

Steps to Install Kaltura CaptureSpace Desktop Recorder

(As of 5/13/2019, our new program is called [Kaltura Capture](#))

If your computer is Windows 8, then you need to install the following software package:

1. Launch **Software Center** (from Desktop)
2. Search for **NETFramework**
3. Click on **NETFramework4.6**
4. Click on **Install**
5. This takes about **9 minutes** while connected to Ethernet (17 minutes for wireless connection)
6. You will need to **Restart** your computer to use the application

Install Kaltura CaptureSpace
