Educlimber - Quick Guide

Behavior Data

1. Click on the whistle on the left-hand side of the screen:

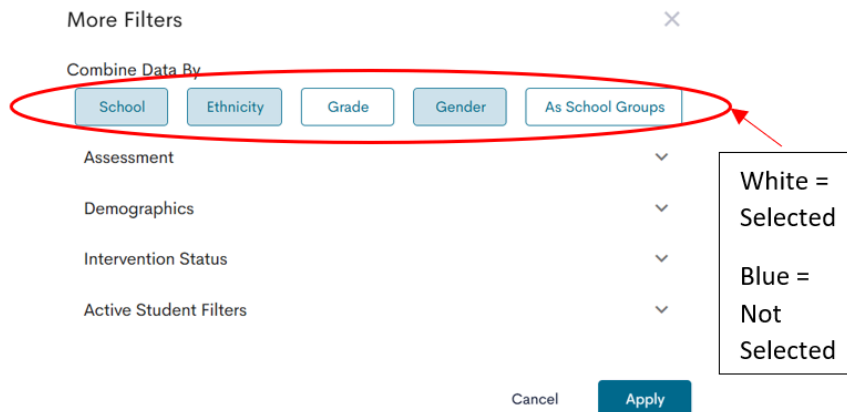

2. Choose major (SESIR) or minor (X-Offense):

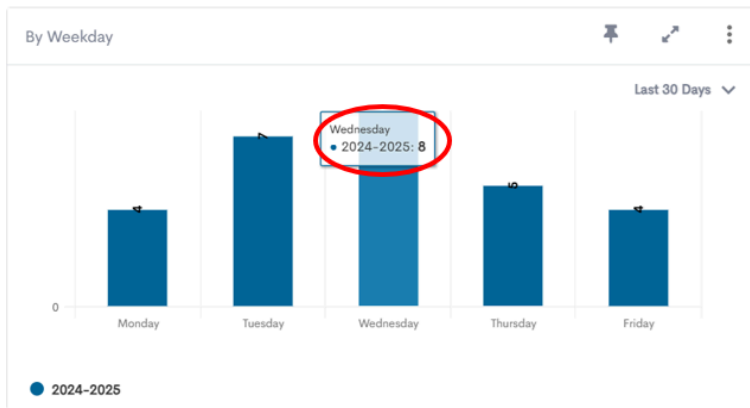

What Incidents are happening?

Major	Minor
84 Total	2439 Total
0.3 Average Per Day	9.2 Average Per Day

3. You can filter your data by school, grade, date, code, or response:

‹ Incident Charting ?

2024-2025 ▾ | 2/22/2025 - 3/24/2025 | School ▾ | Grade ▾ | Major ▾ | Code ▾ | Response ▾

4. Additional Filters (e.g., Demographics, Intervention Status, Active Student Filters, etc.) can be added to narrow search results:

Intervention Status ⌄

Active Student Filters ⌄

White = Selected

Blue = Not Selected

Cancel   **Apply**

5. You can now view data by primary incident code, primary response, when the incidents are occurring (month/weekday/hour), where they are occurring, and by student.

6. Additional data can be viewed by clicking on any bar graph line:

7. Data can also be viewed as a Datawall by clicking on the top right of the screen:

8. Your screen should now look like this. You can also click on the arrow under details to view more information about a specific incident:
