

NYU COALITION

A Just Response to the COVID-19 Crisis

Update as of March 27

We shared this list of demands with university administrators on Tuesday, March 17 and requested a meeting to discuss the implementation of our demands. We contacted multiple relevant university administrative offices to discuss these urgent demands, and were either ignored or rejected (specifically in the case of student housing).

The university is, however, implicitly responding to our demands by implementing some of the suggested changes to their COVID response: the university has extended the deadline for students to opt into Pass/Fail (we are asking for a more equitable Universal Pass); the university has set up an emergency fund (although they are relying on donations from NYU community members instead of NYU's own ample funds); and the university has guaranteed continuity of pay for most workers (the impacts on subcontracted workers, like dining hall and custodial staff, remains unclear). People power is working!

*We believe that clear channels of communication and more democratic procedures are necessary in order to respond to the crisis in an effective and just manner, and we are frustrated by the university's exclusion of NYU students, faculty, staff, alumni, and parents from the decision-making process. **This petition now has the support of over 19 university organizations and ~1,000 NYU community member signatures. We again demand that the university meet with us to discuss the below issues, and expect a response by Tuesday, March 31.***

March 17, 2020

To Andrew Hamilton:

We, the undersigned organizations and individuals, call on NYU to take the following steps to support workers and students during the ongoing COVID-19 pandemic. We know that the university, like all of us, is acting quickly in response to these ever-changing, unprecedented circumstances. And we know that we all must take difficult measures to protect our community from the dangers of the COVID-19 pandemic, and act in solidarity with our community. However, we also know that during times of crisis, employers and those in power tend to react by protecting their own interests and forcing the burden of change onto the most vulnerable—especially workers, the poor, and those marginalized for other reasons. And we know that, even accounting for the loss of tuition and housing payments due to closing campus, the university has vast financial resources that are sufficient to guarantee the wellbeing of all workers and

students during this time. We therefore demand that the university shoulder whatever burdens it can. NYU students and workers will not bear the costs of these changes; in fact, we cannot afford to.

The following demands come out of meetings between undergraduate students, graduate students, and staff, and as such reflect the urgent needs of and challenges facing NYU students and workers across campuses. Because the situation with COVID-19 is changing every minute, we reserve the right to add more demands to this petition, and will notify all signatories of any such changes. We will also update it if and when the university accepts our demands.

NYU community members and organizations may sign on to these demands and provide comments [here](#).

Our demands are outlined as follows, with the full demands detailed below (*denotes an especially urgent demand): <https://tinyurl.com/CovidPetitionNYU>

1. **PROTECTION AND HAZARD PAY FOR ESSENTIAL WORKERS*.**
2. **ENSURE INDEFINITE PAID SICK LEAVE, PAID FAMILY LEAVE FOR ALL WORKERS*.**
3. **ENSURE ACCESS TO HEALTHCARE.**
4. **ENSURE CONTINUITY OF PAY AND JOB SECURITY FOR ALL WORKERS*.**
5. **COMPENSATE EVICTED RESIDENTIAL ASSISTANTS AND RESOURCE CENTER ASSISTANTS.**
6. **ENSURE THE EMERGENCY FUND IS ADEQUATELY FUNDED THROUGH UNIVERSITY RESOURCES AND DISBURSEMENT IS TRANSPARENT.**
7. **GUARANTEE HOUSING FOR ALL STUDENTS.**
8. **REIMBURSE FOR HOUSING, PAY FOR MOVING.**
9. **PROVIDE SAFE LIVING CONDITIONS FOR ALL STUDENTS AND STAFF.**
10. **SUPPORT AND PROTECT INTERNATIONAL AND IMMIGRANT STUDENTS AND WORKERS.**
11. **SUPPORT AND PROTECT STUDENTS WITH DISABILITIES.**
12. **ENSURE SECURITY AND PAY FOR PRECARIOUS ACADEMIC WORKERS (STOP THE CLOCK).**
13. **POSTPONE PROGRAM DEADLINES AND REIMBURSE COSTS FOR STUDENTS.**
14. **PAY FOR REMOTE LEARNING TRAINING & RESOURCES.**
15. **REIMBURSE ALL TUITION AND FEES.**
16. **ADOPT A UNIVERSAL PASS MODEL.**
17. **ENSURE ACADEMIC ACCESS & COVER TECHNOLOGY COSTS.**
18. **ESTABLISH A PANDEMIC AND NATURAL DISASTER RESPONSE PLAN.**

Our full demands are as follows. **We demand, most urgently:**

1. PROTECTION AND HAZARD PAY FOR ESSENTIAL WORKERS*.

- a. NYU must ensure hazard pay for all essential workers, including research, clerical, dining, custodial, security, and maintenance staff, irrespective of whether they are directly employed by NYU.
- b. NYU must consult with workers and their unions to minimize the number of people classified unnecessarily as “essential employees,” determine the possibility of staggered and rotating shifts, and minimize each worker’s hours and days they are required to come in.
- c. NYU must provide proper Personal Protective Equipment (PPE) for all essential staff. They must be supplied with gloves, masks, and sanitizers, as well as cleaning supplies.
- d. NYU must provide full and free healthcare coverage for all essential workers to access COVID-19 testing and treatment.

2. ENSURE INDEFINITE PAID SICK LEAVE, PAID FAMILY LEAVE FOR ALL WORKERS*.

- a. NYU must publicly promise to provide all workers, including subcontracted workers, indefinite paid leave both for personal illness and to attend to sick family members. Paid family leave is essential so that employees with high-risk members in their household do not put their families at risk, and do not lose pay while caring for them.

3. ENSURE ACCESS TO HEALTHCARE.

- a. NYU must ensure that regardless of insurance status, all NYU affiliates, students, and workers have access to free on-demand COVID-19 testing as well as treatment.
- b. NYU must commit to fully covering the costs of coronavirus testing, treatment, and vaccination. Wellfleet [has committed](#) to covering all testing at no charge and at local healthcare providers without referrals. However, given that many students are relocating and will not have access to their normal network of healthcare providers, all additional COVID-19-related care should also be covered at 100%, regardless of Wellfleet’s policies and regardless of whether care was provided by an [in- or out-of-network provider](#).
- c. The university must ensure that Student Health Center employees are fully aware of where to refer individuals to seek care, even if away from campus, and can explain how that care will be fully covered, for those with insurance through the university or elsewhere.
- d. Any member of the surrounding community in NYC should have access to the Student Health Centers in Manhattan and Brooklyn. In demanding this, however, we also insist on increasing the capacity of the Student Health Center so that the workers are not put at risk or overworked.
- e. NYU must extend the enrollment deadline for student health insurance for all students and their dependents who didn’t enroll by the deadline (Feb. 10) but now need to in light of the pandemic.
- f. Given that the pandemic will mean a tighter job market for graduating students, it is imperative that NYU reinstate the “Continuation Option” for student health insurance so that graduating students can have access to healthcare post graduation. See GSOC’s previous statement on this [here](#).

4. ENSURE CONTINUITY OF PAY AND JOB SECURITY FOR ALL WORKERS*.
 - a. NYU must ensure that there are no layoffs of any workers directly employed by NYU or employed through a contractor. NYU is currently reporting that CBS is retaining cleaning and housekeeping staff, while it is uncertain whether Folett (which employs bookstore employees) and Chartwell's (which employs food service workers) will retain all of those workers. NYU must act now to ensure that their job, wages, and benefits are maintained for the duration of this crisis. Subcontracted workers are as much a part of the NYU community as the rest of us, and the subcontract does not make them less vulnerable to the pandemic.
 - b. Workers who are not able to telework or whose hours have been reduced for any reason should be paid their usual wages. Always, but especially now, it is imperative that all workers maintain a good standard of living.
 - c. All benefits promised to workers must be upheld. For example, we oppose NYU's recent move to take away sergeants' vacation time and sick time buy-back benefits.
 - d. NYU must respond to [the demands of Law Students for Economic Justice \(LSEJ\)](#).
 - i. NYU Law has committed in a Town Hall to continuity of pay for its subcontracted dining hall workers through Chartwells through the end of the semester. The rest of NYU must follow suit, and ensure job security for the duration of the pandemic.
5. COMPENSATE EVICTED RESIDENTIAL ASSISTANTS AND RESOURCE CENTER ASSISTANTS.
 - a. Housing and meal plans that residential assistants and resource center assistants received were a part of their compensation. Since the dormitories have been shut down, these workers should be compensated in cash, rather than additional scholarship money, so that they can meet current expenditures on food and housing. This will be in line with NYU's [stated commitment](#) to continuity of pay for all student employees. See the workers' [own petition here](#).
6. ENSURE THE EMERGENCY FUND IS ADEQUATELY FUNDED THROUGH UNIVERSITY RESOURCES AND DISBURSEMENT IS TRANSPARENT.
 - a. We recognize and appreciate NYU's action to set up an emergency fund to cover expenses incurred by students due to the pandemic. These expenses should include but not be limited to healthcare, food, household supplies, travel, relocating, legal aid, or alternative housing.
 - b. We call on the university to pay for the emergency fund using existing university resources, such as the endowment, rather than requesting donations from parents and alumni.
 - c. We also demand transparency from the university in the allotment and dispersal of these funds.

We further demand the following:

7. GUARANTEE HOUSING FOR ALL STUDENTS.

- a. NYU should allow any student who wants to stay in university housing to do so, and all student requests to remain in university housing should be approved. We realize that NYC is facing a public health emergency, and that student dorms may play a role in ensuring that patients receive effective and safe medical care; NYU must still ensure housing for all students who need it.
- b. If there is a lack of sufficient and safe university housing available, NYU must secure and pay for housing outside of the university for students. NYU has the moral responsibility to ensure all students—including financially overburdened students, students with disabilities, international students, and students facing discrimination or other risks at home—have safe and secure housing amidst this public health crisis.

8. REIMBURSE FOR HOUSING, PAY FOR MOVING.

- a. NYU must promise to bear all costs of moving—including travel and shipping—for students who choose to move out.
- b. NYU must also bear any costs of new accommodations over what the students would have paid in NYU housing.
- c. NYU must make good on its promise to prorate room and board rate, and do so quickly and transparently.
 - i. We hear from the [Student Government](#) that housing and meal plan refund checks are expected to start arriving by March 30, and will be following up with members and the university community to ensure this is met.

9. PROVIDE SAFE LIVING CONDITIONS FOR ALL STUDENTS AND STAFF.

- a. NYU must make arrangements to deliver prepared meals to students who continue to stay in NYU residence halls.
- b. NYU must provide security, cleaning services, and cleaning materials for students who stay.
- c. NYU should provide hazard pay for staff, as well as safe and healthy accommodations for them on campus if they wish to avoid commuting.

10. SUPPORT AND PROTECT INTERNATIONAL AND IMMIGRANT STUDENTS AND WORKERS.

- a. Since the federal relief package announced on March 25, 2020 only applies to US citizens, NYU must provide the same monetary relief for its international and immigrant population.
- b. NYU must clearly advise international students on how their immigration status and OPT applications may be affected if they choose to leave the country. [OGS put out more information](#) soon after the release of this petition on March 17. However, we demand that NYU take more concrete steps to support international students.
- c. NYU must allow international students to stay in campus housing if the students so choose, or guarantee access to alternate housing and cover any difference exceeding the costs of their present accommodations until the end of the crisis (see the student petition [here](#)).

- d. NYU must actively join with other universities to lobby the Department of Homeland Security on matters affecting its international students. Domestic and international travel restrictions, embassy closures, travel cancellations, and health concerns have made existing visa and immigration protocols impracticable.
- e. NYU must advocate for indefinitely suspending limits on the number of online classes international students can take to maintain their visa status.
- f. NYU must extend all I-20s for a year for students who are close to having their document expire.
- g. NYU must reimburse any visa renewal fees for students who end up staying outside of the country for more than 5 months and/or need to extend their studies due to delays in research.
- h. NYU should lobby for the extension of the unemployment grace period for the OPT and for relaxations in regulations that require the applicants to be in the US to apply.

11. SUPPORT AND PROTECT STUDENTS WITH DISABILITIES.

- a. NYU must ensure that students with disabilities remain in accessible housing, cover any extra cost incurred in relocating, and provide any requested support in moving.
- b. NYU must ensure that all remote coursework is accessible for students and provide any accommodations necessary.

12. ENSURE SECURITY AND PAY FOR PRECARIOUS ACADEMIC WORKERS (STOP THE CLOCK).

- a. We are heartened to know that NYU agreed to the demands by junior faculty to “stop the clock” on tenure deadlines for one year, and demand that the university likewise ensure that all stipend payments for graduate students are extended for the same length of time (one year). For masters students, no additional tuition fees should be charged for extended degrees. This is necessary in light of the physical and mental health toll wrought by the crisis, as well as a variety of academic challenges: extra time spent reconfiguring lesson plans for remote teaching; loss of access to lab space, fieldwork, and human subjects; and the cancellation of conferences and disruptions to academic journals. Furthermore, graduate students on the job market in the coming year(s) are likely to face an even worse market due to university hiring freezes.
- b. NYU must ensure security for contract and non-tenure faculty by automatically extending their contracts for one year. See [this petition](#) written by contract faculty.

13. POSTPONE PROGRAM DEADLINES AND REIMBURSE COSTS FOR STUDENTS.

- a. NYU must offer all students the option to postpone or extend any program deadlines (UG/MA thesis, qualifying exams, proposal and dissertation submissions and defenses, etc.).
- b. Students who have to register for practicum credits as part of professional licensure requirements and accreditation standards are now unable to complete these practicum classes. NYU shall either compensate the students for these credits or cover any additional charges for retaking these credits in subsequent semesters.
- c. Students unable to complete internships required for program completion must be allowed an extension of their program in order to get the experience they need.

- d. NYU must ensure that no student will have to bear the cost of cancelled conferences or other academic events. Unless the student has been reimbursed by other agencies, NYU must ensure that any expenditure by the student on conference registration, travel, and/or accommodations will be reimbursed.

14. PAY FOR REMOTE LEARNING TRAINING & RESOURCES.

- a. NYU must provide additional training pay to adjuncts, course assistants, graduate student adjuncts, contract faculty and tenure-track professors for time dedicated to adjustment to remote learning practices (e.g. using Zoom).
- b. NYU must provide additional pay for all adjuncts and teaching assistants for extra time worked in adapting course materials or otherwise supporting the transition to remote courses.

15. REIMBURSE ALL TUITION AND FEES.

- a. Education is a public good and should be free. We acknowledge demands already made by students for a partial tuition reimbursement (see the following student petitions: [here](#) and [here](#)), but would like to further call for a complete reimbursement for this semester. NYU must also reimburse students for other fees such as registration and services (e.g. gyms, studios, equipment). Especially considering the loss of income and increased costs of healthcare that families are facing, NYU needs to reimburse students for these fees. NYU has many streams of income that can be used to maintain the university in these exceptional circumstances to ease the burden on students and their families.
 - i. From the students at the Tisch School: While Tisch students recognize that there are requirements within each major and field that require in-person instruction, we feel that the situation in Tisch is particularly urgent. Our professors have been outstanding in their efforts to move our classes online, but our majors require in person instruction and access to facilities like studios. We have already paid for these facilities. Tisch students' petition for tuition refund is [HERE](#).

16. ADOPT A UNIVERSAL PASS MODEL.

- a. NYU must adopt a Universal Pass model, in recognition of the fact that students' ability to demonstrate their learning is compromised by the COVID-19 crisis. Under this model, students would receive a "Pass" on their transcript and credit for all courses in which they are currently enrolled; these would count toward requirements in the same way as a letter grade, including but not limited to requirements for major/program, course distribution, graduation, scholarships, and visas. NYU must attach a letter to all official transcripts explaining the context for the Pass grade.
- b. This option is more equitable than an opt-in Pass/Fail model, which creates a stigma that will fall along socioeconomic lines. When employers or grad schools compare students, students who choose Pass/Fail may be perceived as less deserving. Under opt-in Pass/Fail, students without internet access, stable housing, or food security will either be forced to choose Pass/Fail because of their situation, or will end up draining themselves trying to stay afloat academically. Universal Pass allows students to prioritize wellbeing and health in a difficult and unpredictable moment. In this situation, students, faculty, and administrators all have more pressing concerns than letter grades on a transcript.

- c. No one should fail a course during a global pandemic. The Universal Pass model is the only model that ensures this.
- d. The Universal Pass model is being advocated for by organizations including [First-generation Low-Income Partnership](#) (FLIP) at NYU, [Big Red Pass](#) at Cornell, and [No Fail Yale](#). For more details, read our [FAQ on Universal Pass at NYU](#).

17. ENSURE ACADEMIC ACCESS & COVER TECHNOLOGY COSTS.

- a. NYU must mandate that deadline extensions for course assessments be granted for all COVID-19-related reasons, as well as adjusted deadlines for students in different timezones.
- b. NYU must cover all costs incurred by students and workers to acquire the necessary technology to complete their courses, including but not limited to access to computer hardware and software.
- c. NYU must cover all costs for students and workers to acquire reliable high-speed internet, as this is now required in order to complete assignments remotely. Alternatively, the university should work directly with Internet Service Providers to cover rates for university students and employees in order to increase internet access.
- d. NYU must publicize the availability of chromebooks, laptops, internet and other relevant tech access options for students and workers.

18. ESTABLISH A PANDEMIC AND NATURAL DISASTER RESPONSE PLAN.

- a. These events are no longer uncommon. NYU needs to formulate a contingency plan in the event of a pandemic or natural disaster in consultation with experts, as well as unions and student organizations.

NYU community members and organizations may sign on to these demands and provide comments [here](https://tinyurl.com/CovidPetitionNYU). Share the link (<https://tinyurl.com/CovidPetitionNYU>) and graphic below with all of your network

NYU'S HANDLING OF THE COVID-19 PANDEMIC HAS PUT STUDENTS & WORKERS AT RISK. WE WILL NOT BEAR THE COSTS NOR CAN WE AFFORD TO. OUR DEMANDS:

1. PROTECTION & HAZARD PAY FOR ESSENTIAL WORKERS.
2. ENSURE INDEFINITE PAID SICK LEAVE, PAID FAMILY LEAVE FOR ALL WORKERS.
3. ENSURE ACCESS TO HEALTHCARE.
4. ENSURE CONTINUITY OF PAY & JOB SECURITY FOR ALL WORKERS.
5. COMPENSATE EVICTED RESIDENTIAL ASSISTANTS & RESOURCE CENTER ASSISTANTS.
6. ENSURE EMERGENCY FUND IS ADEQUATELY FUNDED THROUGH UNIVERSITY RESOURCES & DISBURSEMENT IS TRANSPARENT.
7. GUARANTEE HOUSING FOR ALL STUDENTS.
8. REIMBURSE FOR HOUSING, PAY FOR MOVING.
9. PROVIDE SAFE LIVING CONDITIONS FOR ALL STUDENTS & STAFF.
10. SUPPORT & PROTECT INTERNATIONAL & IMMIGRANT STUDENTS & WORKERS.
11. SUPPORT & PROTECT STUDENTS WITH DISABILITIES.
12. ENSURE PAY & RESEARCH FUNDING FOR PRECARIOUS ACADEMIC WORKERS (STOP THE CLOCK).
13. POSTPONE PROGRAM DEADLINES, REIMBURSE COSTS FOR STUDENTS.
14. PAY FOR REMOTE LEARNING TRAINING & RESOURCES.
15. REIMBURSE ALL TUITION & FEES.
16. ADOPT A UNIVERSAL PASS MODEL.
17. ENSURE ACADEMIC ACCESS & COVER TECHNOLOGY COSTS.
18. ESTABLISH A PANDEMIC & NATURAL DISASTER RESPONSE PLAN.
