

Bear Creek and Montage Family Friendly Weekend

Here's a few lodging options that might work. I don't have any input on how good these places are, but you can check them out. Prices are from Hotels.com as of 12/30/23. Reminder: We will be at Montage for our awards party and hang out Saturday afternoon after the races! You will definitely want to stick around. Bear Creek is then 1.5 hours from Montage so you could choose to stay around Montage after the party, head down to Bear Creek or somewhere in the middle.

There are 6 hotels at the base of the entrance road to Montage Mountain, less than 2 miles to the parking lots. Priced from \$115 to \$175 per night.

Wilkes Barre is the closest town/city to Montage. About 12 miles. There are a few more options over there, some under \$100. They have your normal Hampton Inn, Fairfield Inn, etc for a little cheaper too when it is not so close to the mountain. Price gouging at its finest! Here are two of the cheaper ones.
