Who are we?

The Crawford High School Charger Band and Guard is a place where students enjoy community and friendship while working together as one to create performance experiences that inspire and entertain audiences far and wide! Through the mediums of music and visually artistic expression, we equip our students with valuable life skills that will prepare them for a future greater than they can imagine!

What do we do and what is our mission?

The mission of the Crawford Band and Guard is to achieve the highest standards of music education while promoting excellence through artistic performance. We believe in the value of music in our community and the significant role it plays in the cultural, intellectual, and social lives of children. We inspire leaders, build comradery, and promote lifelong skills through participation in band. Finally, we believe that the musical arts are a core foundation to education and must be available to all students.

Why do we seek funding?

As a brand-new organization and school, we have set our sights on reaching the highest possible goals through musical and performative excellence. Our ambitions consist of traveling and performing locally, statewide and even nationally! With the support of local businesses, both small and large, we believe we can attain tremendous success that will forever enrich the lives of our students!
