

### **Vitani's Ancestor: Victrea Nautyx (The Mad Warrior)**

**Appearance:** Looks like Vitani, except stands at 6'0", scar running just below her eyes, across her nose. Hair kept short, no further down than her shoulders. She is, at the point we enter on her story, nearly 30 sweeps old. Wears black Hakama, grey backless top. No strife specibus equipped, wears three katanas at her hip, and always wears the gloves.

**Motivation (2+):** Make the future safer for all Mutant-blooded trolls because twin was culled by a culling drone.

**Current goal:** Take out the Imperial Drone factories on Alternia, making it more difficult to cull by remote.

**How this fits into the larger goal:** With factories destroyed, more expensive to use culling drones, and ship them in from off-world.

### **Plan progression:**

- ☒ Acquire hiding spots all over planet
- ☒ procure weapons by any means necessary
- ☒ Train until proficient with weapons
- ☒ enlist help from lower castes
- ☒ Take out Drone Breeding Factories
- ☒ Eliminate Drones in Drone Nesting Facilities
- ☐ Enlist help from middle castes
- ☐ Befriend legislacerator(s)
- ☐ Take on Subjugglators, eliminate their grip over the land, spare those that join
- ☐ Enlist help from higher castes (Landdwellers only)
- ☐ Take on Orphaners, spare any who join the cause
- ☐ Eliminate the Ruler of Alternia and take the throne

**Location:** Hill outside Factory Valley (where Drones are bred)

### **Fighting styles (3+):**

**Drunken Fist Open Palm:** gloves with metal fingernails on her hand are used while using the style of the Drunken Fist, metal nails are used to tear opponents to shreds.

**San Ken'nomai (3-sword dance):** Uses three swords in different styles to eliminate threats. Can be used offensively or defensively. Includes Ni Ken'nomai (two-sword dance) and Ichi Ken'nomai (one-sword dance) styles.

### **Quadrant Progression:**

Matesprit: None  
Moirail: None  
Kissmeisis: Orphaner Mauler  
Auspistice: None

### **Relations:**

Orphaner Mauler: Kissmeisis  
Legislacerator D'voire Aegis: Hunting down Victrea, potential ally, redrom possibility

Rygbar Ivnasi: Yellow-blooded ally, deceased  
The Ringleader: Enemy  
Orphaner Depthcharge: Potential ally, redrom possibility

**Non-combat skill (4+): Read like a Book:** Able to read an individual's body language to analyze biggest strength and weakness, next three moves of theirs.

**Incompetent (6+): Resist taunt:** If vocally taunted, becomes enraged and immediately enters combat (if roll fails.)

**Planned Timeline for Ancestor (Planwise):**

- [x] Acquire hiding spots all over planet (15 sweeps)
- [x] procure weapons by any means necessary (20 Sweeps)
- [x] Train until proficient with weapons (proficiency attained at 28 sweeps in San Ken'nomai)
  - [x] enlist help from lower castes (29 sweeps)
  - [x] Take out Drone Breeding Factories (30 sweeps)
  - [x] Eliminate Drones in Drone Nesting Facilities (30 Sweeps)
  - [x] Enlist help from middle castes (35 Sweeps)
  - [x] Befriend legislacerator(s) (35 Sweeps)
- [ ] Take on Subjugglators, eliminate their grip over the land, spare those that join (Death at 45 Sweeps, culled in 3rd attempt, failed)
  - [ ] Enlist help from higher castes (Landdwellers only) (Failed)
  - [ ] Take on Orphaners, spare any who join the cause (Failed)
  - [ ] Eliminate the Ruler of Alternia and take the throne (Failed)
