

SL: This might help

Hi Kevin,

I was looking for a type of Kundalini yoga sub-niche to partner with and I came across your website that should work.

I have picked up a nifty trick that you can use to get more traffic flow toward your “Great Divine Flow Yoga”. It can also boost your “Tower of Light Healing and Cosmic Wisdom” and increase your audience.

I leave an example down below to try out.

Interesting to learn more about this trick, then let's get on a 5-minute Zoom call to discuss it.

Best Regards,

Nicholas
