Casa Bonita Speedrun Guide
Any Difficulty

For an optimal time, you need the following:

- Hero Rank 15
- Timefart summon
- Fanatic Visage (From the quest in the police station to put Mr. Adams's headshot everywhere)
- Tantalum Accelerator +4 x2 (crafted @ level 20)
- Tachyon Matrix +3 (Ubisoft reward)
- Crystal Capacitor +3 (Ubisoft reward)
- Hidden Blade +3 (Ubisoft reward)
- Elven Relic (Automatic from fight against past selves)
- Girding Chain +4 (crafted, 40 Might)
- Pride of Nippopolis (shelf in Kyle's parents' room)
- Ebony Volumizer (Get from Morgan Freeman as a black character. Talk to PC Principal to change skin color if needed)
- Ungodly Strength DNA (automatic from Shub)

Ideally make a separate save where you sell all other artifacts to condense menuing

Initial Setup

You want to start with the following gear:

- Fanatic Visage
- Any 100 Might epic artifact that's not from DLC (doesn't matter which)
- Tantalum Accelerator +4 x2
- Elven Relic
- Crystal Capacitor +3
- Hidden Blade +3
- Tachyon Matrix +3
- Ungodly Strength DNA

Make sure Tachyon Matrix is in the top-left. You will swap out all other minor artifacts on the final fight

Skills are irrelevant for now, they will get changed in the tutorial
Turn on Minigame Assist and Combat Assist

- Minigame Assist will get turned off later, so make sure it's re-enabled when you start a new run

Make sure to show difficulty before starting for verification purposes

Timefart Summon on the first enemy turn after Henrietta
Note: There is a chance she will move down 1 space. If that happens, cry because it's pure timeloss and a reset for WR attempts
Maybe waiting for her attack icon to appear will help, I have no idea what's the exact cause and whether it's consistent or not

Past New Kid	Move between the two vamp kids
	Double Edge
	Ghastly Grasp x2
Mysterion	Move all the way up
	S3 the vamp kid on top

Ghastly Grasp -> Heat Wave (Blaster)
Dire Shroud -> Fatal Attraction (Cyborg)

Swap Gear
Elven Relic -> Pride of Nippopolis
Crystal Capacitor -> Ebony Volumizer
Hidden Blade -> Girding Chains +4

Do the water level

For Corey Haim, if you did the water level first try, New Kid will start first
If you failed the water level, or you made a mistake and had to retry the fight, you will get the bad turn order for 2 fights, so retry the fight twice
