Description:

International Ariane project involves twenty countries in Europe . The aim of "Ariane 2024-2025" eTwinning project is to enable pupils to meet partners who will be able to present:

- One of the towns in their country actively involved in Ariane project
- The part of the rocket developed by their country

For those who would like to participate in the etwinning project but whose country is not on the list, you can still participate by tandem with one of the countries on the list with which you share a border :)
