“Let’s remember, when Hitler won his election in 1932 his policy then was that Jews should be moved to Israel. He was supporting Zionism before he went mad and ended up killing six million Jews. There has been a very well-orchestrated campaign by the Israel lobby to smear anybody who criticises Israeli policy as anti-Semitic. I had to put up with 35 years of this, being denounced because back in 1981 we were campaigning to say the Labour Party should recognise the Palestine Liberation Organisation.”

“Some of these people in the Jewish community support Trump...they are Trump fanatics and all the rest of it... So I am not going to be lectured to by Trump fanatics making up duff information with no evidence at all. So I think we should ask the 70 rabbis where is your evidence of severe and widespread antisemitism in this party? Let me ask you a question, how many people in this room have seen antisemitism in the Labour Party? Put your hands up, one two, you’ve had antisemitism in the Labour Party? I’m amazed. I’ve certainly never seen it.”

Pete Willsman to the Labour Party NEC, 2018, in a recording published by the *Jewish Chronicle*
