

HaloSauna PRO Overview

The HaloSauna™ was the first sauna to offer a synergistic combination of an Infrared Sauna and Salt therapy. We are happy to share that for the first time since its release in 2019, **the HaloSauna is receiving a major upgrade**. In 2025 we are proud to introduce the HaloSauna PRO edition. This new and improved model has some great quality of life improvements including:

- HaloGenerator on the front right side (No need for space on the sides of the unit)
- Keypad inside and outside the unit for easier commercial operation
- 5ghz Wifi/App Control
- LED light strips behind the heater guards on the back and side walls (uplighting)
- Salt Indicator light (small blue LED bulb on the inside and outside when salt generator is running)
- Removable Floor
- Metal Threshold
- Pivot hinges on 1, 2, and 3 person size doors
- 67" Turning Radius for wheelchairs on the 4-person model (larger than the original biggest size)

The HaloSauna PRO was created to engage all 5 senses for a truly transformative experience.

- **Taste** the salty air
- **Smell** the custom-blended essential oils
- **Feel** the warmth of the infrared heat
- **Hear** the guided meditation by KSARA
- **See** the changing lights of Chromotherapy

The Infrared panels heat your body from the inside, expanding your lungs and allowing you to absorb more salt and get a more effective treatment. The sauna is commercial grade and a great addition to any spa business. HaloTherapy Solutions also provides lifetime customer service, staff training, and an extensive customer portal with resources and marketing materials.

4-in one product

- Salt therapy only,
- Heated Salt Therapy,
- Salt Therapy with Far Infrared,

- or just Far Infrared

Additional features:

- Bluetooth audio
- Easy installation in 90-120 minutes
- Lifetime warranty on Halogenerator
- 5-year warranty on sauna cabin and heaters
- Provide multiple wellness modalities in one small footprint
