My free client’s prospects to work on their websites for perhaps my first paying project

---

📌 What tasks remain uncompleted📌
Cookies & Privacy content

🪖 What changes do I need to make to my CONQUEST PLAN?🪖
Seems good for now, It will need adaptation once I’m at the next phase, with my first free project is done for my client against a testimonial

🏅 The final assessment of the day's productivity 🏅
Good overall, I would have liked to do more but this cookies & privacy content is burning through my schedule

Freestyle Thoughts:

(Let your thoughts flow here. No judgment, no boundaries.)
