

What Moves You? Criterion C.1 - Creating Summative

The 3B's Animation Performance Task

Introduction

Mr. Lane is looking for different ways to review the 3B's (Be Safe, Be Respectful & Be Responsible) through the **Marauder News Network** broadcasts. He has requested that you help him out by **selecting one of the 3B's and create an animation that provides an example of what it means** in a way that would be **helpful to students**. He has also requested that **you include a title (this will introduce the 3B example you have selected), at least one background, animation of character(s), and dialogue or thought bubbles to convey your understanding** of the 3B chosen. The animation you create needs to be long enough to clearly provide an example of the 3B you have chosen. **You may add background music as desired to enhance the animation.** Mr. Lane would like this **completed by ????** so he can begin selecting animations for use this year.

To help you stay on track to completion the following suggested schedule should be followed:

- Day 1 - Introduction and begin research into 3B's
 - Set up portfolio
 - [Research possible animation topics to complete](#)
 - Write [Artistic Intention](#)
 - PLEASE USE THE DOCUMENT FOUND IN GOOGLE CLASSROOM
 - Day 2 - Brainstorm and storyboard ideas on how you will tell your story
 - Storyboard ideas as needed
 - Begin using Paint to create a background
 - Day 3 - **Finish creating background for your animation**
 - Day 4 - Create any sprites (text, speech bubbles, thought clouds, etc) to help your animation
 - Day 5 - Finish creating sprites to help your animation
 - Begin animating in Pivot
 - Day 6 & 7 - Continue animating in Pivot
 - Day 8 - [Finish animation](#)
 - Use WeVideo to add title, sound, etc as needed
 - Finish animation & Insert animation into portfolio
 - **PUBLISH**
-

You should begin by reviewing the [**3B's: Be Safe, Be Respectful & Be Responsible**](#) . You have been provided some resources but you should use Google and YouTube to provide yourself additional information and ideas.

Feel free to also use any of the formatives you have already completed and/or your portfolio for additional inspiration.
