Mendenhall Elementary School
Wellness Policy 2024-2025

Rationale:

The link between the health of students and learning is well documented. If children are to be successful in school they cannot be tired, hungry, sick, suffering from drug abuse, or worried that school is an unsafe environment in which they could become a victim of a violent act. It has become apparent that problems such as poor nutrition, lack of physical activity, substance abuse, depression, teen pregnancy, obesity, bullying, and more - can adversely affect not only a child's health, but also his or her *ability to learn!* And that is precisely why a coordinated approach to school health can make a difference! A coordinated approach to school health improves kids' health and their capacity to learn through the support of families, schools, and communities working together. At its very core, a coordinated approach to school health is about keeping students healthy over time, reinforcing positive healthy behaviors throughout the school day, and making it clear that *good health and learning go hand in hand.*

Goal:

All students in Mendenhall Elementary School shall possess the knowledge and skills necessary to make healthy choices that promote healthy lifestyles. All staff in Mendenhall Elementary School are encouraged to model healthy eating and physical activity as a valuable part of daily life.

To meet this goal, Mendenhall Elementary School adopts this school wellness policy with the following commitments to implementing a coordinated approach to school health. This policy is designed to effectively utilize school and community resources and to equitably serve the needs and interests of all students and staff, taking into consideration differences in culture.

Commitment to Nutrition

The Mendenhall Elementary School will:

- Offer a school lunch program with menus that meet the meal patterns and nutrition standards established by the U.S. Department of Agriculture and the Mississippi Department of Education, Office of Child Nutrition Programs.
- Offer school breakfast and snack programs (where approved and applicable) with menus that meet the meal patterns and nutrition standards established by the U. S. Department of Agriculture and the Mississippi Department of Education, Office of Child Nutrition Programs.
- Promote participation in school meal programs to families and staff.
- Operate all Child Nutrition Programs with school food service staff who are properly qualified according to current professional standards (Mississippi Board of Education Policy, Code EE-2E).

- Follow State Board of Education policies on competitive foods and extra food sales (Mississippi Board of Education Policy, Code EEH).
- Implement Nutrition Standards as adopted by the State Board of Education in accordance with the Mississippi Healthy Students Act (State Board of Education Policy 4011), [www.healthyschoolsms.org/MSHealthyStudents Act.htm](http://www.healthyschoolsms.org/MSHealthyStudentsAct.htm).
- Healthy food and beverage choices;
- Healthy food preparation;
- Marketing of healthy food choices to students and staff;
- Food preparation ingredients and products;
- Minimum/maximum time allotted for students and staff lunch and breakfast;
- Availability of food items during the lunch and breakfast periods of the Child Nutrition Breakfast and Lunch Programs;
- Methods to increase participation in the Child Nutrition School Breakfast and Lunch Programs.
- Establish guidelines in accordance with the Mississippi Beverage and Snack Regulations for all foods available on the school campus during the school day with the objective of promoting student health and reducing childhood obesity.

Commitment to Food Safe Schools

The Mendenhall Elementary School will:

- Implement a food safety program based on HACCP principles for all school meals, as required by the U.S. Department of Agriculture and the Mississippi Department of Education, Office of Child Nutrition Programs and ensure that the food service permit is current for the school site.
- Develop a food safety education plan for all staff and students, consistent with Fight Bac® (www.fightbac.org) and other national standards for safe food handling at home and in school.
- Ensure that all staff have viewed the video developed by the Office of Healthy Schools to support food safety on the school campus. For compliance with the Nutrition Standards all staff must complete and sign pre and post test developed by the Office of Healthy Schools and maintain documentation of completion. The video and Pre/Post Test can be downloaded at: http://healthyschoolsms.org/ohs_main/instructionalvideo.htm.
- All school personnel (school board members, administrators, teachers, school nurses, instructional and health services paraprofessionals, foodservice staff, custodians and facilities managers, and administrative support staff) will receive copies of the Local School Wellness Policy to include food safety policies and procedures and relevant professional development. Examples of professional development include, but are not limited to, the video developed by the Office of Healthy Schools and *Eating Safely at School*, (<http://schoolhealth.nsba.org/site/docs/42400/42324.pdf>) developed by the National School Boards Association.
- Adequate access to handwashing facilities and supplies will be available whenever and wherever students, staff, and families prepare, handle, or consume food.

- The food safety assurance plan must address strategies that minimize risks for students and staff who have food allergies and intolerances.

Commitment to Physical Activity/Physical Education

The Mendenhall Elementary School will:

- Provide 150 minutes per week of activity-based instruction for all students in grades K-8 (in accordance with Section 37-13-134, Mississippi Code of 1972, ann., reference 2004 Mississippi Public Schools Accountability Standards 32, Appendix B and 33).
- Kindergarten students will participate in physical activity for a minimum of 40 minutes per school day. The 40 minutes does not have to take place continuously. This time should be used to help the child increase the skills involved in physical coordination (Kindergarten Guidelines).
- Provide Physical Education/Activity in accordance with the Physical Education Rules and Regulations as approved by the State Board of Education in compliance with the Mississippi Healthy Students Act (State Board of Education Policy 4012).
- Offer a planned sequential program of physical education instruction incorporating individual and group activities, which are student centered and taught in a positive environment.
- Instruction must be based on the 2013-2014 Mississippi Physical Education Framework.
- Implement the requirements of the Mississippi Healthy Students Act of 2007 (Senate Bill 2369).
- Incorporate 5 to 10 minute physical activity sessions in classrooms to teach subject areas and to make transitions between different lessons.
- Establish or enhance physical opportunities for staff (exercise room, walking clubs, staff related sports)

Commitment to Comprehensive Health Education

The Mendenhall Elementary School will:

- Implement the requirements of the Mississippi Healthy Students Act of 2007, which requires 45 minutes per week of health education instruction as defined by the State Board of Education for grades K through 8.

Commitment to a Healthy School Environment

The Mendenhall Elementary School will:

- Ensure that there are no pad locks or chains on exit doors; exits should never be obstructed (in accordance with Mississippi State Fire Code). Ensure that all exit signs are illuminated and clearly visible.
- Ensure that all chemicals are stored properly (in accordance with the Material Safety Data Sheet www.msdssearch.com).
- Refer to the U.S. Consumer Product Safety Commission's Handbook for Public Playground Safety (www.cpsc.com); for federal guidelines for playground safety.
- Ensure that fire extinguishers are inspected each year and properly tagged.
- Complete yearly maintenance of the heating and cooling system in your school; check coils, filters, belts, etc. in order to maintain safe operation and healthy air quality.
- Conduct at least one emergency evacuation drill per month.
- Ensure that two means of egress are available in each classroom in case of an emergency; if there is only one door, designate a window (properly sized) as a means of egress.
- Never use extension cords as a permanent source of electricity anywhere on a school campus.
- Install security cameras on the school campus.

Comply with the applicable rules and regulations of the State Board of Education in the operation of its transportation program (in accordance with the MS Code 37-41-53; State Board of Education Policies 7903, 7904, and 7909; and Accreditation Standard #35).
