6. Greater collaboration with strong-work force
7. Review the different participatory governance structures with a view to possibly streamlining representative positions
8. Clarify and improve workload points system in terms of its implementation, including greater consistency and financial follow through

Draft Academic Senate Goals for 2023-24

During the September 14, 2023 Academic Senate meeting, Academic Senate will brainstorm goals, trying to identify any matters that faculty feel AS should address this year.
- **Please share anything that might not be on the list or share more specific tasks/objects that fit under some of the listed goals/initiatives.**
- Any faculty member can share during the September 14th meeting, by sending any ideas to any member of the Academic Senate Governing Council, or by entering ideas into this document.
- If you would like ideas, you can view past Senate goals from the last two years in the following document: Past Academic Senate Goals. You are welcome to copy and paste a past goal into this document if you want to recommend that work continues on the goal.

During the September 28 Academic Senate meeting, we will then finalize a list of annual goals and start prioritizing them.

1. Here's the link to 2023-24 EMP Goals:
   https://canadacollege.edu/prie/canada-collaborates.php

   Priority#3 is being led by VPI and has issues relevant to Senate, including AB1111/928:

Priority #3: Strengthen K-16 pathways and transfer		
3.7 Fulfill the MOU with Sequoia UHSD, SF State and CSU East Bay 3.8 Strengthen transfer support services to increase transfers 3.9 Implement AB 1111 (common course numbering) and 928 (CalGETC)	Dr. Chialin Hsieh, VP of Instruction	First meeting to be scheduled for the first week of October
