Good Friday and Easter make all the difference in the lives of those who are weighed down by hopelessness, futility, despair and grief. It shows us that *nothing* happens that God cannot completely reverse and bring about a miracle. That first Good Friday may have looked like the darkest day in history; Jesus' disciples were shattered, all hell must have been celebrating. But Friday was *not* the end. Sunday was coming! Suddenly it seemed that from that first Easter *nothing* would ever be the same again. That first Easter Sunday would forever remind us that not only was death and Satan an overthrown enemy, but it was the beginning of a *New Creation*. God had begun doing something NEW – and it began on Easter.

Thus Bill Gaither could pen those beautiful words of the song "Because He Lives":

Because He lives, I can face tomorrow,

Because He lives, all fear is gone,

Because I know He holds the future,

And life is worth the living,

Just because He lives!

Is your life worth living because the resurrected Jesus lives – in you? As we approach Good Friday may we prepare for what Jesus did for each of us on the Cross – and subsequently the victory He has won for us!

With prayers and blessings
