

PECHS Yearly One Time No Hassle Fundraiser

Dear Families,

As a valued member of our school community, we invite you to support Pender Early College High School with a donation to our general fund. Being a small school, our funding from the state is limited, and we lack the resources larger schools enjoy. We also offer free parking and have no athletics where we can sell concessions or tickets to help support our school. After talking with other early college high schools, we decided to hold a one time zero hassle yearly fundraiser for our general fund. This will be the only general funds fundraiser for our school this year besides our [school store](#), [raiseright](#) (where you can buy gift cards and the school gets a percentage from each gift card), [Harris Teeter](#) (you can link your VIC card to our school and Harris Teeter donates a small percentage to our school), and our annual alumni/community dinner. All other fundraisers this year will only be for our school clubs and PTA.

Your donation will support our general fund which is used for the following:

- Field Trips
- University Visits
- School Supplies
- Refreshments for Students and at Events
- Games and Athletic Gear
- Professional Development for Staff
- Prizes for student activities

We suggest a donation of \$50 per family, but any amount, large or small, is sincerely appreciated. You can contribute by check or money order made out to Pender Early College High School or electronically via our secure donation link.

Additionally, if you have a business who would like to donate or match your donation to our school, please share this link with them as well.

<https://osp.osmsinc.com/p/XL327-VAR1>

Your generosity helps us provide valuable opportunities and resources that enhance the educational journey of every student at our school. We are immensely grateful for your support. Please monitor our school website and social media throughout the year to stay updated on upcoming events. Thank you for your generosity and commitment to our school community.

Thank you,

Daniel Sidor
