

"Wonder"ful News

Week of
November 17th - 21st

News

This week students enjoyed identifying the people who work to build a variety of structures around us.

Construction workers, their tools and vehicles were identified through a variety of read alouds and activities that also supported math and literacy concepts. The read aloud, Pete the Cat:

Construction Destruction, was the catalyst for identifying structures on the playground and drawing a blueprint for the best playground ever!

Students explored print-making in a fun and engaging way as they used letter/sound connections to label the parts of their playground.

Next week is a short week! Students will share their ideas about family and traditions as we explore the Thanksgiving holiday!

Reminders

November 26th - 28th -

Mrs. Mitch and I hope everyone has a wonderful Thanksgiving break! We hope you enjoy this time with family and friends. Please know we are thankful for your support throughout this school year and we look forward to more learning and exploration when we return!

Monday, December 1st -
Mustang Monday - Students may wear their Mustang shirts or school colors on this day!
