

Language Arts

Ms. Crego, Ms. Mitchell & Ms. Oliver-

We will continue working on our Guided Inquiry research project over Social Justice. Students will begin working on their final project and begin researching the topic they chose related to Social Justice. Students will receive grades based on journal entries and progress checks along the way. Students will have a choice of how they want to present the information they have researched. The final project will be a quiz grade.

If you have any questions, please feel free to contact Ms. Crego at pilarw@norman.k12.ok.us, Ms. Mitchell at amitchell@norman.k12.ok.us, or Ms. Oliver at joliver@norman.k12.ok.us

Math

Ms. Barker and Ms. Root- 7th Grade Math: We are going to review our equations unit on Monday and Tuesday. We will take the test on Wednesday and then move on to our graphing unit.

Pre-Algebra: We are going to be going over how to write an equation of a line using the slope and y-intercept. We will also work on identifying the different forms of equations. We will take a couple of quizzes during the week.

Mr. McCabe- We have gotten into the swing of things here after the long break. We are going to be wrapping up our unit on equations. We will have a quiz over solving and graphing adding and subtracting inequalities on Monday. We will finish out the week by learning how to solve and graph multiplication and division inequalities with integers.

Science

Ms. Brickell and Ms. Vaughn will continue to work on the weather unit. Main points will be covering air pressure and the different layers of the atmosphere. We will be completing several labs this week.

Social Studies

Mr. Butler- We will continue exploring Europe, but will shift our focus on West-Central countries (France, Germany, etc.).

Mr. Chesley- We will look at the history of Europe a little, and will explore the differences between Eastern and Western Europe.

Mr. Schindler- We will begin looking at the culture and governments within Europe.
