What is THC-a?

THC-a (tetrahydrocannabinolic acid) is the raw, unheated form of THC found in fresh cannabis. Unlike THC, THC-a is non-psychoactive, making it an ideal choice for those who want the potential therapeutic benefits of cannabis without experiencing intoxication. Research suggests that THC-a products may help with inflammation, pain relief, and overall wellness, making them

a popular option for health-conscious individuals.

Benefits of Coastal Green Wellness' THC-a Products

At Coastal Green Wellness, the focus is on delivering high-quality, effective THC-a products. Customers can explore a range of offerings, including oils, tinctures, and capsules, all designed to promote a healthy lifestyle. Each product undergoes rigorous testing to ensure it meets the highest industry standards, giving customers peace of mind as they incorporate THC-a into their daily routines.

The non-psychoactive properties of THC-a products make them perfect for use during the day, allowing customers to stay clear-headed while addressing their health concerns. Whether you're managing stress, inflammation, or seeking general wellness support, Coastal Green Wellness' products are crafted to deliver optimal results.
