CSI Basics

CSI was founded in 1976 and is the only public four-year institution of higher learning on Staten Island. CSI grants Associates, Bachelors, Masters, and Doctoral degrees and participates in the GC PhD programs in Biology, Chemistry, Computer Science, and Physics.

SI is located in Staten Island just off the Staten Island Expressway. Multiple bus lines serving Manhattan, Brooklyn, and Staten Island take you directly to campus.

Important buildings at CSI
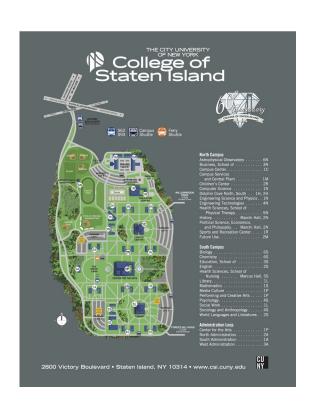

The Administration Loop (1A, 1P, 2A, 3A)
- All administrative needs for the campus

CSI Library (1L)
- Library collection and reference support, group study, computer lab, laptop loans and more

Campus Center (1C)
- Social space, student organization offices, lounges

Around Campus

Where to eat: CSI Department of Dining Services offers cafeteria style and a la carte options across campus. The Campus Center Cafeteria and the Park Cafe are in Building 1C, Campus Center. Dolphin Cafe is in the Administration Center, and Bits and Bytes Cafe is in the Library. Recently, CSI Auxiliary Services coordinated the presence of a Halal Food Truck on campus Monday-Friday, located by building 2N and 3N.

Accessibility Tips: CSI is fully ADA compliant and the Center for Student Accessibility (Building 1P) offers resources for both students and faculty as well as a guide to campus accessibility.

CSI Resources

The Library offers a variety of resources for faculty including class visits from librarians to help guide your students through the research process.

Illumira is a state-of-the-art digital media repository service for streaming and preservation of academic and research media for higher education. By providing cost effective media streaming and repository services, Illumira enables institutions to overcome the technical barriers in digitizing and making media available to users through a secure portal.

The Faculty Center for Professional Development supports all faculty in all facets of their position, including teaching, research, scholarship, and professional development.

Writing Across Curriculum/ Writing Across Disciplines department offers writing support for faculty and students.

Technology Help Desk is the first line of support for all computer and software related issues. They also offer support and training for students, faculty, and classes.

The Office of Academic Support is dedicated to enhancing student success by offering free comprehensive academic assistance to all CSI students. OAS fulfills this mission through a variety of initiatives and learning modalities: classroom, online and supplemental instruction, workshops and multidisciplinary tutoring.

Campus Culture

CSI encourages an active student life, with over fifty clubs and a variety of intercollegiate and intramural athletic teams. They also offer residence housing and regularly facilitate volunteer opportunities for students.
