

World Cup Activities (Travel, Flags, and Soccer)

The fact that so many World Cup fans are discovering the magic of the United States and its people just confirms what I experienced during years of traveling.

The news often makes the world seem darker and more divided than it truly is.

But when you visit another country, meet local people, and experience their culture, you often discover something surprising: most people are remarkably similar.

Here are some teaching resources that celebrate **travel, soccer, and flags**.
