being a silvery disk like object which hovered in the air approximately 15 to 20 feet. Major Cunningham described what appeared to be a long snake-like object which was wrapped around the sergeant's legs and was dragging him to the craft. Major Cunningham admittedly froze as the sergeant was dragged inside the disc and observed the disc going up into the sky very quickly. Major Cunningham got on the jeep radio and reported the incident to Missile Control whereupon Missile Control confirmed a radar sighting. Search parties went out into the field looking for Sgt. Lovette. Major Cunningham's report was taken and he was admitted to the White Sands Base Dispensary for observation.

The search for Sgt. Lovette was continued for 3 days at the end of which his nude body was found approximately 10 miles downrange. The body had been mutilated; the tongue had been removed from lower portion of the jaw. An incision had been made just under the tip of the chin and extended all the way back to the esophagus and larynx. He had been emasculated and his eyes had been removed. Also, his anus had been removed and there were comments in the report on the apparent surgical skill of the removal of these items including the genitalia. The report commented that the anus and genitalia

had been removed 'as though a plug' which in the case of the anus extended all the way up to the colon. There was no sign of blood within the system. The initial autopsy report confirmed that the system had been completely drained of blood and that there was no vascular collapse due to death by bleeding. Subcomment was added that this was unusual because anybody who dies or has complete loss of blood there is vascular collapse. Also noted was that when the body was found there were a number of dead predatory type birds within the area who apparently had died after trying to partake of the sargeants body. There were a number of extremely grisly black and white photos. From all indications the body had been exposed to the elements for at least a day or two. The New Mexico sun in the desert is extremely hot and debilitating under normal circumstances.

In this section of the report it also indicated that there were numerous occasions in which a UFO tracked alongside of a fired missile and on one occasion said missile was observed being taken aboard a UFO while in flight. The speeds indicated were absolutely phenomenal. (English's father had told him privately that on more than one occasion he had personally tracked what they termed as 'foo fighters'. English's father was an electronic engineer by profession and was fairly well versed on electronics engineering and design and on more than one occasion he was involved in telemetry programming of milliles. English's father is currently a state legislator in Arizona.)

The report also indicated that there were a number of recovery teams that were activated specifically for the purpose of recovering any and all evidence of UFO's and UFO sightings. Most notably recorded in publication was what they called Recovery Team Alpha. It was reported that Alpha had been extremely active in a number of areas and on certain occasions had travelled outside of the continental United States. Alpha was based out of Wright Patterson Air Force Base and was on the move constantly.

Further information in the report consisted of such things as reported sightings and where air force planes had been destroyed or had combat encounters or had been attacked by UFO's. Also there were autopsy reports of various human mutilations.

About midway through the report came a section which dealt specifically with photographs. Each photo was labeled and appended to certain reports. A number of photos in there dealt with a recovery program of some type that took place in the southwestern part of the United States. They did not give a location name but they did give grid coordinates for that area. There is no clear indication to exactly where it was. The photos dealt with special teams that were called in to recover a crashed UFO. It also dealt with alien bodies and autopsy reports, autopsy type photographs, high quality, color, 8 x 10, 5 x 7.

Photo number 1 showed an alien being on an autopsy table

which is a metal with runnels and traps underneath to trap fluid and feces. Body appeared to be an little short of 4 feet. Table was about 7 foot. No clothing on body, no genitalia, body completely heterous, head was rounded cranium, slightly enlarged, eyes almond shaped, slits where nose would be, extremely small mouth, receding chin line, holes where ears would be. Photo was taken at angle, side view, looking at body from 45 degrees elevation, left hand was visible, head was facing to left, body was right to left position (head on right, feet on left), eyes were closed appeared oriental-looking and almond shaped, left hand slight longer than normal, wrist coming down just about 2 to 3 inches above the knees. Wrists appeared to be articulated in a fashion that allowed a double joint with 3 digit fingers. Wrist was very slender. There was no thumb. A palm was almost non-existent. The three fingers were direct extension from the wrist.

Color of the skin was bluish gray, dark bluish gray. At base of the body there was a darker color, indicating body was dead for some time. Body fluid or blood had settled to base of body. This indicated that body had been examined before beginning autopsy.

Picture showed beginning stages of autopsy, following standard procedure, body was slit from crotch to just under chin and green viscous liquid was in evidence. There were internal organs but these could not be identified. Photos thereafter concerned specific areas of internal organs of what appeared as small cluster of a multi-valve heart or at least 2 hearts within the cadaver. No accurate description of autopsy report or what was found within corpse accompanying photos. Indication that there was no stomach or digestive track per se. Later analysis showed that fluid within body was chlorophyl-based liquid which apparently dealt with photosynthesis or similar process. The report theorized that nourishment was taken in through mouth, however since there is no digestive track or anything of this nature, the waste products were excreted through skin.

One section of report did specify that cadavers were extremely odorous, but this could be accounted for by either deterioration or a number of things, but theory was that waste was excreted through pores of skin. They could only theorize in report because there was no xenobiology.

A report by Dr. J. Allen Hynek was recalled vividly which indicated that he had also studied the information provided by this particular case and that he felt that it was indeed a genuine UFO capture and subsequently the alien was part of UFO. Dr. Hynek was non-committal but did however sign the report. Also indicated in report that he did not view bodies personally, but viewed photographs and accompanying reports from autopsies.

Other photos dealt with a number of bodies which were vivisectioned in various ways. At one point, a head was removed from body and photographed and autopsy was performed

on head. The cranium was opened and brain matter was photographed and evident. Interesting thing about photo was that there was a ridgebone or dividing partition-type bone running directly through center of skull, from front to back, as though dividing two brains, one from the other. This seemed apparent from the picture. The skin was completely removed from cranial structure and the skull was layed bare as much as possible.

At one point the skull was cut directly in half and photo showed under developed esophagus and nasal cavaties. No clear photo of eye orbs as we know them, just photos of complete vivisection of skull itself.

Numerous photos of flesh of the being starting with cutaneous and subcutaneous microphotographic plates. Appeared to be cellular studies done under microscope and electron microscope type photos. Extreme magnification of tissue samples.

This concluded Bill English statement which was transcribed from 2 casette tapes. I obtained this handwritten memorandum in August of 1987 from Paul Bennewitz during my visit with him in Albuquerque. In September of 1988 I received a call from Bill English. I asked for a chance to meet him and discuss the Grudge 13 report. He said that this could be arranged but that the meeting would have to be on his terms for security reasons. He explained that there had been several attempts on his life by persons unknown since he had made the casette tapes about 6 years ago. We arranged a meeting at a small airport in Virginia on September 16. I was to sit in the lobby with by black flight bag and for identification purposes I told Bill what I would be wearingj. I had no telephone number for Bill.

As I walked in the small airport lobby after a 3 hour drive from Richmond I immediatily noticed 2 gentlemen who seemed 'out of place' for this locale. Both were wearing pin striped 3 piece suits, both had on dark glasses. One was a black gentleman. One was stationed inside the lobby door looking out at the parking lot, one was leaning up against an airline counter. I sat down and after a few minutes was approached by a tall, bearded man in jeans and a heavy jacket. He asked if I wanted to have a drink. We walked outside and he introduced himself as Bill English. We drove in Bills car into town to a local bar. About 5 minutes after we ordered and had started to talk, the men I had seen at the airport came into the bar and sat down. We left for Bill's house and never saw the men again for the next 2 days.

During the next 2 days I stayed with Bill and his wife and 2 children in a small trailer in the middle of a field at his farm. I asked him endless questions concerning the Grudge 13 document, how he happened to see it, what happened to him after he saw it and literally thousands of questions about the content of the document. My impression of Bill English

was that he was totally honest, that he stood behind his statements and recollection of the Grudge 13 papers, that he was a devoted husband and father to his wives 2 children. That Bill English was ready to come forward and enter into any debate regarding the legitimacy of the document and his recollections thereof. Of Bills compassion for his father and his fathers feelings concerning Bill and the reasons for their occasional disagreements. I have tremendous respect for Bill and what he has tried to do in getting this information out to the public. It has been at tremendous personal risk not to mention the ridicule by sponsored agents such as Bill Moore who has stated that the Grudge 13 papers are a fraud. (How would Bill Moore know?)

What follows is additional information about the Grudge 13 papers that I obtained from Bill during my visit. In addition to the following Bill painstakingly drew many sketches of the photos of different types of flying saucers, the equipment obtained from them including a sketch of the football sized nuclear generator and sketches of the autopsy photos.

From my notes taken during our 2 day meeting: Bill described a photo taken of 3 live aliens. Very clear photo, aliens standing against white tile wall, looking confused as if they had been shoved, were looking in different directions. Report said that aliens had contacted a U.S. Intelligence Agency for initial 2 meetings, one at Holloman one at Homestead.

U.S. Air Force relocation personnel (for persons involved in close encounters) were referred to in report as 'men in black'.

Major Cunningham was initially accused of murdering Sgt. Jonathon P. Lovette. Charges were later dropped.

Bill English's place of employment in England was RAF Security Services Command, RAF Chicksands.

Entire Grudge 13 report was written as if report was geared toward preparation of defenses.

Report told of ultrasonic weapons found in Germany at the end of WW II that could shatter 4" thick armour.

Report told of sensitive military and industrial areas at which personnel experienced missing time.

Report told about missing time experienced with personnel associated with North American X-15 rocket plane project.

Report stated that there were 17 different extraterrestrial species accounted for up to the time of the report.

Extraterrestrials were referred to as A.L.F.'s, Alien Life Forms in the report.

Report referred to one UFO that was recovered and test flown. The UFO blew up as the 2 Air Force pilots aboard attempted to leave the atmosphere. English recalls the date as the mid 50's.

Report refers to flying saucer program as Project 'Red Light' and that a secret installation had been constructed in the middle of the Atomic Energy Commission testing ground in Nevada.

At the time of the report 11 alien cadavers were being kept at Wright Patterson Air Force Base.

That additional alien cadavers were being stored at 4 to 5 other medical institutions.

That 2 flying saucers of extraterrestrial origin had been tested in the wind tunnel at Langley, Va.

That at the time of the report, 1 damaged disc was at Elgin Air Force Base in Florida.

That at the time of the report there had been 2 UFO incidents at Ft. Riley, Kansas.

That at the time of the report a detachment of the Alpha recovery team was based at Randolph Air force Base.

The report discussed civilian and military personnel who had been terminated 'to eliminate potentially dangerous elements to the national security'.

That General James Doolittle had been mentioned several times in the report with the notation that "His (Doolittle's) predictions might be correct". There was no indication of what those predictions might have been.

A short segment containing the quotation, "By presidential order, certain aspects of research had been undertaken."

This report about Bill English and the Grudge 13 papers was prepared by John Lear, 1414 Hollywood Blvd., Las Vegas, Nevada 89110, telephone number (702) 438-8181, on October 7, 1988.

This report was typed onto disc verbatim from the original document which was sent by John Lear via Federal Express and arrived on October 8, 1988 by Bill Cooper. I Bill Cooper do swear that no changes were made and do swear that this is an exact verbatim copy of the original.

STATEMENT

I, William S. English, do hereby state and affirm that I have met with Mr. John Olson Lear, on September 16-17, of 1988, and that we discussed my original report on my viewing of the Grudge/Bluebook Report 13, in June of 1977.

I Further state that whatever opinions Mr. Lear form or express on this matter are entirely his own, and that I stood behind my statements made originally when I came forward with this matter, and that I continue to stand behind my statements to this date.

I further state that anyone saying that they have an admission from me personally that this was a hoax is a liar and that if I was in fact perpetrating a hoax I could have found a better way of doing it. Instead I have chosen to allow time to either prove or disprove my claims on the information on this matter. Time it seems has proven the validity of my statements.

I welcome the chance to defend my position in either public or private debate and will continue to stand behind by original report.

Signed:

I have just met with a man who has been able to substantiate certain sections of my MAJIC.TXT. You will all find the following text very interesting. In order to confirm his knowledge I performed several tests which will you will spot in the text. His revelations were not solicited, I merely asked him to read the MAJIC.TXT and call me if he wished to talk. I met him through friends. This is the text of two meetings which I had with him. The first occurred when we were introduced. The second occurred on Christmas Eve and was the most revealing.

I attended a Christmas party given by a friend who I have known for many years. During the evening my friend took me

aside and told me that a man was present that he thought I should meet. My friend told me that because of the information that I had recently released this man might be able to give me information. I asked why he thought so? My friend told me that the man had been in the Army for 21 years and was assigned to DELTA SECURITY. I was immediately interested and asked to be introduced.

My friend introduced me to a tall, lean, fit man who was in his late 60's. I was impressed with his physical fitness. His hair was grey and he stood with the bearing of one who had spent many years with the military. He was mentally sharp and showed no effects of his age.

After we had been introduced I told him that I too had spent many years in military service, the Navy. I asked him where he had been stationed. He replied that he had spent a lot of time in Colorado, New Mexico, Nevada, and at Edwards Air Force Base. I commented that I thought it strange that an Army man would be stationed at Edwards. "Oh, he said, I was with Delta Security and we had a lot to do with intra-service projects." "We provided security for several services." I then asked him if he had ever heard of Project REDLIGHT. His eyes narrowed and he seemed uncomfortable. In fact he looked around the room as if looking for somewhere else to go. "I may have, he replied, but you know from your Navy days that I can't discuss what I was involved with." I told him that in a way I was involved with it also and then I told him that I was with Naval Intelligence for a time. We exchanged small talk but clearly he was uncomfortable since my mention of REDLIGHT. I excused myself then found my friend again. I asked my friend if he still had his copy of my MAJIC.TXT and if he did would he get it for me. He left the room and then came back and handed me the file.

I waited until I saw that the Ex-Army man was leaving and then went out to his car with him. I asked him if he would look at something that I would draw. He said yes but really had to leave. On the back of the MAJIC.TXT file I drew the TRILATERAL insignia. I said nothing. He grabbed the file and asked me where I had seen the insignia. I told him I had seen it while with Naval Intelligence and asked him if he knew what it was. "Yes, he said, it is on a piece of equipment. Do you know what the equipment is?" I told him that it makes no sound. "You know then what REDLIGHT really is, he said." I replied that I did. I told him that the papers he held was a file explaining the whole thing and that I would like him to read it and then call me if he would be willing to talk to me about his experiences. I told him that I have never revealed sources and would never reveal him as the source of the information. He looked me right in the eye and said, "If you even tell anyone about this conversation I will call you a liar right to your face." I told him that I understood fully. I asked him how long he had known my friend. He said he had known him for about 7 years. I told him to ask our mutual friend about me so that he would feel more comfortable about me. He took the file and left.

A few days later he called me and asked to meet me during the day at a local park on Christmas Eve. We arranged the time and met at a picnic table at the park.

The first thing that he said was that he never wanted his name connected with anything that I ever did or said and that he never wanted to see me again after our meeting. I agreed to those terms. He then gave me his telephone number and asked me to call him if I ever thought that his identity had been compromised in any way. I agreed to that also.

I then asked him why he had agreed to talk to me about his involvement. "For the same reason that you are talking about it, he replied, the whole thing is very grim and it won't get better." I asked him if he wanted me to ask questions or if he would just like to narrate. He told me to ask questions and when I pulled out my tape recorder he told me not to use it because voice identification was possible. I knew that this was possible and again consented to his terms. I asked if I could take notes and he agreed to notes only.

Bill----Where did you see the TRILATERAL INSIGNIA that I drew for you at the party and that you saw in my file?

Man-----On a flying saucer that I guarded at Edwards Air Force Base. I saw it again on different saucers when I was at Area 51 in Nevada....Your file is pretty accurate as to what I know....I was surprised by the extent of your knowledge.

Bill----I saw some of the information and have other sources. That file is the product of 17 years of searching. In fact a lot of it came from doing what we are doing now, just talking to people. Can you tell me how you came to see the saucer at Edwards?

Man-----I was assigned to guard a hanger at Edwards, at the time I didn't know what was in it.

Bill----What was the name of the hanger?

Man-----The hanger had no number or name. We called it the Delta hanger.

Bill----Can you tell me where it is located?

Man-----It is on the North Base. Its the only hanger off by itself and no one is allowed near it without a special badge and clearance.

Bill----What does the badge look like?

Man-----It is a red badge with a black triangle on the face of it and personal information on the back....like any other ID.

Bill----How did you see the saucer?

Man-----The hanger is only entered through one door. Inside the door is the guard room. On the other side of the guard room is a door that goes into an office. On the other side of the office is another door. We were not allowed out of the guard room but one night the duty officer asked me if I knew what I was guarding. I said no that it was not my job to know. He asked me if I would like to see. I thought he was checking me out and told him it wasn't necessary. He motioned for me to follow him and then took me through the office and into the hanger. I saw the saucer sitting on legs and it seemed to have jacks under it also.

Bill----Can you describe it for me?

Man-----It was about 30 feet in diameter, metal but not shiny. Like tarnished silver.

Bill----How thick was it?

Man-----About 15 to 18 feet thick.....It had the insignia on the underside and again on the top.

Bill----Did you see any openings?

Man-----No but I only saw one side and it was only for about 3 or 4 minutes.

Bill----Was it round?

Man-----Oh yes...just like the movies.

Bill----Were there any windows?

Man-----There was what looked to be windows around the raised portion but I could not see inside.

Bill----Were they round?

Man-----No, they were rectangular....I also saw a groove around the saucer about 4 feet from the edge all the way around and it was on the top and bottom. There was an area on the bottom that looked like vents or louvres.

Bill----What did the Officer say to you?

Man-----Only that he did not show me anything and we went back to the guard room then he left.

Bill----Isn't that unusual?

Man-----Everything I did or saw on Delta was unusual. I saw people break down and cry for no reason at times.

When things like that occurred you would never see that man again.

Bill----What happened to them?

Man-----I don't know and didn't ask.

Bill----Lets deviate from this for awhile. Do you mind?

Man-----No, I don't.

Bill----How did you get into Delta security?

Man-----I was recruited into the National Recon Organization and went to Fort Carson Colorado. After a lot of training I was screened for Delta and then assigned to Delta.

Bill----Why did they recruit you?

Man-----I was told that it was because I was an orphan. If something happens to someone connected to a secret project and they have family, the family could compromise the project in just trying to find out what happened to their loved one.

Bill----Is everyone in Delta orphans?

Man-----Just about, either that or their family died or was killed later in life.

Bill----Didn't that bother you? I mean what could be so secret that they have to use orphans?

Man-----Some of the things I've seen.....The stories... especially concerning dreamland....Did you know there are bounty hunters connected with dreamland?

Bill----What do you mean?

Man-----If you work at Dreamland and go on leave or pass and are not back on time or if someone doesn't come back they send bounty hunters after you.....Thats where the visitors...you know what I mean... live....there is an underground facility.....I don't think I should say anymore.....Most of the time I was there I can't even remember anyway.....We were supposed to talk about Redlight.

Bill----I don't remember agreeing to talk only about Redlight....Is this a new condition?

Man-----Yes, I don't want to talk about anything else..... I will tell you that very strange things happen at Dreamland.

Bill----What do you mean when you say you can't remember?

Man-----I can't remember....I really don't want to talk about Dreamland.....I won't talk about it.

Bill----Please don't tantalize me. Either talk about it or don't but don't do this to me. What else can you say about Dreamland? Can you tell me where it is?

Man-----No, I can't talk about it. This is all very dangerous and I am married now.....I just can't take a chance.

Bill----Ok, tell me about Area 51.

Man-----Area 51 is at Groom Lake in Nevada. Its the headquarters of Redlight.....The saucers are flown there. Its part of the test range...Its on the map.. its just a dry lake bed with a Top Secret installation built on and around it.

Bill----Have you seen one fly?

Man-----Yes, they are incredibly fast and make no noise at all.

Bill----Is the one at Area 51 the same as the one at Edwards?

Man-----One was the same....the other one I saw looks like a diamond.....like in a womans engagement ring.....if you take the diamond out of a ring and turn it upside down.....thats what it looks like.

Bill----You mean literally like a diamond?

Man-----No, but the shape is the same.....it really glows....but only when it flies. On the ground it is the same metal as the saucer at Edwards....when it flies it glows like the sun and sometimes changes colors.

Bill----How close were you when you saw it?

Man-----Not close...no one was allowed to get close.... I think it emitted radiation because we were all required to wear dosimeters and they had to be checked daily.

Bill----You mean it was atomic powered?

Man-----I don't know.....I only know there was a definite radiation hazard and our dosimeters were checked daily. We turned them in to be checked and were issued new ones every day.

Bill----How long did you stay at Area 51?

Man-----The first time was for 3 months....Nobody ever stayed more than a few months. The second time I was there was for almost 5 months.....its like wartime there

were no passes while at Area 51....we had excellent recreation facilities though.

Bill----I hate to press you but I would like to know more about Dreamland. My information seems to conflict with yours. I have information that the Alien base is in New Mexico, is that where Dreamland is?

Man-----There is more than one base and I have to go now.... I should not be talking to you about anything at all. Its all too dangerous....even more than you think.....I don't know everything but I know that its way out of control and to tell you the truth I'm afraid of what is going to happen.....Don't ask me what because I don't know but.....I know something is going to happen.....Giant underground shelters are being built under Groom Lake.....and in other places. From reading your papers you know more about a lot of this than I do.....I really do have to go now....Its Christmas Eve and I live a ways off.

Bill----Before you go would you look over these notes and make sure they're right?

Man-----I watched you write and its right. What are you going to do with those notes?

Bill----I'll make a file and release this in the form of an interview without identifying you.

Man-----If you do I'll call you a liar.

Bill----I won't identify you and just so you will feel better I have never identified any of my sources. If you ever want to talk again you have my phone number.

Man-----I don't think so....you had better be real careful... I mean about yourself....I really wouldn't give anyone else those notes....You should think about it.

Bill----What do you think will happen?

Man-----The same thing that has happened tosome othersyou should just drop it.....you....nobody can do anything.

The rest was just parting conversation. He seemed to be very sincere and very worried about what he was telling and worried about my safety as well as his own.

This is the second person who has described a saucer at Edwards, the same security badge, and reference to Dreamland keeps coming up with these people. This is the first time I have heard that there is more than one alien base and it is the first time I have heard of bounty hunters. I think the reference to a radiation hazard and the use of dosimeters is also significant in view of the incident in Texas involving

the two women. John Lear told me that Dreamland was at Edwards. Personally I do not know the location. Just the name "DREAMLAND" is so far away from the normal military trend of naming projects and places that it provokes questions. I would like to point out that at one point my sources told me the alien base was at Dreamland then they told me it wasn't true and backed away from it. The name keeps cropping up in connection with the alien base. Reference to loss of memory is also common with abductees. I found this interview to be personally disturbing.

Where possible I wrote down the questions and answers and those are written exactly as asked and as answered. At some points the conversation is reconstructed from my notes but was done as soon as I arrived home and I am certain that it is accurate. Having just met this man I have no clue as to his motives or to the accuracy of the information. However I do believe he was sincere and the range of emotions he expressed would have been difficult for even a very good professional actor.

(NOTE! A "dosemeter" is (or was when I was in service) a piece of film in a small badge that is worn by personnel when working in areas where they may be exposed to radiation. If the film is hit by a dose of radiation it is exposed. The amount of film exposure determines the exact dose of radiation. When I was in the Strategic Air Command I had to wear one because the alert pad aircraft carried nuclear weapons. Our dosimeters were checked weekly. If the dosimeter indicated that you had been exposed to radiation then you had to go through a decontamination procedure. During my time in service my dosimeter never indicated any exposure to radiation. This explanation is offered for those of you who may not have known what a dosimeter is.)

This is another TRILATERAL INSIGNIA that appeared in the

MAJESTY papers. It is worn on the alien uniforms (like one piece tight coveralls). It is also displayed on various alien craft. The astericks down the middle should be a straight line but I was unable to do that on my computer. The O's are really small circles but could not do that on my computer either. The triangle should be equilateral but again I could not do that on my computer. I do not know what this means. It has also been seen from the air at some landing sites.

This insignia is used to mark landing sites and bases it is layed out so as to be seen from the air above the site. The same notes apply to this insignia. I do not know what it means.
