

June 2025

Dear Parents and Guardians,

As we prepare for a successful school year ahead, we want to ensure that every student has the tools and materials they need to fully participate in classroom learning. In addition to the \$50.00 school fee, which covers shared instructional resources (like workbooks), technology subscriptions, and enrichment activities, it is our expectation that families purchase individual school supplies for their student(s) based on the grade-level supply list.

To make this process easier for families, we have partnered with Yubbler, an online school supply service that allows you to order your child's supplies and have them delivered directly to the school or your home. Families are also welcome to purchase supplies at the store of their choice. However, we kindly ask that you stick to the recommended quantities and brands listed, as they have been selected to support consistency and quality in the classroom.

Grade-level supply lists are available on our school website and will also be sent home in print. Please keep in mind that some items, such as notebooks, crayons, glue, and dry erase markers, are consumables and may need to be replenished throughout the year. Your child's teacher will notify you when supplies will be collected and once supplies need to be replenished.

If you have any questions or concerns about purchasing supplies or school fees, please don't hesitate to reach out. We're here to support all families and can work with you if assistance is needed.

Thank you for your continued partnership and support. Together, we can ensure that every child starts the year prepared and ready to learn.

Thank you,

4th Grade Level Team
