Weekly News

At Delphic School Students and Staff are Safe, Respectful, and Responsible

September 25, 2026

SUPERINTENDENT/PRINCIPAL MESSAGE

Dear Parents and Families,

Annual Fundraiser Dinner

Please join us for our first meeting regarding our annual fundraiser dinner on Friday, October 2nd at 4:30pm in the school office. We hope to see you there!

Fall Pictures

Our fall picture day is October 27th. We are using the same photographer as last year, Taryn Burkleo. An order form will be sent home the week of October 19th. Please fill out and have your student bring the order form and payment (cash or check, written to Photography by Taryn) on the day of pictures.

Attendance

Attendance is one of the most critical features of kids' success in school. If your child has to miss school, please contact the office. Please try to schedule appointments outside of school hours to help support your child's school success.

Delphic App

Please make sure to download the Delphic app. This will be our method of communication for this school year. It can be found by searching "Delphic" in the app store.

Drop-off and Pick-Up

Please do not park in the drop off zone during drop-off and pick-up. If you need to get out of the car, please park across the street in our gravel lot.

For the kids!

Ms. Keeler

Interim Superintendent, Email: skeeler@delphic.k12.ca.us

TK-2 GRADE

- TK-2 spent the beginning of the week learning about plants. We then went on a field trip to Castle Crags where they learned about plants, erosion, and animals. 1st and 2nd graders spent their week learning about "short a" and "long a." TK/K reviewed the letters "c" and "k."
- We also have exciting news: We will be in the new classroom on Monday!
hmcclure@delphic.k12.ca.us

3-5 GRADE

- This week we finished our Unit 1 math and began Unit 2. Third grade is working on multiplication by using arrays. Fourth grade is working on fractions, and fifth grade is moving from the area of a rectangular prism to the area of different shapes and converting fractions into decimals. We are just beginning to learn figurative language and discuss different types of genres in ELA. We will soon start a project covering regions and the Native American tribes within those regions. Your students are also doing a great job learning to organize information and put it into slideshows.
vscott@delphic.k12.ca.us

6-8 GRADE

- This week, seventh and eighth grade students completed their first math books. In art, we continued our autumn leaf pattern art project. In ELA we used rubrics to analyze our summaries and essays and reflect on our progress through the trimester. This week we also began our science curriculum. Next week, students will receive permission waivers on Monday for our upcoming field trip to Big Springs Salmon Days (happening October 21st). Parents are asked to sign the waivers and have students return with them on Tuesday.

(Safe Afterschool For Everyone)

Happy Friday Delphic families! We've had a great week in SAFE. Students have been enthusiastically participating in both Volleyball and Cross Country. Piano lessons will resume in October. Have a great weekend!
-Kelly-
