

**You have 24 hours to create a maximum 2-page scene using the following 5 prompts:**

- A **Fur Coat** must be in the scene
- The word "**Intention**" must be said by a character
- A **notebook/notepad** must be in the scene
- The word "**Fun**" must appear in your screenplay in some form (prop, description, location, dialogue, part of another word such as "fundamental" or "refund", etc.)
- The Scene must involve a **Meet Cute**. A meet cute is the first interaction of two characters who will become romantically involved. As the name implies, this is normally done in an amusing, charming, or cute way.
