In this section, we ask you to choose your second semester university. However, before you make a choice, there are some things you should remember:

1. While all efforts will be made to accommodate your preference, the final decision regarding second semester placement will be made by the APMA program committee. Once a decision has been made, you will be required to comply with this decision.
2. Visa processing and other associated fees to partner universities are shouldered by the student.
3. Although you will spend your second semester at the partner university, this does not necessarily mean you have to conduct your research there.
4. For citizens of Indonesia, Nepal, the Philippines, and Sri Lanka, it would be preferable that you not choose your own country as your first and second choice.

Please rank your preferred university, with 1 being your first choice and 4 being your last choice:
