

B-IT Eschool

Overview Documentation

-Dashboard

At the top of the menu of the left sidebar is Dashboard. There are several viewports in the dashboard. We can see the number of students, teachers, and staff at a glance. A summary of the income and expenses is very important for the ERP system. After logging in, a user can see the update for that day.

-Language

B-IT Eschool is delivered to you equipped with different languages: English, Arabic (RTL), etc. You can also add language with your own customization.

-Notification

If administrators or teachers set any task for a student, then it will automatically send notifications to teachers, students (all students or a specific class's students), and parents. Also, you can track sent messages.

-Profile

The user can see their profile and change their existing password. Logout button at the bottom of this profile section.

-Number of

The user can see their students, teachers, parents, and staff.

-Income and Expenses

The user can see the number of income and expenses for the month and also for the year.

-Bottom part of the Dashboard

The user can see the editable notice board, to-do list, and calendar.

Sidebar Manager—The user can change or customize the sidebar as he wishes. And also modify the sidebar so he can delete add a section as per his need.

Administration > Download Center

The screenshot displays the 'Download Center' interface. On the left is a dark sidebar with a logo and a menu. The main area is titled 'Content' and includes a search bar, an 'Add Content' form, and a 'Content List' table.

Sidebar Menu:

- Download Center
 - Content Type
 - Content List
 - Shared Content List
 - Video List
- STUDENT
 - Student Info
 - Behaviour Records
 - Fees
 - HomeWork
 - Library
 - Transport
 - Dormitory
- EXAM
 - Examination
 - Exam Plan
 - Online Exam
- HR
 - Human Resource

Main Content Area:

- Search:** A search bar with a 'SEARCH' button.
- Add Content:** A form with 'CONTENT TYPE' (dropdown), 'YouTube Link' (text input), and 'File' (with a 'BROWSE' button). A note specifies allowed file types: (jpg, png, jpeg, pdf, doc, docx, txt, xls, rar, zip are allowed for upload). A 'SAVE' button is at the bottom.
- Content List:** A table with columns: SL, Document, Content Type, Size, Uploaded By, Created On, and Action. It shows 'No Data Available in Table'.

-Content Type, Content List

The user can add content as a link, video, or any kind of file for any section or class. Also, you can search to find existing files and can download them.

Student > Student Info

The screenshot displays the 'Student Info' interface. On the left is a dark sidebar with a menu. The main area is titled 'Student Category' and includes an 'Add Student Category' form and a 'Student Category List' table.

Sidebar Menu:

- Student Info
- Behaviour Records
- Fees
- HomeWork
- Library
- Transport
- Dormitory

Main Content Area:

- Add Student Category:** A form with 'TYPE' (text input) and a 'SAVE CATEGORY' button.
- Student Category List:** A table with columns: SL, Category, and Actions. It shows 'No Data Available in Table'.

- Student category

This section allows you to manage student categories. You can add, edit, or delete categories based on your institution's requirements.

The screenshot shows a web interface for 'Student Admission'. At the top, there's a navigation bar with 'Dashboard', 'Student Info', and 'Student Admission'. Below this is a header for 'Add Student' with a '+ IMPORT STUDENT' button. The form is organized into tabs: 'PERSONAL INFO' (selected), 'PARENTS & GUARDIAN INFO', 'DOCUMENT INFO', 'PREVIOUS SCHOOL INFORMATION', and 'OTHER INFO'. Below these tabs is a 'CUSTOM FIELD' section with a '✓ SAVE STUDENT' button. The main form area is split into two columns. The left column, titled 'ACADEMIC INFORMATION', contains fields for 'ACADEMIC YEAR' (dropdown with '2025[Jan-Dec]'), 'CLASS' (dropdown with 'Class *'), 'SECTION' (dropdown with 'Section *'), and 'ADMISSION NUMBER' (text input with '1'). The right column, titled 'PERSONAL INFO', contains fields for 'FIRST NAME' and 'LAST NAME' (text inputs), 'GENDER' (dropdown with 'Gender *'), 'DATE OF BIRTH' (calendar icon with '09/24/2025'), 'RELIGION' (text input), and 'CASTE' (text input).

- Add Student

To register a new student, enter the following details:

- Personal Information (Name, date of birth, gender, etc.)
- Parent/Guardian information
- Document information (admission form, ID proof, etc.)
- Previous School information
- Other information
- Custom Fields (additional fields defined by the institution)

SEARCH

- Multi Class Student

This feature is used when a student is enrolled in more than one class or section. For example, a student can attend both a **regular class** and a **special coaching class**. The system allows assigning a student to multiple classes.

- Delete Student

This section allows you to permanently delete a student record from the system. Please use caution, as deleted data can not be recovered.

- Unassigned Student

Students who have been registered but not yet assigned to a class/section are listed here. From this section you can easily assign students to classes.

The screenshot shows the 'Student Attendance' module interface. At the top, there is a breadcrumb trail: 'Dashboard | Student Info | Student Attendance'. Below this, there is a 'Select Criteria' section with three input fields: 'CLASS *' (with a dropdown arrow), 'SECTION *' (with a dropdown arrow), and 'Attendance Date *' (with a date input field showing '09/24/2025' and a calendar icon). To the right of these fields is a purple button labeled '+ IMPORT ATTENDANCE'. Below the input fields is a purple button labeled 'SEARCH'. At the bottom of the page, there is a small copyright notice: 'Copyright © 2024. All rights reserved. | This application is made by aStoraku Inc.'

- Student Attendance

This module helps in recording and managing daily attendance of students. Features include:

- Mark Present, Absent, or Leave for each student.
- View attendance by class/section date.
- Generate attendance reports.

The screenshot shows the 'Student Group' module interface. At the top, there is a breadcrumb trail: 'Dashboard | Student Info | Student Group'. Below this, there is a 'Add Student Group' section with a 'GROUP *' input field and a purple button labeled 'SAVE GROUP'. To the right of this is a 'Student Group List' section with a search bar labeled 'SEARCH' and a table. The table has three columns: 'Group', 'Students', and 'Actions'. The table is currently empty, with the text 'No Data Available in Table' displayed. Below the table, it says 'Showing 0 to 0 of 0 entries' and has navigation arrows. At the bottom of the page, there is a small copyright notice: 'Copyright © 2024. All rights reserved. | This application is made by aStoraku Inc.'

- Student Group

This features allows creating custom groups of students for various purposes such as

- Project groups

- Sports teams
- Activity-based groups

Groups make it easier to manage activities outside the regular class structure.

- Student Promotion

This section is used to promote students from one class to the next at the end of the academic year. You can

- Select the current class
- Choose the new class for promotion
- Promote all or selected students

- Disable Students

This section lists students who are disabled/inactive in the system. Reasons could include transfer, dropout, or suspension. These records are retained for history but not counted in the active reports.

The screenshot shows the 'Subject Wise Attendance' page. At the top, there is a breadcrumb trail: 'Dashboard | Student Info | Subject Wise Attendance'. Below this is a 'Select Criteria' section with four input fields: 'CLASS *' (with a dropdown arrow), 'SECTION *' (with a dropdown arrow), 'SUBJECT *' (with a dropdown arrow), and 'Attendance Date *' (with a date input field showing '09/24/2025' and a calendar icon). A purple 'SEARCH' button with a magnifying glass icon is located to the right of the date field.

- Subject wise attendance

This module allows tracking of attendance for each subject separately. Useful for institutions where subject teachers mark attendance individually. Reports can be generated per subject and per student.

The screenshot shows the 'Student Export' page. At the top, there is a breadcrumb trail: 'Dashboard | Student Info | Student Export'. Below this is a section titled 'All Student Export'. At the bottom of this section are two green buttons: 'EXPORT TO CSV' and 'EXPORT TO PDF'.

- Export Students

This section allows you to export student records into standard formats (Excel, CSV) for reporting or backup purposes.

- SMS Sending time

This section allows you to configure the time for sending SMS notifications to students, parents, or guardians. You can

- Set a specific time for automatic SMS delivery (e.g., attendance alerts, fee reminders, announcements)
- Choose whether SMS should be sent instantly or at a scheduled time.
- Ensure important messages reach recipients at the right time without manual intervention

Student > Fees

The screenshot displays the 'Fees Group' management interface. On the left, the 'Add Fees Group' form includes a 'NAME' field with a red asterisk, a 'DESCRIPTION' field, and a purple 'SAVE' button. On the right, the 'Fees Group List' section has a search bar and a table with columns 'Name', 'Description', and 'Action'. The table currently shows 'No Data Available In Table'. The top navigation bar includes 'Dashboard', 'Fees', and 'Fees Group'.

- Fees group

This section allows you to create and manage fee groups. A fee group is a category under which different types of fees can be organized. You can

- Add a fee group name (Tuition Fees, Transport Fees, Hostel Fees).
- Add a description to provide details or notes about the group.
- Edit or delete an existing fee group as needed.

- Fees invoice

This section allows you to create and manage fee invoices for students. A fee invoice records the payable amount and payment details for each student. You can

- Select the student for whom the invoice is being generated.

- Choose the fee type(s) to be included in the invoice.
- Enter the **Amount, Due Date and Payment** instructions.
- Add a description or notes if required.
- Save **Edit** or **Delete** invoices as needed.

The screenshot displays the 'Bank Payment' section of a software interface. At the top, there is a breadcrumb trail: 'Dashboard | Fees Collection | Bank Payment'. Below this, a 'Select Criteria' section contains four filters: 'DATE RANGE' (set to '09/17/2025 - 09/24/2025'), 'CLASS' (a dropdown menu labeled 'Select Class'), 'SECTION' (a dropdown menu labeled 'Select Section'), and 'STATUS' (a dropdown menu labeled 'Status'). A purple 'SEARCH' button is located to the right of these filters. Below the search criteria, there is a 'Bank Payment List' section. It features a search bar with a magnifying glass icon and the word 'SEARCH'. To the right of the search bar are several icons for table actions: a plus sign, a minus sign, a refresh icon, a print icon, a download icon, and a trash icon. Below these icons is a table with the following headers: '↓ Student Name', '↓ View Transaction', '↓ Date', '↓ Amount', '↓ Note', '↓ File', '↓ Status', and '↓ Actions'. The table body is empty, with the text 'No Data Available In Table' centered below the headers. At the bottom of the interface, it says 'Showing 0 to 0 of 0 entries' and has two arrows for pagination.

- Bank Payment

This section is used to view and manage student payments made through the bank. You can

Select criteria to filter the payment list such as

1. Date range - view payments within a specific period.
2. Class and section - filter payments by student group
3. Status - check whether payments are paid, pending or rejected.

After selecting the criteria , the system will display a detailed payment list showing student name, invoice number, date, amount, note, file, status.

Report > Fees Report

The screenshot shows the 'Wallet Report' page. On the left is a dark sidebar with a logo and a menu. The menu has sections: 'Role & Permission', 'ACCOUNTS' (with 'Wallet', 'Accounts', 'Inventory'), 'FEATURES' (with 'Chat', 'Communicate', 'Style'), and 'REPORT' (with 'Student Report', 'Exam Report', 'Staff Report', 'Fees Report', 'Fees Due Report', 'Fine Report', 'Payment Report'). The 'Fees Report' is selected. The main area has a top bar with a search icon, 'Name/Admission No.', '2025 [Jan-Dec]', 'EN', and a user profile. Below this is a 'Select Criteria' section with 'DATE RANGE' (09/18/2025 - 09/25/2025), 'TYPE' (Select Type*), and 'STATUS' (Select Status). A 'SEARCH' button is on the right. Below is a table with columns: SL, Name, Status, Apply Date, Approve Date. The table is empty with the message 'No Data Available in Table'. At the bottom, it says 'Showing 0 to 0 of 0 entries'.

The screenshot shows the 'Fees Invoice Settings' page. On the left is a dark sidebar with a logo and various menu items. The main area is light gray and titled 'Fees Invoice Settings'. It contains two main sections. The first, 'Invoice Number Generator', has a text input for 'Invoice Number Position*' and a preview box showing 'eSkoolyPro-123-One-A'. The second, 'Invoice Attribute', contains four input fields: 'UNIQUE ID START*' (001), 'PREFIX (MAX 10 CHARACTERS)' (eSkoolyPro), 'CLASS LIMIT' (3), and 'SECTION LIMIT' (1). There is also an 'ADMISSION NO LIMIT' field with the value 3. A purple 'UPDATE' button is located at the bottom right of the 'Invoice Attribute' section.

- Fees invoice settings

The user can generate an invoice number and attribute and also can update the invoices.
