

ERASMUS+ PARTNER IDENTIFICATION FORM

A. PARTNER ORGANISATION	
OID	E10347757
Full legal name	Fundacja “Leonarda”
Acronym	n/a
Address (Street and number)	ul. Piotra Wysockiego 4/10
Country	Poland
Region	Województwo mazowieckie
Postcode	03-369
City	Warsaw
Website	n/a
Email: fundacja@vinci.fm Telephone +48 504 011 599	
B. PROFILE	
Type of organisation	Foundation/NGO
Is the partner organisation a public body?	No
Is the partner organisation a non-profit?	Yes
C. ACCREDITATION	
Has the organisation received any type of accreditation before submitting this application?	No
Has the organisation	We applied but have not received.

received/applied for any EU grants?	
D. BACKGROUND AND EXPERIENCE	
Please briefly present the partner organisation.	The Fundacja “Leonarda” started its activities in 2023. Its founders - Marlena Jaszczak (psychologist, sex educator and trainer) and Grzegorz Pruszek (teacher, educator and trainer), working together at Vinci - School of Creative Learning (Vinci - Szkoła Twórczej Nauki) and privately friends for more than 20 years, decided to combine their knowledge and experience in organising activities and actions for the benefit of young people. The focus of the Fundacja “Leonarda” is to support and initiate the development of sport, culture, education, art, science, new technologies, medicine and physiotherapy and to promote mental and physical well-being comprehensively. This includes local, regional, national and international activities to improve access to sound and tailored education for young people, delivered through non-formal education methods. Activities at international level were initiated by Marlena Jaszczak, a participant in numerous projects organised and co-financed under the Erasmus+ programme, through which she gained extensive knowledge and experience, which she now wishes to share with young people from all over Europe and beyond. Other aims of the Fundacja “Leonarda”: • To promote the protection of health in all its aspects, according to the WHO definition, i.e. "Health is not only the total absence of disease or infirmity, but also a state of complete physical, mental and social well-being (well-being)." • To undertake and develop educational, cultural, welfare and physical culture and sports initiatives and rehabilitation, including for people with disabilities. • To promote the education and vocational activation of disadvantaged people in life, including people with disabilities. • Dissemination of ecological, pro-health and pro-European knowledge.
What are the activities	While the Fundacja “Leonarda” is a relatively new organisation, it has

and experiences of the organisation?	successfully conducted local workshops promoting a sustainable and environmentally friendly diet through its EcoSmaki project, which was co-financed by the WWF. Moreover, the foundation has played a crucial role in facilitating gatherings for young women. These events provided a platform for participants to enhance their understanding of sexual health, foster connections with fellow women, and express themselves artistically. This initiative was made possible with the invaluable support of Isia Zarzycka, an experienced art education trainer. This year, we are implementing several Erasmus+ projects that focus on the following topics: empathy, mental health, soft skills, and graphic facilitation.
What are the skills and expertise of key staff involved in this foundation?	Marlena Jaszczak - a graduate of Psychology and Practical Sexology at SWPS University and Gender Studies at IBL PAN, Summer Institute on Sexuality, Culture and Society at the University of Amsterdam, undergoing Pink Therapy Diploma in Gender, Sex and Relationship Diversity Therapy (based in the United Kingdom). She is in addition an activist who creates free sex education materials and shares them via her social media profile (@intymistka), organises workshops, gives lectures and has her own psychosociological practice for couples and individuals. Marlena Jaszczak is also an educational game designer and trainer (including effective learning) with 8 years of experience. She has been strongly involved in the Erasmus+ programme - both as a participant in youth exchanges, training courses or seminars and as a facilitator or trainer leading particular sessions. In January 2023, she participated in the Facilitation 4 Future training course on facilitation of activities organised under the Erasmus+ program hosted by Culture Clash4U. In July 2023, she participated in the Let's continue talking about sex training course hosted by Brisa Intercultural, during which she led a session on Consent in Sex, which inspired Hungarian participants to lead workshops on the same topic and using the exercises she presented, for their local communities. In August 2023, she participated in the "Go graphic!" course on graphic facilitation hosted by CEFIG International. The proposal for this training course is the result of combining all the experiences she has gathered participating in various projects organised

	within the framework of the Erasmus+ program. She speaks Polish, English, Spanish and Italian - which can be an advantage when communicating with participants coming from those countries. Grzegorz Pruszek – as a young boy he was in love with nature and teaching. As an adult he was a teacher (biology and geography) in public schools in Warsaw (Poland). Since 2010 he is a principal of Vinci - Szkoła Twórczej Nauki. He was a teacher for more than 45000 people from 3 to 80 years old. He is also an author of schoolbooks and other materials for students and teachers (geography and biology) for Wydawnictwo MAC.
E. FIRST LEGAL REPRESENTATIVE AND PERSON RESPONSIBLE	
Gender	Female
First Name	Marlena
Family Name	Jaszczak
Position	Co-founder
Email	fundacja@vinci.fm
