

**COLEGIO AMERICANO
DE PUERTO VALLARTA, A.C.**
ABRIENDO LAS PUERTAS DEL MUNDO

Trimester 2 Objectives

School Year 2025-2026

Sixth Grade

Teacher: Nikita Theodoridis

Social Studies

The students will continue their studies of the six ancient civilizations: Rome, Egypt, India, China, Mesopotamia, and Greece. The students will study the geography, religion, achievements, politics, economy, and society structure of each civilization and then prepare a presentation on a chosen civilization.

English

In English Language Arts we will be working on the comprehension of historical fiction text through a novel study. The novel we will be reading is 'The Giver' by Lois Lowry and we will be completing activities based on vocabulary, grammar and comprehension.

As students explore good writing in their reading class, they will simultaneously work on research skills. They will learn to ask questions, use appropriate resources, analyze and synthesize ideas and turn them into informative essays.

Students will be learning how to revise and edit their writing to include ideas, voice, correct spelling and grammar, homophones, and irregular verbs.
