

August 12, 2021

Dear Parent/Guardian,

I am very excited for the opportunity to work with you and your student this school year. I look forward to teaching PDP Civics / AP US Government this year, because I believe that a civic education is vital to a lively social discourse and a healthy nation. It is my sincerest hope that throughout our time together, your student learns about how our government functions, why it was designed to function the way it does, and how citizens can impact the government.

Please review the course syllabus with your student and sign below indicating that you are aware of classroom policies and procedures and the high academic expectations that come with an AP course.

I am asking that each student purchase an AMSCO AP U.S. Government by David Wolford 2nd Edition 2019 textbook/review book as soon as possible. In 2018

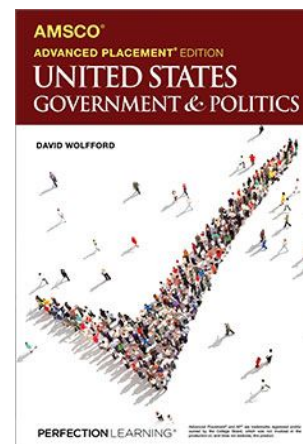

Collegeboard updated the curriculum for AP Gov. For that reason, this text will serve as our main reading throughout the year as well as provide the student with a practice AP Exam, sample questions, test tips, & primary source documents. The text is currently available from Amazon for around \$25. If you need assistance in purchasing the text, please let me know! This was the same book that I used last year for this course so if you know someone who took it last year, you may be able to purchase it from them. I have some from last year available on a first come first serve basis at the beginning of the year. There is a **3rd Edition** that has just come out for 2021 and you may purchase it

brand new from PerfectionLearning.com if you wish. It looks like the picture to the right.

I look forward to getting to know you throughout this school year. Should you have any questions, please email me at your convenience.

Thank you & Go Tors!

Caleb Clark
