

To whom it May concern:

I am happy to recommend Mr. Mustafa Jaber for the Turkish Scholarship. I have been a teacher of French for Mustafa's students, and a debate team coach at S.F.C High School in Riyadh, for the past three years, and I know he is an outstanding, well-suited candidate for the terms of your scholarship for the students your institution supports with the scholarship.

Throughout my career, I have met thousands of students, Mustafa has always been the subject of admiration and admiration for the school's faculty. In his French class, he regularly leads class discussions and writes in a way that is distinct and different from the usual method most students are familiar with.

I can say without a doubt that he is among the best students I have had the pleasure of teaching in my 15 years as a teacher.

Mustafa Jaber is also the school team leader for the capital's schools, he has always been doing his best to help his new classmates improve. For example, in preparation for a recent debate tournament in the capital's schools, he spent several hours working with one student who was new to the team, the new student experiencing stage fright. Although Mustafa did not perform as well as he would have liked in that tournament, he still takes great pride in seeing how much his teammate has improved in just such a short time.

This willingness to help others is also reflected in Mustafa's community service work - something I know your organization and the Turkish scholarship greatly values. Outside of school, Mustafa is actively involved in teaching French as a second language learners at a local community center. Although I am not at the center, it is easy for me to imagine how these students feel fortunate to have a teacher like Mustafa. His work ethic and dedication to helping people improve are impeccable.

I have complete confidence that Mustafa will continue to do great things next year when he begins his undergraduate studies at the University of (...). I am also confident that the Turkish Scholarship Foundation will subject applicants to the scholarship, to many criteria and conditions, so Mustafa will be lucky to accept you, and your award.

For these reasons, I have never hesitated to write this recommendation to my student, Mustafa Jaber.

If you have any questions. I am very happy to provide more information on why Mustafa is a deserving candidate for the Turkish scholarship.

Please do not hesitate to contact the institution's number and number (...) and you can also contact me at (...) or through the email attached to the institution and to me.

sincerely,
