

Marsala sitting in a world of deceit.....

Don't be disappointed if
people refuse to help you.
Remember the words of
Einstein:

" I am thankful to all those
who said NO. Because of them,
I did it myself. "

Mr. Marsala appears to be paying off his debt to society working with law enforcement to censor any investigation of LLDM to preserve DHS grant money while never solving the problem - at the expense of victims....claiming to be “watching” Mr. Ogle, telling him to “look around him” while discussing LLDM investigation. and I taught him everything he knew when he worked at my law office. Now, Benedict Arnold’s protege and State Bar problems for being dishonest leading to “cooperation” with law enforcement. My opinion: He’s on the autobahn to hell as he doesn’t believe in consequences - despite being sanctioned. Karma is right around the corner. He’ll learn one day that God is on our side. It’s just going to take a while. Dealing with the devil has consequences he isn’t even aware of yet. Too bad he doesn’t believe in God.
