IPSWICH AND DISTRICT PROBUS CLUB

In February we were introduced to the world of Anglo-Saxon boat building, as Richard Brice described the work being undertaken to create a replica of the Sutton Hoo vessel discovered in the mounds there with its associated treasure. The work, using green oak, is using only the tools and the materials available at that time, and the intention is that when the boat is completed it will once again sail on the Deben. Current progress can be observed in the long shed next to the Woodbridge Museum on the Quay, its well worth a visit. In April Dr Phil Roberts will be talking to us about Cardinal Wolsey, Ipswich's Greatest Son

We continue our regular lunch meetings on the last Wednesday of each month in the pleasant surroundings of the Masonic Club in Soane Street. We enjoy a three course lunch followed by coffee and our guest speaker.

Why not join us in the bar at midday for a pre- luncheon drink, and conversation ? Lunch costs are very reasonable at £27 which includes a chance to win something in our monthly raffle, and the annual subscription only £25. You will be made very welcome because we are a friendly group of chaps from all walks of life. On the second Wednesday of each month some of us meet at the Westerfield Swan at 11am for a coffee and conversation. You woule be very welcome to come along and get to meet us there in less formal surroundings

You can find much more information on our website at ipswichprobus.org.uk, or by speaking to our secretary Malcolm on Ipswich 289595 or Chairman, Chris Yule on 310992
