

What does a supportive relationship look like between an adult and a teen?

In the dance of life, a bond so sweet,
Between adult and teen, a rhythm discreet.
Open hearts, a canvas to share,
Communication blooms, a garden rare.
Trust, the cornerstone, firmly laid,
Respecting boundaries in the sunlight's braid.
Listening, a melody in the air,
Guidance whispers, a compass fair.
Not control, but a gentle steer,
Empowering growth, removing fear.
A tapestry woven, colors unseen,
Supportive love, forever serene.
