

# Global Enterprises and Elite Solutions Merge as Global Elite Solutions Inc.

Seattle, WA - February 20th, 2023 — Today, Global Enterprises Inc. and Elite Solutions Corp., two of the world's premier technology and consulting companies, announced their merger to form Global Elite Solutions Inc., a comprehensive technology and consulting powerhouse that will offer a full range of services across multiple industries around the world.

Global Enterprises Inc. is an industry-leading provider of digital transformation solutions, with expertise in cloud computing, cybersecurity, data analytics, artificial intelligence (AI), machine learning (ML), natural language processing (NLP), and more. The company has offices throughout North America and Europe, as well as a rapidly growing presence in Asia.

Elite Solutions Corp., on the other hand, is one of the largest enterprise consulting firms in the world with a focus on helping businesses plan for long-term growth through innovative strategies for process improvement and organizational change management. The company has operations in major cities across North America and Europe, as well as strong partnerships throughout Latin America and Africa.

The merger of Global Enterprises Inc. and Elite Solutions Corp will create a unified global technology leader capable of providing end-to-end solutions to organizations worldwide. Global Elite Solutions will offer state-of-the-art digital transformation solutions that cover every aspect of the customer journey – from strategy development to implementation – while leveraging next-generation technologies like AI, ML, and NLP to maximize efficiency gains across all stages of operations.

The combined forces of both companies bring together some of the most advanced minds in the fields of technology and consulting who are passionate about combining their talents to deliver results that exceed expectations for customers around the globe.

"We are thrilled about this partnership between two of the world's leading tech innovators," said Robert Wilson, CEO & Chairman at Global Elite Solutions Inc., "By combining our skillsets, we can create an unbeatable combination capable of delivering unprecedented levels of value for customers worldwide."

Global Elite Solutions will focus on providing digital transformation solutions designed specifically for small businesses and large enterprises looking to improve operational efficiency while reducing costs associated with legacy systems investments. The company also plans on investing heavily into research & development efforts focused on emerging technologies.

In addition to its core offering, the newly formed entity will be actively pursuing strategic acquisitions within related industries over the coming months & years. This expansionary approach is part of an aggressive growth strategy to become one of the foremost names in technology & consulting within 5 years.
