

hello my name is...

Hi, my name is Paul and I'm 15 years old. I live with my family in a villa in Los Angeles and go to school by bus. I enjoy cycling there every morning and coming back home after school. I also like jogging, watching TV and collecting stamps. The place where I live is very quiet, with cats and dogs and people watering their gardens.

I have two sisters, one older, the other one younger, but they are very nice. I love them so much. Sometimes we play together or go shopping with my mom.

My best friend is Adam; he lives far from my house. We like playing video-games together. We're also good at writing short stories, but we're not good at painting.

I get up every day at 7.15 a.m. and have a big breakfast. Mornings are spent at school talking to friends and going to classes. That's how I spent my days.
