**MAKE SURE TO READ THIS ALL THE WAY THROUGH, I WILL NOT
TAKE YOUR COMMISSION IF YOU DON'T READ IT ALL.**

First of all, know my boundaries and abilities.

- Complicated designs
- Complicated backgrounds (Like cities/towns and a lot of detail, feel free to ask !)
- Mechas/Armor
- Extreme realism
- Hate art (queerphobia, racism, nazi simbols, slurs)
- Political art (I don't wanna draw anything for IRL government party)

- NFTS, WON'T WORK FOR ANY NTF COMPANY OR SHIT LIKE THAT.

I WILL draw:

- Humanoids.
- Furry/Feral/Monsters
- Ship art / Self-Insert (no proship)
- OC's (from any fandom, if I blacklist a fandom, it will appear in this doc!)
- Real people (No minors)
- Medium complicated backgrounds. (Like nature scenarios, rooms with not too much detail.

How to order

Do not pay until I've said **yes** to your commission. If you do, I will not take your commission and will refund you.

We are going to need a communication method. I need to know where to deliver to you the completed piece and if we need to discuss an established deadline. This is also needed if you want to check up on your piece and/or change it!

DM through Discord (hyper-cryptic #5098), Tumblr ([@hyper-cryptic](#)), Bluesky ([@hyper-cryptic.bsky.social](#)) or if you're on Toyhouse ([@HyperVoid](#)) send me a PM!

- **Art style:**

I have many art styles. If you find one piece that led you to commission me, please show it to me so I can see what you are looking for and also tell me exactly how you envision your piece! So far, the art style you pick will not affect the prize, this might change later on.

- **Prices:**

When you are asking for commissions, I want you to tell me the type you've picked. Be sure of what you want before you make the commission, make it easier for you and I!

Please do your own math and I will do mine!

- **Appropriate and clear reference sheet:**

First things first, you gotta give me the reference of your character, the description of the scene and background you give me the design of your

character, please grab the best reference you can! One that has ALL the details of your design. And all the colors, even the insides!! Also keep it SFW! And if it has any nudity please censor it!

For real people/animals, please make your pictures as clear as you can (especially for pets! Many angles needed for them!) or describe details that I would normally not know. Also give me an outfit that you like or use a lot!

For backgrounds, take screenshots, grab or take pictures and show them to me! Especially for scenes!

For emotes, please tell me the exact size you need them in!

- **Extra characters**

The character limit is 6 so far.

- **Personality:**

What's the vibe of your character? What do they like? In this specific scenario how do you think they would feel? This is important since I can portray the idea better if I know the character better!

WHAT YOU CAN AND CAN'T DO WITH MY ART/DESIGNS:

- You can't use my art/designs for commercial purposes. They're for personal use only.
- **DO NOT, AND I REPEAT, DO NOT USE MY ART FOR NFTS.**
- You can't claim it as your own.
- You can't use it on hate posts or anything of the sort.
- You can post it, but you are only allowed to use the signed version of it AND add credits (If you are posting it in a social media site I'm not in, just link the social media you know me from to your post!)
- You can use it as your icon/header for your social media, again, with credits.
- Emotes can be used in Twitch, Discord, Whatsapp (since these are the only social media sites I know use emotes).
- If I consider that you should no longer be able to use the art, I can revoke your rights to use it on social media. Do not get on my nerves or violate any of the above, I don't want any trouble

FOR ADOPTS

- Adopts are able to be resold. Once it's yours you may up the price or lower it as much as you want.
- If you do resell the adopt, you must link my social of your preference as the "original creator" or "designer".
- I extremely discourage use of my adopts in any type of harassment or disgusting behavior (ex. it being used for pro-ship stuff).
- You don't need to add credits on every instance you introduce them, but make sure to acknowledge that it is an adopt.
- You can do anything you want with them that's not in the list of stuff you can't do, so have fun.

What to expect from my work?

- Sadly, I am very slow when it comes to this kind of stuff. If you establish a deadline (ONLY IF NECESSARY, LIKE A BIRTHDAY OR VIDEO) I will get it on time, but the deadline can only be 1 week minimum! If a deadline is NOT established, expect it to be done (depending on the quality of the piece) in the span of 2 months. If any changes to the time span that is expected, I will inform you.
- You are allowed to check up on your piece whenever you want!
- I will send you two versions of the piece, one with my sign and other without it, you CANNOT post the signless piece anywhere! It is restricted for personal use. See up above for more instructions on this.
- When it comes to refunds, there are no refunds. If you don't like

it, you can ask me to change the piece and I will but I can't do refunds. You have 2 days (48 hours) to take it back, I will start to work on the piece after this time period.

FOR ADOPTS

And as always, there's no refunds available! Just change the adopt for another one that you want! (they have to be the same price, or if you want a way pricey one you can pay the extra for it) So if you don't like it, you have a 48h (2 days) period to change it for another adopt.

I will send you two versions of the piece, one with my sign and other without it, you CANNOT post the signless piece anywhere! It is restricted for personal use. See up above for more instructions on this.

More things that might help!

- Render for me is full shading, full lighting and effects! But it is all within the quality (or Render) levels. For example, if you pick a Sketch with the Render add-on, it will be sketchy (or messy!).
- Colored can be various things! From black and white to just a solid color.

*solid color is just one color for the whole character I'm drawing, instead of various that go with the reference. Example:
