

Who am I talking to: Newbie copywriters who want to improve their skills and make more money

Where they are in the funnel: they are in the email list

What I want them to do: click on the link and direct them to the sales page where they'll buy the product (A step-by-step email marketing strategy)

What I want them to feel: empowered (I will make you a million-dollar copywriter), excited (I will help you create emails that stand out and make you a ton of money)

The ONLY way to write 5-figure emails TODAY

If you want to write 5-figure emails each month in 2023 and beyond...

Then you **MUST** create content that stands out, sells out, and sounds like you.

It's not enough to spit out a mediocre email from a ready-made template or A.I. tool...

Instead, you want to make your readers feel genuinely heard, included, and inspired by the value that you bring.

In other words, your emails **MUST** speak to your readers' **REAL** wants, needs, and desires and help them solve a **REAL** problem.

So, if you want to write 5-figure emails each month in 2023 and beyond...
